

Town of  
**GREENFIELD**  
**NEW HAMPSHIRE**

2011  
**ANNUAL**  
**REPORT**

This Town Report is dedicated to the following two residents:

**Debra Davidson, Administrative Assistant**

The 2011 Town Report is dedicated to Debra Davidson for her 14 years of service to the town. Deb came to work here from Temple and after a few years made Greenfield her home. Deb served as the Administrative Assistant to the Board of Selectmen from 1997 to 2011. Thank you so much for your many years of dedicated service to the Town of Greenfield. Your cheerful smile and knowledge of the town will be missed.

We wish you luck in your new endeavor.

**MaryAnn Grant, Volunteer**

The 2011 Town Report is dedicated to MaryAnn Grant for her outstanding devotion to making Greenfield look so nice for many years. MaryAnn stocks our flower beds with flowers, gets hanging plants for the light poles, makes sure they are watered with the help of the GIVers, arranges the flowers at the town line markers, and generally keeps an eye on how things look and what needs to be done to keep it that way. MaryAnn volunteers her time because she loves our town.

Thank you so much for all you do, MaryAnn.

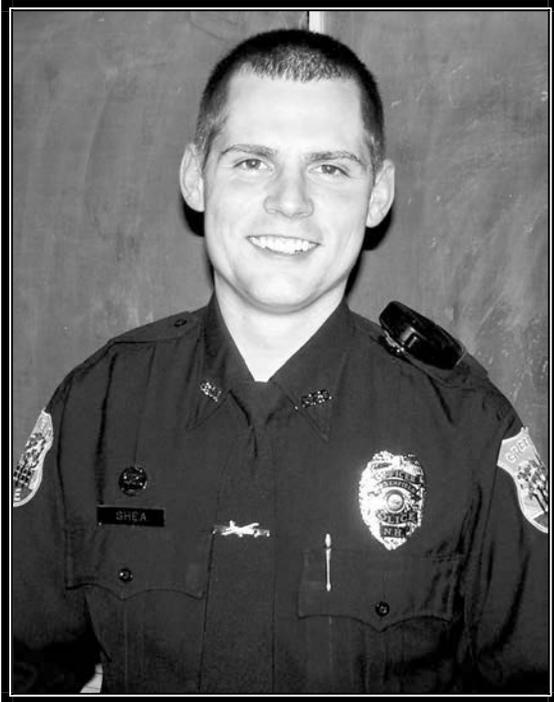

\*\*\*\*\*

Cover photo by Ken Paulsen appears in his book, *New Hampshire: An Autumn Sojourn*

*Greenfield Town Report designed and compiled by  
Catherine P. Shaw, Town Office*

Acknowledging two outstanding employees:

**Officer Frank Shea, G.P.D.**

Frank Shea's dream has always been to be in law enforcement. This year, that dream came true when he finished his training at the New Hampshire Police Academy, graduating first in his class, and began working as a police officer for the Greenfield Police Department. The Department and the Board of Selectmen are extremely proud to have a Greenfield native begin his career right here in town. Frank has already made a big contribution by playing an important role in the recent arrests made here in Greenfield.

Congratulations Frank!

**Carol Burgess, Supervisor  
G.R.C.**

Carol Burgess has a passion for recycling and it shows. Although she has just finished her first year as Supervisor of Greenfield's Recycling Center, she has already received a "Rookie of the Year" award for outstanding performance in the recycling industry from the Northeast Resource Recovery Association at their annual conference in June.

Congratulations Carol!

**2012  
TOWN WARRANT  
and  
BUDGET REPORTS**

**2012**  
**TOWN WARRANT**

**Town of Greenfield**  
**State of New Hampshire**

To the inhabitants of the Town of Greenfield, in the County of Hillsborough and State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Meeting House in said Greenfield on **Tuesday, the 13th day of March 2012** next, to act on the following subjects. The polls will be open at the Town Meeting House from 10:00 am – 7:00 pm. The meeting will reconvene on **Saturday, the 17<sup>th</sup> of March 2012 at 9:00 am.**

**Article 1:** To choose all necessary town officers for the year ensuing.

**Article 1(a):** To hear the reports of agents, standing committees, or other officers heretofore, and chosen and to pass any vote relative thereto.

**Article 1(b):** To vote by ballot on the following proposed amendments to the Greenfield Zoning Ordinance.

**Amendment Number 1:** Are you in favor of the adoption of Amendment No.1 as submitted by petition for the Zoning Ordinance as follows:

*Amend Section V.C.1 Telecommunications/Personal Wireless Service Facilities, Purpose and Intent, District Regulations, Location, for the purpose of reinstating the Special Exception requirement for the General Residence District, by editing to read:*

*Telecommunications/Personal Wireless service facilities shall be permitted in all zoning districts. Special exception by the Zoning Board of Adjustment is required for all zoning districts except Rural Agricultural ~~and the General Residence district.~~ Applicants seeking approval for telecommunications/personal wireless service facilities shall first evaluate existing structures for the siting of telecommunication/personal wireless service facilities. Only after finding that there are not suitable existing structures pursuant to Section C (4) herein, shall a provider propose a new ground mounted facility. (Recommended by the Planning Board)*

**Amendment Number 2:** Are you in favor of adoption of Amendment No.2 as proposed by the Planning Board for the Zoning Ordinance as follows:

Proposed Amendment to the Zoning Ordinance Section IV General Regulations and Restrictions

Add the following language:

***“Q. Unregistered Trailers and Storage Containers***

*It shall be unlawful for the owner or occupant of any premises to have or permit thereon any unregistered trailer or storage container within the lot's building setback unless such placement is temporary and associated with on site building construction or renovation. Such placement shall occur only after receiving a permit issued by the Code Enforcement Officer for a period of sixty (60) days or less. Such permit is renewable."*

Also, add the following to Definitions:

*Storage Container- A weather- resistant receptacle designed and used for the storage or shipment of goods, wares, materials or merchandise. Examples include, but are not limited to, "portable on demand storage units", metal shipping containers, or cargo boxes detached from motor vehicles.*

*"Storage Container" shall not include minor accessory structures or other structures for which a building permit is required. (Recommended by the Planning Board)*

**Amendment Number 3:** Are you in favor of adoption of Amendment No.3 as proposed by the Planning Board for the Zoning Ordinance as follows:

Proposed Amendment to the Crotched Mountain Rehabilitation and Education District  
2012 Section III. Districts

(Existing language)

Superimposed over certain of the above districts are Special Purpose Districts in which special regulations and restrictions apply. These districts are identified and defined hereinafter as follows: Industrial District and Wetland Conservation District. In all cases where these special Purpose districts are superimposed within other zoning districts, that District whose regulations are more restrictive apply.

**NOTES:**

*1. The voters of the Town of Greenfield have adopted the New Hampshire Model Floodplain Development Ordinance, which places restrictions on building within the floodplain.*

*2. "In 2011, the voters of the Town of Greenfield voted to create a new Special Purpose District called the Crotched Mountain Rehabilitation and Education District. When conflicts emerge between this district and underlying General Residence District, the use regulations and dimensional requirements of the Crotched Mountain Rehabilitation and Education District shall apply."*  
(Recommended by the Planning Board)

**Amendment Number 4:** Are you in favor of adoption of Amendment No.4 as proposed by the Planning Board for the Zoning Ordinance as follows:

Town of Greenfield Groundwater Protection Ordinance

## I. INTRODUCTION

This ordinance is established to preserve and protect the Town of Greenfield's groundwater resources within the designated areas for the health, safety, and general welfare of current and future residents. It is hereby acknowledged that groundwater is the most important source of drinking water and is an integral part of the hydrologic cycle that warrants protection from contamination.

## II. AUTHORITY

Authority for this ordinance is granted pursuant to RSA 674:16, II and RSA 674:21, innovative land use controls, RSA 147:1, local health regulation and RSA 485-C, defining Best Management Practices.

## III. GROUNDWATER PROTECTION DISTRICT

The groundwater protection district is an overlay district which is superimposed over the existing underlying districts and includes within its boundaries the Stratified Drift Aquifers and Wellhead Protection Areas for public water supply wells as defined under Section V of this ordinance as shown on the map entitled "Town of Greenfield Groundwater Protection District Boundaries" 2012 and subsequent addenda.

## IV. APPLICABILITY

This ordinance applies to all uses within the designated boundaries of the Groundwater Protection District, except for those uses exempt under Section XII, Exemptions, of this ordinance.

## V. DEFINITIONS

Aquifer: a geological formation composed of rock, sand, or gravel that contains significant amounts of potentially recoverable water.

Designee: A person appointed by the Planning Board or Board of Selectmen to issue/monitor Conditional Use Permits and Spill Prevention, Control and Countermeasure Plans (SPCC). Such individual shall be a qualified professional whose credentials are acceptable to the State DES.

Groundwater: subsurface water that occurs beneath the water table in soils and geologic formations.

Gasoline station: a place where petroleum products are received by tank vessel, pipeline, tank car, or tank vehicle and distributed for the purpose of the retail sale of gasoline.

Impervious: not readily permitting the infiltration of water.

Impervious surface: surface through which regulated substances cannot pass when spilled. Surfaces that are not considered to be impervious are asphalt, untreated wood, gravel, soil (including hard packed), concrete if cracks, holes or unsealed seams are present.

Junkyard: an area, which is maintained, operated, or used for storing, keeping, buying, or selling junk or for the maintenance or operation of an automotive recycling yard, and includes garbage dumps and sanitary landfills. This does not include motor vehicle dealers registered with NH DMV under RSA 261:104 and controlled under RSA 236:126.

Outdoor storage: storage of materials where they are not protected from the elements by a roof, walls, and a floor with an impervious surface.

Petroleum bulk plant or terminal: a place where petroleum products are received by tank, vessel, pipeline, tank car, or tank vehicle and are stored or blended in bulk for the purpose of distributing such liquids by tank vessel, pipeline tank car, tank vehicle, portable tank, or container.

Public water system: a system for the provision to the public of piped water for human consumption, if such system has at least 15 service connections or regularly serves an average of at least 25 individuals daily at least 60 days of the year.

Regulated substance: petroleum, petroleum products, and substances listed under 40 CFR 302, 7-1-05 edition (Code of Federal Regulations-Environmental), excluding the following substances: ammonia, sodium hypochlorite, sodium hydroxide, acetic acid, sulfuric acid, potassium hydroxide, potassium permanganate, and propane and other liquefied fuels which exist as gases at normal atmospheric temperature and pressure.

