BARBARA C. HARRIS CAMP

The Board of Selectmen has reached a settlement agreement with the Barbara C. Harris Center with regards to a "payment in lieu of taxes" (PILOT) - a portion of that settlement includes:

1. "Camperships" to allow two children from Greenfield who need financial support to attend the summer camp programs at the center free of charge for up to two weeks per/child.
2. On an "as available" basis, to allow the ballfield to be used for local baseball or softball league play.
3. They will also be offering a "community day" at the center. Residents of the town will be invited to visit the center to make use of the facilities that are conveniently usable for such an occasion. The Center shall determine the date of the community day and services and facilities that can be made available for the occasion.
4. The center will also offer short term emergency support for the emergency

needs of residents of the community for food & housing as available.

SPARKLERS: A wire or stick coated with a pyrotechnic composition, not exceeding 3.5 oz per item. Pursuant to NH RSA 160 - B: 16, sparklers shall not contain any chlorates or perchlorates.

GREENFIELD ELEMENTARY SCHOOL NEWS

We would like to thank everyone for sending in the Boxtops for Education coupons from General Mills products. We earned almost \$450 this school year as a result of your efforts. With your help, we can raise even more next year.

continued on page 4

continued from page 3

Please continue saving your boxtops over the summer months. There are drop-off locations at the post office, Delays, town hall, recycling center and the library. These boxtops are a great way for Greenfield Elementary to earn money throughout the year, even over the summer months.

The Box Tops program is an excellent way to raise money for the school! The Box Top coupons are available on a wide variety of products that we all use everyday, so no extra expense is involved. Not only does the Box Tops for Education program help to reduce waste in our local landfills, it provides much-needed funds for our schools. I am sure you will agree that we need to re-use instead of dispose of any materials that we can...and we might as well get paid for doing it at the same time!

Remember, the program involves saving the Box Tops For Education coupons from participating General Mills products. GES receives 10 cents for each one we send in, and can earn up to \$20,000 each school year! It is surprising how many products offer these beneficial coupons; products like cereal, fruit snacks, Old El Paso tacos, Yoplait yogurt, Betty Crocker dessert mixes, Gold Medal flour, frozen pizza, Green Giant vegetables, Pillsbury items, Bisquick, Hamburger Helper, etc.

Don't forget to save your used toner cartridges too. By donating them to the school instead of disposing of them at the recycling center, you can earn money for the school and help to save the environment at the same time!

We hope you all have a safe and happy summer!

Spring Fling Carnival

The Greenfield Elementary School's Spring Fling Carnival is back by popular demand. This year's festival will be held on Saturday, June 10th from 10:00 – 3:00. The event will include a dunking booth featuring many well-known townspeople, plant sale, clog dancing demonstration, crafts, face painting, an inflatable moon bounce, hot dogs, pop corn, cold drinks, baked goods, white elephant sale, cake walk,

spin art, games with guaranteed prizes and lots more. This is a great way to enjoy a fun day out with family and friends. We hope you can join us.

Greenfield Elementary is located at 860 Forest Road. In the case of rain the Spring Fling will be held on June 11th from 10:00 – 3:00.

Parent Teacher Organization

The Greenfield Elementary School Parent Teacher Organization would like to thank everyone for their generous support. The students and their families are grateful to the residents of Greenfield for their fundraising purchases, donations of goods or services and continued contributions of Boxtops for Education.

The money that we raise is used to fund PTO sponsored student enrichment projects and purchases for the school. Some of the various student enrichment projects funded by the PTO include cash donations to the Harris Center and Conval Arts Enrichments programs; after school activities such as scrapbooking, talent show rehearsals and weaving; the Sundae Reader program which encourages students to read over the summer months; Family Fun Nights; and much more. Some of the past purchases that we have made are the beautiful weathervane on the school, a memorial bench dedicated to beloved Town Librarian Velma Stone and the school's durable playground equipment.

Thank you all for helping to make it all possible. Fundraisers and community involvement continue to be essential to the accomplishment of our goals. All our fundraisers are highly profitable and vital to the continued support of the students and school. Thank you Greenfield!

CONSERVATION NEWS

Turtle Time!

Between May and July, female turtles will leave the water and seek out soft, sandy soils in which to dig a hole, lay their eggs, and then return to the water. Unfortunately, turtles are often seen laying eggs on the soft shoulders of roads. The best thing to do is to leave them be, and hope for the best. The

eggs will hatch sometime between September and October. Once hatched, the infant turtles' instinct is to head for the water.

Often a turtle may lay eggs in an area that is going to be disturbed, such as a child's sandbox or a pile of loam that is going to be spread. If this is the case, you can attempt to relocate the nest in a nearby area that will not be disturbed. Carefully dig up the eggs, noting how deep they were buried, and relocate them in a similar soft/sandy soil at the same depth. With any luck, come September or October, the eggs will hatch.

