Pollinator Project – Meadow Park

Roger had mowed a section of the park in preparation of tonight's laying of the second black plastic. The GCC members rolled out the black plastic, using some additional fence posts from Stephanie and soil from Roger to hold the plastic down. Once this task was completed, the GCC was able to monitor the current growing wildflowers and the recent plantings. Roger has been watering the Butterfly bushes and the Foxtail Lillys. The GCC went on to discuss the Kiosk a little but the consensus is to hold off on it for a little longer.

Roger will contact Jeremy Gagnon about purchasing a bulk water tank through him because he is already set up as a vendor with the town office.

Kate motioned to adjourn at 8 pm, seconded by Roger. All were in favor; motion passed. The next GCC meeting will be July 21st at 7 pm at Meadow Park