Sanitary protective radius: The area around a public water supply well which must be maintained in its natural state as required by Env Dw 301 or 302 (NH Code of Administrative Rules-community water systems); Env Dw 301.06 and Env-Dw 302.06 (NH Code of Administrative Rules-other public water systems)

Seasonal High Water Table: The depth from the mineral soil surface to the upper most soil horizon that contains 2% or more distinct or prominent redoximorphic features that increase in percentage with increasing depth as determined by a licensed Hydrogeologist, Soils Scientist, Wetlands Scientist, Engineer or other qualified professional approved by the Planning Board.

Secondary containment: A structure such as a berm or dike with an impervious surface which is adequate to hold at least 110% of the volume of the largest regulated substances container that will be stored there.

Snow dump: an area where snow from roadways and parking lots is deposited for disposal.

Stratified-drift aquifer: A geological formation of predominantly well sorted sediment deposited by or in bodies of glacial melt water, including gravel, sand, silt or clay, which contains sufficient quantities of water to wells.

Surface water: streams, lakes, ponds, and tidal waters, including marshes, water-courses and other bodies of water, natural or artificial.

Wellhead protection area: The surface and subsurface area surrounding a water well or well field supplying a community public water system, through which contaminants are reasonably likely to move toward and reach such water well or well field.

## VI. PERMITTED USES

All uses permitted by right or by special exception in the underlying zoning district(s) are permitted in the Groundwater Protection District, except those uses expressly prohibited in Section VII or listed as regulated uses in Section VIII of this Ordinance.

## VII. PROHIBITED USES

The following uses have been identified as posing a potential threat to the quality of groundwater resources. Therefore the establishment or operation of these uses is prohibited within the Groundwater Protection District.

1. Hazardous waste disposal facility
2. Solid waste landfill
3. Junkyard
4. Outdoor storage of road salt or other deicing chemicals
5. Snow storage area
6. Motor vehicle dealers (including boats, snowmobiles, motorcycles and similar motorized equipment) facilities for the sale of power equipment, which provide product repair and service, facilities for vehicle body repair and paint shops, vehicle service stations, vehicle radiator, tire, exhaust, transmission shops, tire retreading facilities, and other facilities for the repair and service of internal combustion engines or vehicles powered by them, including the storage, warehousing or parking of vehicles in connection with their repair or service.
7. Petroleum distribution, through the use of above or underground storage tanks and piping; or petroleum fuel dispensing activities.
8. Wastewater or septage lagoon.
9. The following waste handling and disposal practices: new or private municipal solid waste disposal areas; regional solid waste disposal areas; private or special solid waste disposal areas; resource recovery facilities; transfer stations; biomedical waste treatment facilities and regional processing centers; hazardous waste water facilities; septage disposal areas; publicly –owned treatment works; wastewater treatment systems which discharge to the groundwater other than those which treat domestic

- sanitary sewage and sanitary sewage generated from public and private restrooms.
10. Waste processing systems: floor drains, dry wells (except those permitted by state regulations), or other leaching structures intended to convey waste or spillage to the groundwater, excluding publicly owned or domestic septic systems and excluding non-contaminated roof drainage or storm water runoff to the ground.
  11. Facilities that require underground storage or transmission of petroleum liquids or hazardous materials: underground storage tanks, underground distribution systems, and liquid fuel pipelines.
  12. Textile mills, tanneries, and apparel production facilities which engage in dyeing, textile coating or treatment
  13. Wood product manufacturing facilities which engage in hardwood or softwood veneer or plywood production, wood preservation, production of reconstituted wood products, and pulp and paper manufacturing.
  14. Printing and publishing facilities, which engage in plate-making, commercial lithography, photoengraving, and gravure.
  15. Production facilities, which engage in the production of chemicals, petroleum or products, derived from petroleum, or coal.
  16. Facilities for the production of rubber and plastic products, which engage in the manufacture of, coated rubber products, elastomeric and resin cements, tires and tubes.
  17. Facilities which are primary metal industries or fabricate metal, clay glass, and electrical parts that engage in foundry operations, metal forming, machine shops, chemical processes for mirror or glass coating, metal plating, degreasing shops, and etching operations or which engage in the use, storage, handling, or disposal of hazardous materials.
  18. Facilities for the generation of electrical power by the means of fossil fuel, except for those intended for the generation of electricity during emergencies and those facilities which utilize natural gas as a fuel.
  19. Petroleum terminals and fuel oil dealers.
  20. Facilities for wholesale trade which engage in: coal, ore, and mineral sales and metal salvage, sale of paints, varnishes, solvents, and hazardous chemicals.
  21. Personal and business service organizations which engage in dry cleaning, industrial laundering, motorized equipment rental, funeral services (excluding those connected to a municipal sewerage system with industrial pre-treatment), photographic processing operations (excluding those connected to a municipal sewerage system with industrial pre-treatment), and furniture stripping and finishing.
  22. Laboratory facilities which engage in biological or chemical research or testing with the exception of those facilities associated with the testing of a public or private water supply or with photographic processing from radiological examination, or those which are connected to a municipal sewerage system with industrial pre-treatment.

## VIII. REGULATED USES

The following uses may be permitted in the Groundwater Protection District subject to certain conditions. Regulated uses require the granting of a Conditional Use Permit by the Planning Board/designee and are subject to a greater standard of protection than those uses that are otherwise permitted within the underlying district.

A. Regulated uses must:

1. Be a use that is permitted in the underlying district either by right or by Special Exception
2. Be a use that is not listed as a Prohibited Use in Section VII of this Ordinance
3. Use and/or install best management practices (BMPs) as required under state administrative rule, Best Management Practices for Groundwater Protection, Env-Wq 401.

B. Regulated uses include:

1. Any use that is a Permitted Use in Section VI of this ordinance which has (or will have upon completion of construction) a total impervious surface area of 2,500 square feet or greater, or which results in an impervious area of 15% or greater of the parcel's area.
2. Any use which involves the storage, handling, and use of regulated substances in quantities exceeding 100 gallons of liquid or 800 pounds of dry weight at any one time. This shall include an approved Spill Prevention, Control, and Countermeasure (SPCC) plan in accordance with Article X of these regulations.

C. The applicant shall submit a completed Conditional Use Permit application to the Planning Board certifying that all applicable requirements specified within Articles IX and X, have been met prior to the issuance of the Building Permit. In the event that a Building Permit is not required for the regulated use, the applicant shall submit a Conditional Use Permit application to the Planning Board or its designee for review and approval.

## IX. PERFORMANCE STANDARDS

A. No floor drains, dry wells (except those permitted by state regulations), or other infiltration devices that discharge wastewater into the ground shall be installed.

B. Storage of Regulated Substances shall be as follows:

1. Regulated substances shall be stored in an enclosed structure or under a roof, which minimizes storm water entry.
2. All structures used to store regulated substances shall be protected from storm water run-off and groundwater intrusion and must be at least 50 feet from surface water or storm drains, at least 75 feet from private wells, and outside of the sanitary protective radius of wells used by public water systems. The floor of the area in which the material is being stored shall be coated to protect the surface of the floor from deterioration due to spillage of any such materials.

3. Regulated substances shall be stored in an area that is secured against intrusion from unauthorized people or animals.
4. Regulated substances shall be stored in their original containers with proper labels including contents and warnings. In the event that the original container is not available, or if the regulated substance is a waste product, an alternate container may be used but shall be properly labeled with information that would otherwise be included on the original container.
5. Outdoor storage is permitted if all of the above conditions are met (with the exception of IX.1) and if stored in a secondary containment with a storage capacity of 110% containment.

C. Storage of Fertilizers, Compost, and Animal Manure shall be stored in accordance with Best Management Practices for Agriculture in New Hampshire, NH Dept. of Agriculture, Markets, and Food, July 2008, and any subsequent revisions.

D. All inactive wells on the property (those wells that are not in use or properly maintained at the time the plan is submitted) shall be considered abandoned and must be sealed in accordance with We 604 of the New Hampshire Water Well Board Rules.

E. Excavation and blasting activities must be conducted in a manner that minimizes groundwater contamination, adverse impacts to hydrology, and the dewatering of drinking water supply wells. The use of best management practices must be included in these activities (see Env-wq 401 Best Management Practices for Groundwater Protection).

F. The refueling, washing, and maintenance of motor vehicles used as part of any permitted/regulated activities shall be conducted out of the groundwater protection area wherever possible. Otherwise, such refueling or maintenance shall be conducted on an impervious surface with appropriate containment area. Spill response material shall be readily available and easily accessible.

G. In addition to the above standards, the following performance standards are required and must be submitted for all activities involving Regulated Uses:

Storm Water Management Plan that meets the minimum requirements set forth in the most current New Hampshire Storm Water Manual, and/or uses accepted innovative practices for the treatment and control of storm water.

The plan must identify

- a. Location of storage or transfer of regulated substances and/or other potential sources of pollution, as well as structural pollution control methods or non-structural practices that minimize the release of regulated substances into the storm water or discharge to the ground.
- b. Storm water discharge setbacks between public and private water supply wells and storm water practices that meet setbacks in the

Innovative Land Use Planning Techniques, Section 2.1 Permanent Storm water Management.

- c. A stipulation that expansion or redevelopment activities shall require an amended storm water plan and may not infiltrate storm water through areas containing contaminated soils without completing a Phase I Assessment in conformance with ASTM E 1527-05 (American Society of Testing and Materials-Environmental Assessment)
- d. Must maintain at least four feet vertical distance between the bottom of the storm water practice and the average seasonal high water table as determined by a qualified professional.

#### X. SPILL PREVENTION, CONTROL, AND COUNTERMEASURE PLAN (SPCC)

In addition to the requirements set forth in Section IX Performance Standards, any Regulated Use that includes the use of regulated substances shall submit a Spill Prevention, Control and Countermeasure Plan to the Planning Board/designee.

SPCC plans completed to meet state or federal requirements may be submitted provided they reflect the application before the Planning Board. The Planning Board /designee shall then make a determination as to the effectiveness of the plan to prevent, contain, or mitigate releases of regulated substances into the environment in the event of a catastrophic occurrence. The Planning Board/designee may retain the services of a third-party consultant to assist in reviewing any plan presented, the cost of which the applicant will reimburse. The plan shall include the following:

A. A detailed description of the facility, storage area of regulated substances, and type and amount of each regulated substance shall be submitted. A map acceptable to the Planning Board/designee showing the layout of the facility and storage area as well as nearby surface water and wellhead protection areas must be included.