Turtle crossings!

Because mother turtles are crossing the road seeking higher ground to lay their eggs, please avoid hitting them and if possible, you might want to help the turtle across the road - but remember always to move turtles in the direction they are headed. If they are moved back to the side they came from, they will just try to cross the road again. Caution - be careful handling those snappers! Once the eggs hatch, be on the look out for babies crossing the road headed for the water. Sawmill Road, Zephyr Lake Road and Forest Road around Russell Station Road are some areas that see a lot of turtle traffic. The Conservation Commission has posted signs this year as a reminder to slow down and be careful!

Your Pets

Keep your cats and very small dogs inside at night, which is when predators are most active. Fisher, fox, and coyote are all species located throughout the state that prey upon small animals, which include squirrels, chipmunks, rabbits, as well as cats, very small dogs, or livestock such as chickens. When your pets or livestock are roaming outside, they are leaving their scent wherever they go. This is what attracts any of these predators. If you feel you must let your cat out, you may want to consider being outside with it since fisher, fox, and coyote keep their distance from humans. If you have a small dog, be outside when it is outside. If you have livestock, such as chickens, keep them in a pen instead of

continued on page 5

continued from page 4

letting them roam. You can contact wildlife control operators to remove fisher, fox, or coyote, but as long as the cat, dog, or livestock are allowed to roam around, predators will return.

Bears

Black bears are very active this year because they had only a thin layer of fat when they denned this winter. To avoid conflicts, follow these guidelines:

- Take down, clean and put away bird feeders (should have been done by April 1). Store the bird feeder until late fall. (Birds will do just fine with the natural foods available.) Bear damage to bird feeders is a common and growing Spring complaint.
- Clean up spilled seed below feeder stations.
- Keep garbage in airtight containers inside your garage or storage area. Double bagging and the use of ammonia will reduce odors that attract bears.
- Garbage for pickup should be put outside the morning of collection and not the night before.
- Do not place meat or sweet food scraps in your compost pile.
- Do not leave pet food or dishes outdoors at night.
- Clean up and/or store outdoor grills after use.
- Use a bear-proof dumpster.
- Never intentionally feed bears to attract them to your yard for viewing.

These guidelines are recommended so that you can stay safe while enjoying the wonderful wildlife that we have been blessed with here in Greenfield.

Roadside Round-Up

The Greenfield Conservation Commission would like to convey heartfelt thanks to all involved in our "Roadside Round-up," a town-wide clean-up which was held on Saturday, April 22nd in observance of Earth Day. An entire dumpster was filled! We would like to express our gratitude to all of the "Road Rangers" who participated, volunteers from the Fire Department and others who picked up the blue bags and helped coordinate at the transfer station, and participants from the Greenfield Elementary School.

The ham and bean supper that followed was attended by over a hundred people and was expertly managed by the Greenfield Woman's Club, who did an absolutely superlative job! We can't thank you enough for your help. Special thanks are also in order to all the donors of our raffle prizes: Greenfield Auto Service; Carbee's Corner, Sidetrax Cafe; Yankee Farmer; Delay's Store; Winrose Farm; NE Forest Products; Stonegate Farm; Ray Cilley; and LS and NM Repair Services. Finally, a big thank you to all of the Greenfield residents who gave up their Saturday to help beautify our already-beautiful town. It was a roaring success, even better than last year! THANKS TO ALL!!!

Open Space Supports Our State's Economy

Open space is big business in New Hampshire, where tourism and recreation, working forests, vacation homes and agriculture make important contributions both to our landscape and to our economy. Economic uses of open space in New Hampshire directly and indirectly contribute 25% of the gross state product and employ 16% of our workers. Thirty five percent of state and local taxes are generated by open space-related activities. With the state's population growing at 12,000 to 15,000 people a year, each town needs to find the most suitable places for affordable homes and businesses to support the growing population. Smart growth will plan for a variety of employment options and housing types, so both the young and old, working or wealthy can live in our town. The bottom line is that protecting open space means lower taxes in the long run.

According to the 2000 Census, New Hampshire has the fastest growth rate in the Northeast. Southern New Hampshire is absorbing most of the state's population growth and resulting residential development. In fact, projections indicate that 85% of the state's growth will occur on just 33% of the land area - mostly in Rockingham, Hillsborough, Merrimack, and Strafford counties. This growth is undermining the high quality of life

rooted in our natural and working environment and rural character. Not coincidentally, most of the communities that passed funding for protection of open space in the past two years are in these counties and are along major traffic corridors, including Interstate 93, Route 101, and Route 16 where new residential growth is most concentrated. Citizens in these areas recognize that growth will continue, and that the most direct and permanent way to ensure public open space for future generations is to acquire land or conservation easements.