B. A list of facility contact information, including phone numbers, for all those who will be accountable for emergency response, and all appropriate federal, state and local agencies that must be notified in the event of a catastrophic occurrence.

C. A prediction of the direction of the flow of any regulated substance and potential quantity that could be released into the environment. A description of the proposed materials and equipment that would be used to divert, capture or absorb any regulated substance must be also submitted.

#### XI. PRE-EXISTING NONCONFORMING USES

A. All uses that previously existed prior to the adoption of these regulations, and which do not conform to these regulations, shall be permitted to continue as the same use and capacity at the time of adoption so long as the use does not pose a threat to the public health, safety or welfare, or otherwise constitute a nuisance. Any pre-existing nonconforming use must be in compliance with all applicable

state and federal requirements, including Env-Wq 401, Best Management Practices Rules.

B. Change of Use

1. Any change of use of a non-conformity will require a Conditional Use Plan and a Spill Control and Countermeasure Plan approved by the Planning Board/designee.

C. Expansion of Structure or Intensity of Use

1. Any expansion/change of structure or change of intensity involving a non-conforming Regulated use requires a Conditional Use Permit to be submitted and approved by the Planning Board/designee.

## XII. EXEMPTIONS

The following uses are exempt from all or some of the requirements of this ordinance as noted herein:

1. Private residences are exempt from Article IX, Performance Standards.
2. Any business, including home occupations, where regulated substances are stored in containers of not more than 5 gallons are exempt from Performance Standards, Section B.
3. Storage of heating fuels for on-site use or fuels for emergency electric generation are exempt from Performance Standards, Section B.4 provided that storage tanks are kept indoors on a concrete floor or have corrosion control, leak detection, and secondary containment in place.
4. Storage of motor fuel in tanks attached to vehicles with permanent fuel lines are exempt from Performance Standards, Section B.
5. Storage and use of office supplies is exempt from Performance Standards, Section B.
6. The temporary storage of construction materials and equipment on a site where they are to be used is exempt from Performance Standards, Section B until the project is completed.
7. The sale, transportation, and use of pesticides as defined in RSA 430:29 XXVI (NH Statutes-Agriculture, Horticulture and Animal Husbandry) are exempt from all provisions of this ordinance.
8. Household hazardous waste collection projects regulated under Env-Wm 401.03 (b)(1) and 501.01 (b) (NH Code of Administrative Rules-Hazardous Wastes) are exempt from the Performance Standards, Section B of this ordinance.
9. Underground and aboveground storage tank systems that are in compliance with applicable state rules are exempt from inspections under Article XIII of this Ordinance.

### XIII. INSPECTIONS AND MAINTENANCE

1. The Board of Selectmen/designee may perform routine inspections to verify compliance with Performance Standards or inspections initiated by a complaint of a potential violation. Prior notice will be given to the property owner and/or occupant for compliance inspections.
2. All commercial properties within the Groundwater Protection District using or storing regulated substances in containers having the capacity to hold more than five gallons are subject to inspections in accordance with this section unless the facility is exempt under section XII of these regulations.
3. The Board of Selectmen may charge the property owner or commercial occupant a fee, a schedule of which shall be developed by the Board of Selectmen, for routine inspections.
4. A detailed description of the maintenance of structures and storm water management devices for any use requiring approval by the Planning Board/designee shall be filed with the Planning Board prior to the issuance of a certificate of occupancy or within 30 days of completion of the proposal. Such narrative shall include specifications, frequency, and responsible party (including contact information). A copy shall also be filed at the Registry of Deeds for Hillsborough County and shall include a statement that the requirement of maintenance of the structures and storm water management devices shall run with the land. Costs of said filing shall be borne by the applicant.

### XIV. ENFORCEMENT

Any violation of the requirements established in this ordinance is subject to the enforcement procedures and penalties set forth in RSA 676 (Administrative and Enforcement Procedures) or RSA 485-C (NH Safe Drinking Water Act).

### XV. RELATIONSHIP BETWEEN STATE AND LOCAL REQUIREMENTS

Where both the State and the Town have existing requirements, the more stringent shall be used.

### XVI. SAVING CLAUSE

If any provision of this ordinance is found to be unenforceable, such provision shall be considered separable and shall not be construed to invalidate the remainder of the ordinance.

### XVII. EFFECTIVE DATE

This ordinance shall be effective upon the adoption by the municipal governing body.

Summary of Best Management Practices for Groundwater Protection Rules

## Storage

- Store regulated substances on an impervious surface.
- Secure storage areas against unauthorized entry.
- Label regulated containers\* clearly and visibly.
- Inspect storage areas weekly.
- Cover regulated containers in outside storage areas.
- Keep regulated containers that are stored outside more than 50 feet from surface water and storm drains, 75 feet from private wells, and up to 400 feet from public wells.
- Secondary containment is required for regulated containers stored outside, except for on-premise use heating fuel tanks, or aboveground or underground storage tanks otherwise regulated.

## Handling

- Keep regulated containers closed and sealed.
- Place drip pans under spigots, valves, and pumps.
- Have spill control and containment equipment readily available in all work areas.
- Use funnels and drip pans when transferring regulated substances; perform transfers over impervious surface.

## Release Response Information

- Post information on what to do in the event of a spill.

## Floor Drains and Work Sinks

- Cannot discharge into or onto the ground.

\*Regulated container means any device in which a regulated substance is stored, transported, treated, disposed of, or otherwise handled, with a capacity of five gallons or more. The term does not include fuel tanks attached to and supplying fuel to a motor vehicle.

For more information on best management practices for groundwater protection visit the DES Drinking Water Source Protection webpage at <http://des.nh.gov/organization/divisions/water/dwgb/dwspp/index.htm>, or contact the NH Department of Environmental Services at (603) 271-2947 or (603) 271-0688.

**\$116,239**

**Article 5:** To see if the town will vote to raise and appropriate the sum of up to **Five Thousand, Dollars (\$5,000)** for the purpose of expending funds that will be offset by the Used Oil Collection Grant Assistance Program, to purchase materials and/or obtain services to establish, improve, or operate a used oil collection center in accordance with the terms and conditions of Used Oil Collection Grants at the Recycling Center. This is for two reimbursement grants of up to \$2500 each that will offset expenditures made by the Recycling Center. (Majority Vote required) *Selectmen Support this article.*

**Article 6:** To see if the town will adopt a Pay-As-You-Throw (PAYT) Trash Disposal program at the Recycling Center and further to raise and appropriate the sum of up to **Ten Thousand Dollars (\$10,000)** for the purpose of establishing the PAYT program. PAYT has been shown to increase recycling and decrease the amount of trash tonnage at recycling centers. The Pay-As-You-Throw program will require residents to purchase trash bags for the purpose of increasing revenues at the Recycling Center. (Majority Vote required) *The Selectmen designate this a special warrant article and support this article.*

**Article 7:** If Article 6 passes, to see if the town will vote to adopt the provisions of RSA 31:95-H to create a revolving fund for the Pay-As-You-Throw program and to restrict the revenues from the Pay-As-You-Throw program to expenditures for the purpose of solid waste disposal, with such revenues and expenditures accounted for in a revolving fund to be known as the Recycling Center PAYT fund, separate from the General Fund, and further, to name the Board of Selectmen as agents to expend these funds. The town treasurer shall have custody of all moneys in the fund, and shall pay out the same only upon order of the Board of Selectmen for specific purposes related to PAYT and to offset Recycling Center expenses. (Majority Vote required) *Selectmen Support this article.*

**Article 8:** To see if the town will vote to raise and appropriate the sum of **Six Hundred Eight Thousand, One Hundred Eighty Two Dollars (\$608,182)** to support the Operation and Maintenance of the Town. Allocation as follows: (Majority vote required)

# BUDGET OF THE TOWN

OF: Greenfield

Appropriations and Estimates of Revenue for the Ensuing Year January 1, 2012 to December 31, 2012

or Fiscal Year From \_\_\_\_\_ to \_\_\_\_\_

### IMPORTANT:

Please read RSA 32:5 applicable to all municipalities.

1. Use this form to list the operating budget and all special and individual warrant articles in the appropriate recommended and not recommended area. All proposed appropriations must be on this form.
2. Hold at least one public hearing on this budget.
3. When completed, a copy of the budget must be posted with the warrant. Another copy must be placed on file with the town clerk, and a copy sent to the Department of Revenue Administration at the address below within 20 days after the meeting.

This form was posted with the warrant on (Date): 02/16/2012

### GOVERNING BODY (SELECTMEN)

*Please sign in ink.*

Under penalties of perjury, I declare that I have examined the information contained in this form and to the best of my belief it is true, correct and complete.

*Arnon C Kuller*

*Devin Day*

*R. Wimpory*

**2011  
TOWN MEETING  
MINUTES**

**2011**  
**TOWN MEETING**

**Town of Greenfield**  
**State of New Hampshire**

**12 March, 2011**

Moderator Peter Hopkins opened the meeting at 10:00 AM. Supervisor of the Checklist Linda Dodge read the checklist with 1190 names. The Moderator proceeded with Article 1 of the Town Warrant by opening the polls.

**Article 1:** To choose all necessary town officers for the year ensuing.

Moderator Peter Hopkins closed the polls at 7:00 PM. Results were tabulated and reported, and the meeting was to reconvene at 9:00 AM on Saturday March 12, 2011.

Town Meeting reconvened on Saturday March 12, 2011 as scheduled. Moderator Peter Hopkins called the meeting to order at 9:00 AM. He began by leading the Pledge of Allegiance, and followed with the House Rules.

1. There will be no smoking in the hall.
2. Unless otherwise stated before the meeting starts we will follow the articles as printed in the warrant.
3. The Moderator will read all articles; everyone has a right to hear what we are voting on.
4. Anyone wishing to speak to an article will wait to be recognized, stand and state his/her name.
5. Every article should have a fair hearing; therefore a motion to pass over the article will not be accepted.
6. Any person wishing to speak to an article a second time must wait until all those who wish to speak have had a chance to speak.
7. Anyone proposing an amendment to an article must submit the amendment in writing.
8. Once we have voted on an article we will not reconsider.
9. The meeting is being recorded.
10. Please keep your comments directed to the article and address the chair, not back and forth among individuals.
11. And last, if the Moderator has made a ruling that the assembly disagrees with they may overturn his ruling with a majority vote.

Motion was made, seconded, and carried to accept the rules as read.

Results of the town elections were then read as follows:

## **OFFICER ELECTION RESULTS:**

**Selectman for Three Years:** Robert Wimpory received 172 write-in votes, George Rainier received 51 write-in votes, and Jarvis Adams IV received 10 write-in votes, therefore Robert Wimpory is elected for the ensuing three years.

**Fire Chief for Two Years:** Loren White received 216 write-in votes, and therefore is elected for the ensuing two years.

**Budget Committee Members for Three, Two, and One Year Terms:** no one was elected, and therefore these seats remain vacant.

**Trustee of Trust Funds & Cemetery Trustee:** Gilbert Bliss received 251 votes, and therefore is elected for the ensuing three years.

**Library Trustee for One Year:** Bruce Dodge received 259 votes, and therefore is elected for the ensuing one year.

**Planning Board Members for Three Years:** Paul Renaud received 165 votes, James Fletcher received 55 votes, therefore Paul Renaud and James Fletcher are elected for the ensuing three years.

## **ConVal School District ballot results: (Greenfield only)**

Article #1	YES = 147	NO = 159
Article #2	YES = 164	NO = 140
Article #3	YES = 147	NO = 151
Article #4	YES = 179	NO = 123
Article #5	YES = 148	NO = 160
Article #6	YES = 89	NO = 217
Article #7	YES = 237	NO = 57
Article #8	YES = 169	NO = 135

**Article 1(a):** To hear the reports of agents, standing committees, or other officers heretofore, and chosen and to pass any vote relative thereto.

At this time resident Conrad Dumas spoke, expressing his gratitude for dedicating the Town Report to him. He and his wife Ellen are hoping to have their house rebuilt soon, and anticipate an open house in May. They welcome all residents of Greenfield to join them, and thank everyone for their support after the loss of their home to a fire.

**Article 1(b):** To vote by ballot on the following proposed amendments to the Greenfield Zoning Ordinance.

**Amendment Number 1:** Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Zoning Ordinance as follows:

Add the following Section XII and renumber all following sections accordingly

### **Section XII. Vertical Take-off and Landing Aircraft**

No aircraft capable of vertical take-off and landing profile excluding Hot Air Balloons, may be landed or taken-off in the Town of Greenfield, except in the Rural Agriculture Zone, General Residence Zone and Industrial Overlay District. The landing zone must be a minimum of 250' from all boundaries on the property. Hours of operation are from 7:00 am to 10:00 pm. Aircraft of this type may land in all zones for properly licensed helicopters providing medical and related evacuation services and emergency services essential to the public health and safety, such as search and rescue, fire fighting, law enforcement and other related services. No landing or take-off of commercial or scenic helicopter tours or chartered flights shall be allowed in the Town of Greenfield.

The Zoning Board of Adjustment (ZBA) may by Special Exception allow helicopter operations for construction, survey and other work, where other practical methods are not available to do the work and for special events such as the visit of a dignitary or some other event of short-term nature in all districts.

No approval for a special exception under this ordinance shall be granted unless the ZBA makes a finding that the helicopter use will not constitute a nuisance or hazard to the town residents and their property

**YES = 179 NO = 128 Therefore the amendment passes.**

**Amendment Number 2:** Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Zoning Ordinance as follows:

Modify **Section X.C.2** to allow small wind energy systems in the Special Purpose District

Modify the second sentence in Section X.C.2 as follows: They are also permitted in the General Residence District and the Special Purpose District but only as a special exception granted by the Zoning Board of Adjustment if it is not for the general public.

**YES = 235 NO = 67 Therefore the amendment passes.**

**Amendment Number 3:** Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Zoning Ordinance as follows:

Add the following **Section III.I.3**

3. Crotched Mountain Rehabilitation and Education Center District

A. Purpose & Intent:

The purpose of the Crotched Mountain Rehabilitation and Education Center ("CMREC") District is to provide for the medical, educational and residential care of persons with disabilities and others in need of these services. The CMREC District shall recognize and support the integrated and interdependent nature of these uses, the importance of accessibility to the rehabilitative care community and the public and the virtue of maintaining natural land features.

B. Use Regulations:

1. Permitted Uses. The following uses shall be permitted within the CMREC District:

- a. Hospital
- b. Clinics and Outpatient Services
- c. Education and Vocational Training
- d. Professional and Administrative Office
- e. Research, consistent with the purpose and intentions set forth in Paragraph A above
- f. Housing
- g. Group Day Care
- h. Nursing Home
- i. Recreational
- j. Agricultural
- k. Sustainable Forestry and Timber Production
- l. Manufacturing and repair of medical and rehabilitation devices

2. Accessory Uses. It is recognized that certain uses may be in furtherance of the goals of the CMREC District when provided in conjunction with other permitted uses. Therefore, the following uses shall be permitted if accessory to a permitted use within the District. Such uses shall be intended for residents, staff and guests of the facilities and not for the general public. Any structures maintained to provide for an accessory use within the CMREC District may be stand-alone and need not be accessory to a structure maintained for a permitted use.

- a. Conference and Meeting Facility
- b. Food Service
- c. Lodging
- d. Retail
- e. Theater/Function Hall
- f. Artisan/Studio
- g. Utilities for the production and distribution of electricity, heat, water and waste water treatment.
- h. Vertical take-off and landing area
- i. Communication Towers for cell phones, emergency response and mutual aid systems. Any such towers shall be subject to the regulations set forth in Section V of this Ordinance and are permitted for use by the general public.

#### C. Dimensional Requirements:

In recognition of the buffer to other Greenfield zoning districts provided by the Forest Conservation Easement overlaying the majority of the CMREC District, certain dimensional requirements are relaxed to provide for increased design flexibility necessary to accomplish the purpose and intent of the CMREC District.

1. Primary Structures and Setbacks. There shall be no limits on the number of primary structures that may be contained on a single lot within the CMREC District; provided however, that the following internal setbacks shall apply to each such structure:

- a. Primary structure shall be setback at least thirty (30') feet from the edge of pavement of any roadway within the CMREC District.

- b. Primary structure shall be setback at least forty (40') feet from any other internal primary structure.
- c. All structures shall be setback at least fifty (50) feet from any other district boundary.

2. Lot Coverage. The building coverage on any single lot shall not exceed seventy percent (70%).

3. Frontage. All primary structures shall have at least fifty (50) feet of contiguous frontage on an internal or external roadway.

4. Buffers. There shall be buffering of an appropriate type and depth, as determined by the Planning Board during Site Plan Review, to provide year-round protection for abutting properties from traffic, buildings, structures, lighting, noise or other activities.

5. Building Height. Notwithstanding anything to the contrary in this Ordinance, the maximum building height in the CMREC District shall be 50 feet or three stories for any building with an indoor fire suppression or sprinkler system.

D. CMREC Boundaries: The CMREC District, as defined in this Section is comprised by the following lots identified by Tax Map numbers.

R2 Lot 5	R2 Lot 11-6
R2 Lot 9	R2 Lot 11-7
R2 Lot 10	R2 Lot 11-8
R2 Lot 11	R2 Lot 13
R2 Lot 11-1	R2 Lot 14
R2 Lot 11-2	

**YES = 225 NO = 71 Therefore the amendment passes.**

*(end of Article 1(b))*

**Article 2:** To see if the Municipality will vote to authorize the Board of Selectmen to sell property owned by the Town of Greenfield, further identified as Map R5 Lot 14-1, to the Francestown Land Trust. (Majority Vote required) *Selectmen support this article.*

Selectman Karen Day addressed this issue stating that the five acres was mostly swamp, and that the town was offered **Two Thousand Five Hundred Dollars (\$2500)** from the Francestown Land Trust. Barry Wicklow of the Francestown Land Trust showed a map of the lot discussed, explained that this lot is mostly a black gum swamp, which is unusual, and is surrounded on three sides by conservation land. Discussion followed regarding the amount offered to purchase the land, and surveying.

**Voice vote: Article passes.**

**Article 3:** To see if the Municipality will vote to authorize the Selectmen to enter into a multi-year agreement with the Monadnock Mountaineers Youth Football League allowing the Mountaineers to use Oak Park as their home field, and to further authorize the selectman to negotiate a reasonable financial arrangement with the Mountaineers which may include accepting improvements to Oak Park and/or accepting a monetary dollar value on behalf of the Town of Greenfield. (Submitted by Petition)

Selectman Aaron Kullgren asked for permission for a non-resident to speak to this issue. There was no objection. She explained the Mountaineers position, including potentially making some improvements to Oak Park. Resident Gil Bliss asked why the Selectmen need permission to enter into this contract. The Moderator explained that it is because this is a multi-year contract (vs. one year). There were questions regarding the content of the contract, and why there isn't a final draft for the town to see, and therefore why we couldn't wait one more year to have a final multi-year contract presented before approving this idea. Selectman Jarvis Adams stated that the selectboard was in error; this issue should have been brought to Town Meeting last year, and neither the board or the Mountaineers want to delay this any longer.

There were more questions regarding liability, fire ambulance and police services, details of improvements, noise and parking issues. There was discussion about the legal wording of the contract. Resident Lori Weeks stated that the concern seems to be about the negotiation process and trusting the selectboard to enter into a reasonable contract, not necessarily whether or not we want to have the Mountaineers in town. Selectman Adams stated that at the very least there will be a public hearing when the contract is finished, and it was noted that the Oak Park Committee is already involved with this process.

Resident Neal Brown submitted a **motion to amend** this article to read: "A multi-year lease agreement shall be negotiated between the Select Board and the Mountaineers during the calendar year 2011 and shall be appropriately publicized and thereafter placed on the warrant for approval at the 2012 Town Meeting." After brief discussion, a motion was made to vote on the amendment by a show of hands. **The amendment failed.**

Discussion went back to the original article. Resident George Rainier submitted a request for a paper ballot vote. This was done, and the meeting moved on to Article 4 until the ballots were counted.

**Article 4:** To see if the Municipality will vote to raise and appropriate the amount, not to exceed, **Thirteen Thousand, Twenty-Five Dollars (\$13,025.00)** for the purpose of purchasing a generator and all associated equipment and installation associated with the generator for the Town Office; funding is to be derived from the Fund Balance. (Majority Vote required) *Selectmen support this article.*

Selectman Jarvis Adams moved to amend the original version to omit the words "Town Office" and replace with the word "town".

Discussion followed regarding options for the generators, including Greenfield Elementary School. Schoolboard representative John Gryval stated that ConVal is already trying to do this on their own. The main objective is to be able to keep the police department running in the event of a power emergency, but also to give the town options for other needs as they arise.