Greenfield's Future

Keeping in mind the now-accepted facts about how development drives up tax rates, the time has come for us to take action to protect our beautiful town. If you own land that you would like to protect, contact us. There are ways to protect your land for future generations to enjoy, and some of those ways don't cost that much money! Learn the different ways your land and other land in Greenfield can be protected and conserved - call Karen Day, Chair of the Conservation Commission, at 547-2985.

TEACHER OF THE YEAR

At its annual meeting on April 20th, the Hillsborough County Conservation District awarded Greenfield resident, Susan Morash, its 'Teacher of the Year Award'. Ms. Morash was cited for her outstanding and inspiring science curriculum at South Meadow School in Peterborough. Ms. Morash utilizes a greenhouse and large fish tank to increase student knowledge and interest of the natural world and its importance to the quality of their lives. Principal Dick Dunning praised her leadership as a teacher and colleague and one who has vision and commitment to her work with children.

SUMMER READING PROGRAM

Ahoy, Mateys! This year's summer reading program's theme is "Treasure Reading ". It will run from Monday, July 10th through Friday, August 4th.

As I mentioned in the last issue of the Greenfield Spirit, this year's program is designed to accommodate to your schedule. How this will work is that you come into the library each week of the summer reading program and pick up that week's activity packet. Included in the packets are games, and craft projects. With the first packet you will also receive lists of titles of books you may want to read and of sites you may want to visit. Along with the activity packets, there will be a reading challenge. Story time will be on Wednesdays at 10:30 AM with a local guest reader. For more information please come into the library or call us at 547-2790.

When this issue of the Greenfield Spirit comes into your homes, I will have already left the position of Children's librarian. It has been a pleasure serving you, and thank you.

Have a nice summer!

GIVers' CORNER

May, you're something else! First, you bring us drought and blackflies, and now flood! Despite this, the GIVers remain hopeful that you will have brought us Summer by the time this goes to press.

CURRENT DOINGS. Once again, we are readying hanging flower pots for the downtown light poles, and we are gearing up to run the food concession at the annual Historical Society Day at Oak park on Saturday, June 10. Bring an appetite. There'll be pizza, hot dogs, ice cream cones, water and soft drinks, and many other yummys at reasonable prices.

THANK YOU, "MYSTERY" DONOR. Recently, the GIVers received a gift of cash accompanied by an unsigned note indicating that the gift was a "token of appreciation of the GIVers' work and volunteering in Greenfield" and that "it was to be used as the GIVers sees fit". We don't know our benefactor, but whoever you are, please accept our thanks. We are very appreciative of this gift and the notice of our work that it conveys.

KNOW ANY NEWCOMERS TO GREENFIELD? We're still on the lookout for folks who have recently moved to town. If you know of any, please give MaryAnn Grant a call at 547-8856. MaryAnn is the point person for the GIVers' "Welcome Basket" program, and she would be pleased to receive any info about new residents.

DO YOU HAVE SUGGESTIONS FOR GIVers' PROJECTS?

DO WANT TO JOIN THE GIVers OR "TRY OUT" A GIVers MEETING? If so, please call Neal Brown at 547-2023 .

We hope that everyone who attends our Ice Cream Social Fund Raiser on Memorial Day finds it as "memorable" as we do. Thanks to all for your support.

Bulletin: Don't miss the next GIVers Corner! We'll be adding a new "Greenfield Trivia" feature.

SAVE YOURSELF A TRIP!

22 Slip Road

Antiques and Collectibles

Grand Opening

Friday and Saturday, June 2nd and 3rd
9 AM to 4 PM

Regular hours thereafter:
Fridays and Saturdays - 9-4

By appointment 547-3403 or by chance

Retirement should be fun and this is exactly what Adele and Ben Hale are doing as they expand their interests and hobbies into an antiques and collectibles shop. When they first met three years ago, they soon realized that their love of history, adventure and curiosity for the past were a common bond, and thus a shop began to evolve. After arduous hours of cleaning, renovating and disinfecting their old barn, their dream has become a reality. "FORGET ME NOT", located at 22 Slip Road, will offer a wide variety of treasures including (but not limited to) postcards, books, CD's, records, coins, stamps, furniture, glassware, kitchenware, buttons, vintage jewelry, ephemera, children's corner, prints, farm/garden and many one of a kind items.

The grand opening is planned for Friday/Saturday, June 2nd and 3rd, 9AM to 4PM. Thereafter, hours will be Friday and Saturday 9AM to 4PM. Appointments are invited at 547-3403 or amgretires@usadatanet.net.