**Voice vote: Amendment passes. Voice vote: Article passes as amended.**

**Article 3 ballot results were announced. YES = 91 NO = 24. Article passes.**

**Article 5:** To see if the Municipality will vote to raise and appropriate the amount, not to exceed, **Twenty Thousand Dollars (\$20,000.00)** for the purpose of purchasing a Skid Steer Loader for the Recycling Department. (Majority Vote required) *Selectmen support this article.*

There was discussion about the purpose of this equipment and how much it would be used. There was also much discussion about the qualifications of the recycling center staff to run this machinery. It was stated that OSHA and the town's insurance would require certification. At this time Selectman Kullgren introduced George Leel, interim DPW Supervisor, who has his own licenses and also teaches the Road Scholar Program at UNH. He could be helpful in assuring that proper certification is acquired. The purchase options were discussed. It was noted that there are opportunities to purchase good used equipment because of the current economic situation. It was also suggested that there be a committee to look at the options before buying.

**Voice vote: Article passes.**

**Article 6:** Municipality will vote to raise and appropriate the amount of **One Hundred Seven Thousand, Nine Hundred Eleven Dollars (\$107,911.00)** to support the Recycling Center. Allocation as follows: (Majority Vote required) *Selectmen Support this article.*

Advertising	50
Building Repair/Maint.	1,250

Retirement	3,301
Supervisor Wages	32,604
Telephone	780
Tire Removal	400
Used Oil Collection Grant	<u>2,500</u>

\$107,911

There were several questions about this budget, including fuel, equipment maintenance, wages and insurance. There was also discussion regarding the hours that the center is open. Resident Marsha Davis asked why the new employee is worth more than the previous one and

why the new employee was given more hours, and why the position was never advertised. Three different explanations about this matter were heard previously, and she would like clarification. She also feels that the selectboard has not been up front about how they handle these issues. Selectman Adams briefly commented that the new employee was originally hired for a part-time position, but since the rest of the matter had to do with personnel issues, he would not comment further.

**Voice vote: Article passes.**

**Article 7:** To see if the Municipality will vote to raise and appropriate the sum of **Five Thousand Dollars (\$5,000.00)**, in accordance with RSA Chapter 35, to create and place said amount in a Town Buildings Energy Efficiency Capital Reserve Fund for the purpose of designing, purchasing and installing energy equipment and renovations for Town Buildings and to further name the Board of Selectmen as the agents to expend these funds. (Majority vote required) – *Selectmen support this article.*

Selectman Adams thanked the Energy Committee for their work, stating that their efforts have resulted in huge savings on heat. There was a question regarding the purpose of this Capital Reserve Fund, since we already have two. Selectman Adams clarified the purpose, stating that this is for all town buildings, and the previous ones were building specific.

**Voice vote: Article passes.**

**Article 8:** To see if the Municipality will vote to raise and appropriate the sum of **Five Thousand Dollars (\$5,000.00)** and place said amount in the existing Town Buildings Maintenance Capital Reserve Fund. (Majority vote required) – *Selectmen support this article.*

The current balance of this fund is reported to be about nine thousand dollars (\$9,000.00) This article would add to that fund. The library is currently a concern. Treasurer Katherine Heck expressed concerns that money is going into capital reserve funds and being taken out within the year. She added that if the money is needed that soon it should be a line item in the budget instead.

**Voice vote: Article passes.**

**Article 9:** To see if the Municipality will vote to raise and appropriate the sum of **Six Hundred Eighteen Thousand, Five Hundred Eight Dollars (\$618,508.00)** to support the Operation and Maintenance of the Town. Allocation as follows: (Majority vote required) – *Selectmen support this article.*

Zoning Board of Adjustment	<u>5,150</u>

\$ 618,508

Selectman Kullgren addressed the article. Financial Administration has increased because the assessing amount and auditor amount has increased, but auditors are required. There were questions regarding the payroll expenses, specifically why has this been increased if we were under budget last year? The explanation was that the DPW employee situation has changed and the selectboard is preparing to have the money available if the need arises when they hire a new supervisor. There was also concern that there is not enough money in the budget for legal expenses.

Resident George Rainier asked about the tree removal and procedures and plans to replace trees at the Meeting House. He stated that he is disappointed that the board did not consult a certified arborist and that there are currently no plans to replace any of the trees that were removed.

**Voice vote: Article passes.**

**Article 10:** To see if the Municipality will vote to raise and appropriate the sum of **Five Thousand Dollars (\$5,000.00)** and place said amount in the existing Fire/Rescue Apparatus Capital Reserve Fund. (Majority vote required) – *Selectmen support this article.*

Fire Chief Loren White spoke, stating that the current capital reserve fund is much too low to do much good. We should expect to replace equipment every twenty-five years, and at this rate we will never be in a good position. He added that he would not ask for more now, but strongly urges that higher amounts be allocated in the future.

**Voice vote: Article passes.**

**Article 11:** To see if the Municipality will vote to raise and appropriate and to further authorize the Selectmen to utilize the amount, not to exceed **Four Thousand Dollars (\$4,000.00)** of the Fund Balance for the purpose of entering into a one-year agreement with the Code Red Emergency Notification System. (Majority vote required) – *Selectmen support this article.*

Fire Chief Loren White explained how this system works. He said it is like a reverse 911 system, and that ConVal School District currently uses a similar system. He has some specific concerns about the way ConVal uses their system, but wants to be clear that our system would be used for emergencies only. Residents have the choice to subscribe or opt out. John Gryval, Town Emergency Manager, reiterated the need for this to be used for emergencies only, and added that there would be a system of checks and balances in place, such as having two department heads agree that an announcement is warranted.

**Voice vote: Article passes.**

**Article 12:** To see if the Municipality will vote to raise and appropriate the sum of **Seventy Three Thousand, Eight Hundred Fifty-One Dollars (\$73,851.00)** to support the Fire Department. Allocation as follows: (Majority vote required) – *Selectmen support this article.*

Building Repairs/Maint.	\$2,000
Chiefs Wages	1,800
Dues & Subscriptions	1,000
Electricity	4,100
Emergency Management	1,000

Training Services	4,000
Uniform Allowance	1,000
Vehicle Repairs/Maint.	<u>3,500</u>
	\$73,851

There were no questions regarding this budget.

**Voice vote: Article passes.**

**Article 13:** To see if the municipality will vote to raise and appropriate the amount of **Ten Thousand Dollars (\$10,000.00)** to be placed in the existing Highway Equipment Capital

Reserve Fund. (Majority vote required) –*Selectmen support this article.*

Resident Mark Long expressed concerns about the state of the capital reserve funds and asked why we aren't being more aggressive in building them up. Administrative Assistant Deb Davidson stated that she is working on a plan and comparing our town to surrounding towns. There was some discussion regarding the amount being put into the highway fund as it is double the amount being put into all of the other funds. Selectman Jarvis Adams stated that it has to do with the current fund balances and expected needs.

**Voice vote: Article passes.**

**Article 14:** To see if the municipality will vote to raise and appropriate the amount of **Five Hundred Sixteen Thousand, Four Hundred Seventy Five Dollars (\$516,475.00)** to support the Highway Department. Allocation as follows: (Majority vote required) – *Selectmen support this article.*

\$516,475

Interim Supervisor, George Leel explained his role and his schedule. He is paid an hourly rate with no overtime and no benefits. He added that we are way behind in road work but he is working on a plan to catch up, and suggested that a bond be considered. Resident Bob Marshall stated that the Town decided long ago not to bond, and that there was a plan for road reconstruction that has disappeared. He added that we are now so far behind that we are in trouble, and we will “only get a return on things we invest in”.

The Selectboard addressed questions regarding the wages of the new supervisor, when one is hired, explaining that the salary is still to be determined, and that part-time help would hopefully replace current seasonal expensive help. Resident George Rainier asked why the resumes for this position are being sent to a selectman’s residence instead of the Town Office. He feels this is improper. He further requested that the ad be redone to have resumes sent to the Town Office. Selectman Aaron Kullgren responded stating that it was for “blinding the first cut review”. Resident Bill Brooks said that if we can keep personnel issues private we should be able to do the same with resumes. Incoming Selectman Rob Wimpory explained the process they intend to use in reviewing resumes. Legal counsel addressed this issue, and stated that it was probably not illegal to have town mail sent to a selectman’s home.

Further discussion arose about the materials line item being down and the wages item going up. George Leel was asked if we will have the materials to do the jobs needed. He replied, “probably not”, but he was not willing to ask for a budget for someone who hasn’t yet been hired.

There was much discussion regarding the DPW office, with many residents wanting an explanation of how **ten thousand dollars (\$10,000.00)** was allowed to be spent on it. Accounting Manager Catherine Shaw explained the financial details, stating that the total was allocated throughout the budget. No further explanation was given.

Discussion returned to road reconstruction. George Leel explained that last year we overspent on quick fixes and underspent on actual reconstruction. He then offered some ideas to consider to resolve the current road situation.

**Voice vote: Article passes.**

**Article 15:** To see if the municipality will vote to raise and appropriate the amount of **Sixty Six Thousand, Nine Hundred Seventy-Five Dollars (\$66,975.00)** to support the Stephenson Memorial Library. Allocation as follows: (Majority Vote required) – *Selectmen support this article.*

Books & Periodicals	6,000

Programs/Entertainment	500
Sewer Fees	618
Telephone	<u>1,650</u>
	\$66,975

Neal Brown of the Library Committee spoke about this budget, saying that the leakage issues and drafts are the current concerns.

**Voice vote: Article passes.**

**Article 16:** To see if the municipality will vote to raise and appropriate the amount of **Five Thousand Dollars (\$5,000.00)** and place said amount the existing Police Cruiser Capital Reserve Fund. (Majority vote required) - *Selectmen support this article.*

There was no discussion on this article.

**Voice vote: Article passes.**

**Article 17:** To see if the Municipality will vote to authorize the Selectmen to enter into a four-year lease agreement in the amount, not to exceed **Twenty Five Thousand Dollars (\$25,000.00)** for purpose of entering into a lease/purchase agreement for a Police Cruiser, and to further raise and appropriate an amount, not to exceed, **Seven Thousand Dollars (\$7,000.00)** for the first years payment. This lease agreement contains a municipal escape clause. (Majority vote required) - *Selectmen support this article.*

Chief Brian Giammarino addressed the article explaining why the department needs a new vehicle. He also stated that he found one at a good price and feels it would be better to purchase it instead of leasing. Moderator Peter Hopkins said that the article would need to be amended, but not by the Chief, as he is not a resident. Motion was made and seconded to amend the article to read: “to raise and appropriate an amount not to exceed **Twenty Five Thousand Dollars (\$25,000.00)** for the purpose of purchasing a new police cruiser”.

**Voice vote: Amendment passes.**

**Voice vote: Article passes.**

**Article 18:** To see if the municipality will vote to raise and appropriate the amount of **Two Hundred Eleven Thousand, Four Hundred Sixty Five Dollars (\$211,465.00)** to support the Police Department. Allocation as follows: (Majority Vote required) – *Selectmen support this article.*

Chiefs Salary	65,000

Telephone	3,000
Training Service	1,500
Vehicle Repair/Maint.	<u>4,500</u>
	\$211,465

Chief Brian Giammarino addressed the budget concerns, specifically fuel and vehicle maintenance, stating that due to fuel prices rising, that line item may be too low, but he is willing to accept the budget as is.

**Voice vote: Article passes.**

**Article 19:** Shall the Town vote to adopt the provisions of RSA 36-A:4-a, I(b) to authorize the Greenfield Conservation Commission to expend funds for contributions to ‘qualified organizations’ for the purchase of property interests, or facilitating related thereto, where the property interest is to be held by the qualified organization and the Town will retain no interest in the property? (Submitted by the Greenfield Conservation Commission)

Carol Irvin of the Conservation Commission addressed the article, explaining how the Commission works. There was discussion about the wording of the article and who has authority to expend the funds.

**Voice vote: Article passes.**

**Article 20:** To transact any other business that may legally come before this meeting.

1) A resident asked if the Selectboard could actively seek out alternatives to satellite dishes. Selectman Aaron Kullgren stated that they have, but could do it again.

2) Resident Gil Bliss made a motion to “approve a Roads Commission. The Commission will be composed of five members of the community, the Selectmen, and the Highway Department Supervisor. The Commission will assist in the search process for a new supervisor and establish priorities for road reconstruction and repair. The Commission would continue until dissolved by Town Meeting.” After discussion regarding the number of people on the Commission, a motion was made to delete the number five and have no limit to the number of people involved.

**Voice vote: Motion passes.**

3) Supervisor of the Checklist Linda Dodge stated she was very disappointed in the low voter turnout. Moderator Peter Hopkins added that the Town needs more participation, including filling vacant offices.

4) Moderator Hopkins reminded newly elected officials to see the Town Clerk to be sworn in.

5) Fire Chief Loren White asked if next year we address the issue of unexpended funds.

There being no further business to come before the town, the meeting was adjourned at 1:45 PM.

Respectfully submitted,

Edith P. Sleeper, Town Clerk

**2011**  
**SPECIAL TOWN MEETING**

**Town of Greenfield**  
**State of New Hampshire**

**September 29, 2011**

Moderator Tom Mullins called the meeting to order at 7:10 PM. He reviewed the House Rules and then introduced the Selectboard and interim Administrative Assistant Chris Rose. Moderator Mullins read the warrant for this meeting. He then explained why we had to hold this meeting, stating that it was a procedural correction *only*, and that we cannot revisit the last warrant; we can only address what is on the warrant at hand.

**Article 1:** To see if the Town will vote to ratify the procedurally defective vote of the 2011 annual meeting in reference to posting date of the annual meeting warrant and MS-6 budget form. Majority vote required.

The question was asked if the error was regarding the *date* of signing the last warrant or in *posting* it. The answer was the posting date. Interim Administrative Assistant Chris Rose explained the time line requirements and what actually transpired.

**Voice vote: Article passed.**

**Article 2:** To transact any other business that may legally come before this meeting.

There being no other business, the meeting was adjourned at 7:15 PM.

Respectfully submitted,

Edith P Sleeper, Town Clerk

\* RSA 362-A:6, was reinstated, effective 4/1/2006. This statute allows municipalities to enter into payment in lieu of tax agreements with smale scale power facilities. However, these new PILOT agreements are also taxable under RSA 83-F.

Questions regarding these laws please consult with the DRA Utility Tax Appraiser at (603) 230-5950.

REPORT OF APPROPRIATIONS  
ACTUALLY VOTED  
(RSA 21-J:34)

Date of Meeting: March 13, 2011

Town/City Of: Greenfield: County: Hillsborough

Mailing Address: PO Box 256

Greenfield, NH 03047

Phone #: 603-547-3442 Fax #: 603-547-3004 E-Mail:greenfieldnhbos@myfairpoint.net

**Certificate of Appropriations**

(To be Completed After Annual or Special Meeting)

This is to certify that the information contained in this form, appropriations actually voted by the town/city meeting, was taken from official records and is complete to the best of our knowledge and belief.

Governing Body (Selectmen)

*Please sign in ink.*

**2011  
OTHER ANNUAL REPORTS**

## GREENFIELD SELECTMENS' REPORT

2011 has been a year of transition and development.

This year we realized a dream – that the former Greenfield Industries building would be saved and turned into the centerpiece of our town. As you know the process began in 2009 when the building was deeded to the town in lieu of back taxes. It took some time to get through all the paperwork that was needed but eventually the building was sold at auction to Greenfield Corner Properties LLC. As the changes took place during the course of 2010, it was evident that the owners wanted to restore the old building to as much of its previous grandeur as possible. At the open house in the spring of 2011, it brought tears to the eyes to see what they have done with it; places for new businesses, offices to rent, and something near and dear to the town's heart – a restaurant. "The Greenfield Meeting Place" has transformed the Greenfield Industries building back to its former historic presence and given the downtown area new life. This was a long process but one well worth waiting for.

Shortly after town meeting, the Selectmen and the Monadnock Mountaineers entered into a multi-year agreement that includes a combination of Oak Park improvements and revenue to the benefit of the Town of Greenfield.

During the course of 2011 the addition of several new faces has helped strengthen the Town's commitment to its residents. In March, the Selectmen welcomed Robert Wimpory to the Board of Selectmen. In June, the Selectmen welcomed Tim Murray as the new DPW Director. At the end of November the Selectmen welcomed Aaron Patt as the new Town Administrator.

The DPW and the newly formed Roads Commission has been working on a road renovations program including costs per year and 'road priority'. Although, the final report is still in the works, Tim has come up with some ideas to buy us some time so that we can consider what our next move will be. It is possible that we may have to consider a bond in 2013 in order to address the road issues. As we move forward into 2012, we will hold public hearings for the town's input so that everyone can understand the decisions that will have to be made.

In November the Selectmen, despite the new ConVal teacher's contract, set the tax rate with only a modest increase, utilizing a portion of fund balance and ongoing budget management efforts. The Town has now regained its bond rating having turned a deficit into a positive fund balance. 2012 will no doubt, continue to bring unique challenges and opportunities for Greenfield, but through the joint efforts of the employees and residents, Greenfield will continue to thrive as we look towards a bright future together.

Respectfully Submitted,  
Greenfield Board of Selectmen

Aaron Kullgren, Chair  
Karen Day  
Rob Wimpory

## CODE OFFICER REPORT

2011 has been another quite year for building in Greenfield as it has throughout the country. I should also mention that CO2 detectors are now required in all residences to be located on each level of the building and immediately outside sleeping areas. An interesting trend this year has been the instillation of a number of standby generators in residential buildings. There have also been a number of buildings that have upgraded their electric service. This is a sure sign that we need more electricity to run the average home. As of December 23, 2011 the State Fire Code has been updated to the 2009 issue of The Life Safety Code and the Uniform Fire Code. These two codes are primarily directed at safety in the use of our buildings.

The following table shows the permits for the last four years.

<b>Type of Permit</b>	<b># for 2008</b>	<b># for 2009</b>	<b># for 2010</b>	<b># for 2011</b>
New Homes	7	3	4	5
Additions & Renovations	12	10	9	9
Out Buildings	11	6	9	7
Decks		3	4	1
Other	3	4	20	14
Total permits	33	26	46	36
Fire Inspections	9	6	4	3
Health Inspections	7	4	4	5

I wish to thank the citizens and craftsmen who live or work in Greenfield, for their support and efforts to make the job of Code Officer an enjoyable and learning experience for me.

Peter Hopkins  
Code Officer

## CONSERVATION COMMISSION REPORT

During 2011, the Conservation Commission coordinated the seventh annual town-wide roadside clean-up effort, collaborated with both the Planning Board and library, and met with local land trusts to discuss several pending conservation easements.

While the weather was not cooperative, those town residents who braved the rain enthusiastically cleaned up Greenfield during the Roadside Roundup on April 23, 2010. Thanks to our numerous volunteers for helping Greenfield be a beautiful place to live. We collected over 100 bags of trash, down from previous years. Special thanks go out to the GIVers, the Greenfield Woman's Club, and all the merchants who participated in the raffle. The GIVers lent the manpower needed to stuff the envelopes that went to every household in town, the Woman's Club again put on a wonderful dinner to reward our Road Rangers, and various merchants in the area provided wonderful raffle prizes.

With the continuing economic downturn, we had no wetlands permits to review. As the economy turns around, we anticipate more development in Greenfield will take place on parcels that contain wetlands and that we will continue to work closely with the Planning Board and Zoning Board of Adjustment when a development may impact any of our wetlands. We continue to assist residents with the conservation easement process, answering questions and providing as much information as possible to landowners who wish to see their land remain as open space.

We supported the library and helped to co-sponsored the Eyes on Owls program on September 25. Those attending got to see our smallest (Saw-Whet) and largest (Great Horned) owls up close. The showiest of the bunch was the Snowy Owl in its pristine white weathers. Absolutely beautiful animals!

Lastly, we again had an information booth at the Blueberry Jamboree on August 6. For those who stopped by, we had several town maps and heard people's wildlife stories. We also sold 36 blueberry bushes.

The Commission lost one of its long-term members this past year. Roger and his smile will be greatly missed at our meetings. We have several vacant positions and we enthusiastically encourage people to join us as a full member or volunteer. We have several projects we would like to pursue but cannot without more people. We meet at 7:30PM on the 4<sup>th</sup> Wednesday of each month, in the Town Office Building. We're a hard working bunch, but we keep the mood upbeat and fun (some tell bad jokes and we frequently offer cookies). Please join us.

Neal Brown  
Karen Day  
Carol Irvin, Chairman

## DEPARTMENT OF PUBLIC WORKS

Let me begin my summary of the year by introducing myself as the new Superintendent of Public Works for the Town of Greenfield as of June 2011. I am looking forward to serving this community and utilizing my 25 years of civil construction experience on behalf of the Town of Greenfield.

The road crew has worked diligently this past year alongside the newly formed Roads Commission to determine the best use of our manpower and funds. Some of the major projects we have completed since June include: Road reconstruction and a 48" culvert replacement on Slip Road, Swamp Road received twin 36" culverts and a substantial amount of gravel to bring the roadway to the proper elevation, and Holden Road also had failed culverts so it required the replacement of twin 24" pipes. Due to the high water issues on Holden Road and Miner Road, the road elevation was increased to help alleviate this concern. As part of numerous culvert repairs completed throughout town the overfill at Sunset Lake was also addressed. Old Lyndeborough Mountain Road Bridge had the old concrete blocks removed and a proper guardrail was installed as well as extensive drainage and pipe work to control water issues.

Some of the projects we were excited to be a part of include: the installation of new playground equipment at Oak Park. Additionally the DPW worked at the Library to fix some long overdue repairs to the basement of the building.

Residents may have seen our department out this fall trimming trees, this project was initiated to reclaim and maintain proper road width and height clearances. This will continue annually, as only a portion of Town Roads were completed this fall.

The DPW is regularly out ditching and grading and responding to resident's calls and concerns. Our dedicated staff works to keep equipment well maintained, and roads safe for winter travel.

Moving into 2012 the DPW has developed a plan in conjunction with the Roads Commission to address the major road reconstruction that needs to occur. Mountain Road is the first priority on the list and Old Bennington is next.

In closing I would like to thank you for your patience in dealing with the making of a brand new dedicated team at the DPW. We look forward to serving the community and welcome any comments you may have, please do not hesitate to call or e-mail with your concerns so that we can be respond in a timely manner.

Respectfully,

Tim Murray

Superintendent of Public Works

## **FIRE DEPARTMENT ANNUAL REPORT 2011**

The Greenfield Volunteer Fire Department had a 15% increase in call volume this past year. The total number of calls was 206, up from 174. Of that increase, fire calls were 107, up from 64 or 60%. Rescue calls were 99, down from 110 or 10%. The run summary breakdown will be available upon request.

Our oldest pumper truck has been replaced with one that is 10 years newer and in much better all around condition.

Currently we have 1 member in the process of becoming a certified firefighter and 1 member in the process of becoming a certified EMT. This will bring our certification levels to 6 firefighters and 10 EMT's.

Several of our members have moved away over the past year but we recently have had 4 new members join us. We are very grateful for these new members and look forward to the excitement that they bring to the department with their enthusiasm.

The CodeRed emergency notification system in service providing a means for everyone to be notified in a timely manner (that has enrolled) when there is an emergency event that warrants providing pertinent information regarding your personal safety and the town's emergency services.

A new service we were able to obtain this year for our members at no additional expense is texting of emergency calls as they occur being sent to our personal cell phones. This helps to insure that our members receive these emergency notifications and also provides the location and nature of the emergency at the same time which provides a reference when there is a need to recall or clarify.

We truly appreciate the support of the voters and local businesses. Please consider becoming a volunteer member of the Fire Department, whether you are 18 or retired, we have an opening for you. No experience required. All necessary training is provided (no charge). Just call 547-2222 or 547-3501 anytime and leave a message or stop at the station as a welcomed guest on any of the 1<sup>st</sup> four Tuesdays of each month when we have meetings, trainings, etc.

Respectfully Submitted, Loren D. White – Fire Chief

## WELFARE DIRECTOR'S ANNUAL REPORT

The past year has continued to present financial challenges for the residents of Greenfield, and that resulted in an increase in assistance from the Town. Continued prolonged unemployment and underemployment, more incidences of lay offs of long term employees, and increases in fuel and utility costs have all contributed to the hardships people have had to face. This Department and the Select Board have responded to the needs in a timely and compassionate way. I would like to thank the Board for their concern and feedback throughout the year to this Department to ensure the needs are met in a fiscally responsible way. The Welfare budget is funded entirely from our resident taxes, so the care and welfare of those in need is a responsibility shared by all of us.

The Town assisted 22 families in 2011, which is the same number as last year. However, there was a 51% increase in the number of vouchers for assistance issued in 2011 over 2010. The largest expenditures were for rent/mortgage assistance, utilities, and burial of indigent residents. The average monthly expenditure amount from this office was \$2000.00 a month in 2011. The 2011 budget reflects an increase to address the increased need.

The majority of the recipients were families with children. Several residents were assisted with obtaining housing after being homeless or at risk of becoming homeless. The regional shelter system was not utilized this year, although referrals were made there several times. The cost to the Town to pay for someone in the homeless shelter is more expensive than an affordable rent, and landlords are often willing to negotiate with this Department an amount they will accept to stop eviction that may not be all that is owed. Mortgage lenders have not been willing to negotiate, and the many problems homeowners in trouble faced in trying to get mortgage and interest relief resulted in the Town assisting with some mortgage payments. Welfare liens were filed with the Hillsborough County Registry of Deeds on those properties, so if the property is sold the Town will be reimbursed for the amount of assistance provided.

Part of the "art" of administering Town Welfare assistance is providing applicants with referrals to other community resources. Another is a close review of budget management as part of the application process. While the Town has no authority to direct anyone to eliminate anything from their budget, the Town has clear guidelines as to what is considered a basic needed expense and a maximum amount that can be included, based on family size, in determining if the resident qualifies for assistance. The application is very thorough and requires verification of the information provided, along with a signed release of information to allow the director to clarify information as well. The application must be complete and signed before the process of determination can begin. Walk in hours are Tuesdays 3-5 PM and by appointment and applications can be downloaded off the Town website or picked up at the Town Offices during regular business hours.

Again this year I would like to thank the wonderful organizations and individuals that generously gave to residents in need: Greenfield Covenant Church, Divine Mercy Parish, Operation Santa, the GIVers, Crotched Mountain Rehabilitation, and other "angels". When we help each other, we are rewarded many times over.

Respectfully Submitted,  
Patricia LaPree

## PLANNING BOARD

This has been a busy year for the Planning Board. The Board completed two CIP proposals in the calendar year, two Site Plan Reviews and numerous regular meetings and public hearings on the Cell Tower application for 46 Zephyr Lake Road. Despite difficult economic conditions, 33 Building Permits were issued, of which 5 were for new homes. After two years of preparation, working closely with the Conservation Commission, Southwest Regional Planning and the State DES, we will propose to you a Groundwater Protection Ordinance on Town Meeting Election day, in addition to several other changes.

Preparation of this report provides an opportunity for reflection on and assessment of where we are as a community from the perspective of the Planning Board. The past decade has seen tremendous change in the development of our community. From a population of 1,657 in 2000, we have grown to 1,749 residents according to the 2010 US Census. During that time, the following have occurred:

Greenfield Commons development	Fire Station Addition
Expansion of Fairpoint(Verizon) Building	New Addition to the Stephenson Library
New Historical Society Building/Barn	New Elementary School
Conversion of the original Elementary School to Town Offices	
Redevelopment of the down town area/ construction of new community septic system	
Renovation and redevelopment of the Harvester Market (Delay's)	
Renovation and redevelopment of the Greenfield Meeting Place (Carbee's Corner)	
Continuing developments at Oak Park	

Simultaneously, many other less visible changes have occurred as Town Departments (Police, Fire Department, Public Welfare, Town Clerk, Recycling Center, DPW, Library and others) have struggled to continue services that we have come to expect and respond to new needs as the Town grows.

In a day when it is popular to characterize government as the problem, none of this would have been possible without the initiative and leadership of dedicated Selectmen, town employees, members of various town boards and thousands of hours of volunteer service by dedicated community members in such diverse endeavors as the PTO, Oak Park Committee, Greenfield Trails Association, the Historical Society, Woman's Club, Friends of the Library, the Givers and many others. Significant investments by Federal, state and regional agencies like the State School Building Aid, ConVal School District (Regional Government), Southern NH Services (Hillsborough County Community Action Agency) and Federal Grants from HUD, FEMA etc. have contributed as well. Many of our local non-profits, like the Barbara C. Harris Center, Plowshare Farm, and the Crotched Mountain Rehabilitation Center, make significant contributions in various ways. Similarly, major investments by private businessmen have provided local economic opportunity and tax revenue. Thanks go out to Bob Grunbeck and his associates for their work on the Greenfield Meeting Place. No effort has been spared on their part to renovate the former Greenfield Industries property with an eye to historical renovation, public safety and aesthetics. We look forward to having a place for the community to convene for their morning Jo! This development and the work of Peter Davenport at Harvester Market have really improved the downtown area. We can't help but feel a growing sense of community.

Of course, central to all of this is the support of local tax payers. Despite difficult changing economic conditions of the last decade, they have been the foundation upon which these changes have been built. None of these changes have been easy-change seldom is-but through spirited discussions, arduous Town Meetings, vivid, sometimes contentious Public

Hearings and genuine collaboration of all on both sides of the issues, Greenfield is where she is today. We should give ourselves a B, above average with room to grow.

This year, the Planning Board, in conjunction with our consultants at the Southwest Regional Planning Commission, has begun our work for the new Master Plan, the third since 1986. These plans have helped shape the developments to which we have referred in this report. Many opportunities will be provided to hear from you, the public, on where you feel the Town should go in the future. We need your help and input. Watch for public meetings, photo opportunities, community surveys, articles in the Greenfield Spirit and public hearings seeking your opinions. Planning Board agendas and minutes are available on line and at the Town Office...feel free to come to our meetings and hear/participate in the discussions. After all...it is your town. The evidence cited here speaks for itself... Clearly, together we do make a difference.

Respectfully submitted,

Greenfield Planning Board  
Robert Marshall, Chair

## GREENFIELD POLICE DEPARTMENT Report 2011

In 2011, the Greenfield Police Department received three grants. They were from the State of New Hampshire and the United States Department of Justice. These grants totaled \$7,049.60

These grants were:

Greenfield State Park Underage Alcohol Enforcement Patrol \$3,000.00

Greenfield State Park Enforcement Patrol \$2,052 00

United States Marshals Service \$1,997.60

The grants received through these sources helped with additional staffing of police personnel on weekends for specific patrol functions during peak times and purchasing of equipment that otherwise would not have been budgeted for.

The Greenfield Police Department further generated a total of \$4,638.97. This revenue was generated through court fines, pistol permits, criminal and motor vehicle reports, and parking violations.

	<b>2010</b>	<b>2011</b>
Calls for Service	2,266	3,020

Motor Vehicle Accidents	66	40
Motor Vehicle Complaints	43	33
Motor Vehicle Stops	1,013	1,587

I am pleased to announce that Officer Frank Shea was sworn in on July 14, 2011 by the board of selectman. On November 18, 2011 he graduated from the New Hampshire Police Standards and Training Academy. During this time he graduated Number One in his class and received the Councils academic award. Currently Officer Shea is in the final phase of the FTO program (Field Training Officer) He should be working independently sometime in mid January of 2012.

Officer Shea started his service to the Town of Greenfield as a senior at Con-Val High School when he did an internship with us. He attended the University of New Hampshire and

*“Dedicated to the Safety and Security of Our Community”*

graduated in May of 2011 with a Bachelors Degree in Sociology with a concentration in criminology. Officer Shea is a great addition to this department and I am extremely proud of him.

Please note that the calls for service do not reflect the phone calls received directly at the police station on the 547-2535 line, nor does it include individuals who stop at the station requesting police services.

Please call the Greenfield Police Department at 603-547-2525, if you need immediate police assistance.

Respectfully,

Brian L. Giammarino  
Greenfield Police Department

*"Dedicated to the Safety and Security of Our Community"*

## GREENFIELD RECYCLING CENTER

First, I would like to thank all of the residents who use the Recycling Center for your help and kindness during the year. Your enthusiasm is very much appreciated. Your dedication has kept many items out of the waste stream such as plastics, aluminum, paper, cardboard, metal, tires, glass, textiles, batteries, demolition, appliances, and used oil, just to name a few, saving the town money and generating revenue to offset the cost of the center.

When I began my position at the Recycling Center in December of 2010, I found many issues that I needed to deal with. After consulting with DES, there were some items that needed to be addressed in order to bring the center into compliance with state rules. Most of the issues have been addressed during this past year except for long term issues which I am still working on.

This year, we have started recycling many new items such as Cell Phones for Soldiers. Two full boxes have been sent out already. We are also collecting old eyeglasses for reuse, a good recycling opportunity. For the school, we are collecting ink or toner cartridges and Box Tops for Education. We have also provided a spot for good used egg cartons for reuse. These are always in demand for fresh eggs. We also collect vegetable oil and used motor oil. The used motor oil is used to heat the center during the winter, which saves the town money. All of these items are being kept out of the waste stream reducing the cost of trash disposal.

In addition, old flags are collected and given to the VFW for proper flag retirement, used batteries of any sort are collected, along with compact fluorescent lamps or bulbs, and unwanted electronics are properly disposed of. These are all recycled using only certified vendors. Two new bulletin boards have been added this year, thanks to Bob Marshall. New shelving has also been added in the Mini Mall and Library, and more future upgrades are being planned.

This year, the total weight for all the trash was 263 tons. The cost to haul trash away is \$115 per ton which equals \$30,245. You have recycled a total of 92 tons of recyclables. If all the recyclables were thrown in with the trash, the total weight would have been 350 tons, which would have cost the town approximately \$40,500 to haul away. But because you do recycle, 92 tons were removed from the trash which saved you \$10,580 in hauling fees.

In addition, the following items were processed and revenues were received for them:

Plastic – 8.06 Tons	Cardboard – 14.38 Tons
Mixed paper – 59.85 Tons	Steel cans – 3.1 Tons
Aluminum – 2.44 Tons	Metal – 19.50

The total revenues for 2011 came to \$22,209. This includes fees that we must charge for some items.

Toward the end of 2011, prices began to drop on just about all recyclables. With any luck, prices will rise again in 2012. Until then, we are continuing to store our recyclables in anticipation of better prices to come.

I would like to express many thanks to all who have volunteered their time at the center. There have been times when I've been short-handed and the help of volunteers has made a huge difference in getting the recyclables processed and the center cleaned up for the next open day. Your contribution is very much appreciated.

Respectfully submitted,  
Carol Burgess, Supervisor  
Wayne Griffis, Attendant

## STEPHENSON MEMORIAL LIBRARY TRUSTEES' REPORT FOR 2011

### THE YEAR'S HIGHLIGHTS:

**Kristin Readel was recruited to replace Chris Tarrío as Director of Youth Services (a.k.a. Children's Librarian).** Kris is a crackerjack! Just ask the children and their parents about her and her programs.

**A privately funded technology replacement plan was conceived and implemented.** The Board worked with the Friends of the Library to raise private support for a Computer and Technology Fund, and, thanks to many generous Greenfield donors, \$7300 has been raised to date. Please drop in and see how these funds are being spent. The cranky old computers and the antiquated automation system have been replaced with state-of-the-art equipment. The Library now can offer Greenfield citizens not only blazing-fast machines, but also the only free\_high speed internet access in town. Please drop in and take one of these new machines for a spin.

**A new, Saturday-open schedule has been planned.** The results of a poll of town residents strongly favored Saturday hours. If Town Meeting goes approve funding for these new hours, the Library's schedule will change in late March to the following :

<u>Open to Public</u>		
Wed	10:30 - 8 pm	(9.5 hr)
Thu	10:30 - 6 pm	(7.5 hr)
Fri	11:00 - 4 pm	(5.0 hr)
Sat	10:00 - 2 pm	(4.0 hr)

**VISION FOR THE FUTURE:** We have begun to develop a long-range plan to enhance the role of the Stephenson as a community resource. Our first step in this process has been to upgrade our "hardware" (see above) and, thus, provide residents with better tools for coping with the explosive change in information technology. Other steps under consideration include "unconventional" roles for the library - for example:

Serve as a major hub in the Town's Emergency management system. Do you have any other "outside-the-box" ideas to share?

**2011 STATISTICS:** Visitors 6,823; circulation 12,519; computer use (PC) 983; Wi-Fi use 464

**THANKS** to all who donated books and other materials and who cheerfully gave your time for the benefit the library - You are very much appreciated.

Respectfully submitted,  
*Jami Bascom, Trustee*  
*Neal Brown, Trustee & Chair*  
*Bruce Dodge, Trustee*  
*Mary Ann Grant, Alternate & Treasurer*  
*Scott Jones, Alternate*  
*Robert Marshall, Alternate*

## **BOARD OF TRUSTEES**

It was a year of change for the Cemetery Department, as we said goodbye to the longtime sexton and began supervising burials in Greenvale Cemetery by ourselves. Thanks go to former sexton Phil Woodbury of Peterborough, who kept tabs on the cemetery from the days of Marjorie Aiken and trained the current board in the ways of good cemetery care.

Merrill Villmore of New Boston Road, the person responsible for the improved shrubbery and tree care in the town cemeteries, now assumes the role of sexton, a colonial term for caretaker of a church and graveyard. With the board taking over scheduling and arrangement of burials, the town will now see revenue from these activities which will help offset maintenance costs that are paid primarily from taxation.

The town DPW helped install a new power line for the water system and this spring will see completion of the water project, with a new submersible well and a proper housing on top of the hill above Zephyr Lake.

The board would like to remind residents that guidelines exist for the decoration of graves and they are posted on the cemetery gates and on the town website. This board has been more lenient than in the past, when strict prohibition against plastic flowers was enforced. The current policy is to allow free expression of grief for a period of months following a family's loss, then we ask that the gravesite be kept in conformity with the rest of the cemetery. This refers to sporting memorabilia, stuffed animals, temporary monuments and the like. Please consult a cemetery trustee if you have a question about this policy. We are glad to help.

Our rates for lots remain the same but we will be considering changes in lot sizes during the coming year, to keep with the current trend toward cremations. In many cases 20-by-10-foot lots are no longer necessary and we plan to develop more options.

On the trust fund side, the financial picture remains bleak, with interest rates sunk beneath the one percent interest level. We still give out an annual scholarship, aid to the library, welfare fund and cemetery maintenance, but at much lower levels than in the past.

Our practice remains to invest in the safe bank Certificates of Deposit, having never lost a penny of our investments to the stock market, but the payouts remain slim until the economy improves. The board has been pleased to assist the town in ongoing maintenance of capital reserve accounts, helping improve the town's overall financial standing.

Because of the low rates, we did canvass other banks this year and found that People's United Bank, where our funds currently reside, still offers the highest rate of all the poor choices.

The Board wishes to acknowledge volunteer efforts this year from Carl Young of Plowshare Farm, who is a great help in maintaining Greenvale Cemetery and Patty Donovan, who has been repainting fences at the Meetinghouse Cemetery, a project that will continue this spring.

We also benefited from the community service work provided by inmates at the Hillsborough County House of Correction this summer and we're confident it's a good influence on these men to spend the day working in an environment such as they experience in Greenfield.

Respectfully Submitted, Board of Cemetery Trustees/Trustees of the Trust Funds

Gil Bliss, Margaret Charig Bliss and Janet Moller

## **ZONING BOARD OF ADJUSTMENT REPORT 2011**

During 2011 activity before the Zoning Board of Adjustment was virtually uneventful. Although The Board met regularly to review changes in ordinances, receive updates on regulations and laws only two hearings were brought before us. There may be more than one reason associated with this lack of activity; however it is a tribute to the planning Board, whose duty it is to continually update regulations and ordinances making trivial and sometimes meaningless appeals unnecessary.

Over the years the ZBA has had very little turn over, a trend we believe to be in the best interest of the Town given the complexity of matters that come before us. As Chair I continue to be very proud of our Board and its members. This year Dale Sanford resigned from the Board after serving the Town well for a number of years. We added Mark Long as an alternate to fill that vacancy within our ranks. I am confident in Mark's abilities, and impressed with the enthusiasm that he portrays.

We continue to work closely with our Sister land use Board, the Planning Board, to ensure that we act as directed by you, the people of Greenfield. We salute Mr. Gil Morris who resigned as PB Chair this past year for his dedication and efforts, and look forward to working with Mr. Robert Marshall as he assumes that role.

As a reminder it is the duty of your ZBA to hear appeals from any order, requirement, decision or determination rendered by an administrative official or Board relative to land use regulations, ordinances, or State and Federal laws.

The Board would like to again thank you for your continued confidence in us as we strive to render our decisions in accordance to Local, State, and Federal regulations; while keeping in the forefront the spirit in which you the voters have enacted our local ordinances.

Respectfully Submitted,

John J. Gryval, III, Chairman  
Daniel Dineen, Vice Chairman  
Kevin O'Connell, Member  
Roger Phelps, Member  
Craig Pettigrew, Member  
Loren White, Member  
Mark Long, Member
