PERMANENT APPLICATION FOR PROPERTY TAX EXEMPTION

Solar Energy Systems

Any person owning real property equipped with a solar energy heating or cooling system, as defined in RSA 72:61 is eligible for this exemption but it must be filed by April 15th to be used this year.

MEETING HOUSE COMMUNITY CONVERSATION

The Selectboard is holding a special meeting for all residents to join us in a community conversation about our Meeting House on Saturday, May 4th. We will have a pot-luck lunch and then discuss the design and details of how our Meeting House could be repaired and upgraded to serve our town for the next 100 years.

The Meeting House preservation assessment is about half finished now and by May 4th, we hope to receive more information on that. However, we felt that the townspeople should be able to come and make their thoughts known about this building. The Meeting House is the jewel of the town and makes Greenfield, Greenfield, to all of us. It is where we make townwide decisions, where we have our chili cookoffs, murder mystery dinners, dances, parties, weddings, fairs, etc. It is in effect our community center.

While we have our ideas, we want to know what yours are. We plan to have a neutral facilitator to help us so that everyone can feel that they can contribute on an equal basis.

Everyone is welcome. Please come to enjoy a community gathering and bring a dish to share. Bring your thoughts and ideas along to share as well. We will gather at the Meeting House at 1pm to have lunch. This should give you time to get your errands done in the morning. Then we'll gather to eat lunch right away, because as we all know, you can't keep things hot at the Meeting House due to the inadequate electrical circuits!

So, Saturday, May 4th at the Meeting House at 1pm.

Please come and join us!

Greenfield's Economic Development Advisory Committee (EDAC)

Email: GreenfieldNHEDAC@gmail.com – Kathleen
Carpenter, Chair (603) 370-9147

Members: Kathleen Carpenter, Chair; Andre Wood, Vice Chair; Janice Pack, Secretary; Norm Nickerson, Member; Heath Mitchell, Member; Linda Gray, Member; Lara Hendrich, Alternate Member; Ray Cilley, Alternate Member; Roger Lessard, Alternate Member

We meet the 4th Tuesday each month at 6:30pm 2nd floor of the Town Office. Upcoming 2019 meetings are March 26, April 23, May 28, June 25, July 23, August 27.

ALL Greenfield Residents and Business Owners ARE WELCOME to attend our meetings. Please send a quick email to the EDAC Chair so we know you are coming.

What is EDAC? Our purpose is derived from the Greenfield EDAC Charter and consists of 5 primary objectives:

1. To advise and make recommendations to the Board of Selectmen and the Planning Board on issues relating to Economic Development;
2. to prepare information for prospective and existing businesses describing the advantages of settling in Greenfield;
3. to advise prospective and existing businesses in the approval process with other Town boards and committees;
4. to develop a long-range economic development strategy for the Town of Greenfield, within the parameters of the Master Plan, to be presented to the Board of Selectmen;
5. to provide a forum for Greenfield Business Networking.

A Message from The Chair:

Hello Greenfield residents and business owners! I am very excited to say that we have a very robust group of volunteers making up the committee. We have had two initial meetings and have begun brainstorming wonderful ideas for our town, its residents, and businesses. These ideas are based on the 5 primary objectives and will include specific goals and timelines for them to be accomplished.

Some of the items already in the works include bringing the Tourist Train back to Greenfield, and potentially offering more purposeful and planned stops along the way.

Another item on our immediate agenda is working with the

new owners of Greenfield Corner Properties at 4 Slip Rd and trying to encourage a new restaurant to open. One of our members has also been working on a plan to get the new downtown street lights finished, with a very out of the box approach to making this a zero-cost to the town effort. We should have additional goals set and prioritized for 2019 and am looking forward to working with this very focused and ambitious committee. Stay tuned as we will be providing updates regularly here in the Spirit! We are open for your ideas, so please email your thoughts and comments above!

Attention Students: If you are in need of community service hours please consider fulfilling this requirement helping your town government; please contact us at GreenfieldNHEDAC@gmail.com with your name and contact information.

GREENFIELD HISTORICAL SOCIETY

MOUNTAIN VIEW FARM

By Lenny Cornwell

In 1892, Mountain View farm was drawing a lot of attention from the young ladies in town. It was one of the popular destinations for the young women and their escorts - a favorite place to spend an afternoon.

The farm, located at the foot of Crotchet (Crotched) Mountain on the summit of the foothills was owned by Nahum Russell and his son, Frank. Nahum came to the farm at the age of seven. For sixty- seven years he had toiled on this land. The farm contained 800 acres spread over Greenfield and Frankestown. In 1892, Mr. Russell had the largest cornfield in all of Hillsborough County. The Russells milked thirty or more cows with the milk being sent to Boston. A few years prior to 1892, the Russell farm had burned, but being of strong constitution, Nahum rebuilt a fine home on a solid foundation. Nahum Russell also liked to observe improvements happening in his town.

From his dooryard, Mr. Russell could count twenty cellar holes, once the site of family homes and laughing children. One such cellar hole, the highest up on the mountain, belonged to Bootman (alternately sometimes spelled Boutman in the local papers). It is reported that Mr. Bootman abruptly left with his wife one night and took refuge in a cave on the shores of Otter Lake. No reason for this sudden departure was given.

According to a local paper of that time, "the scenery from Mountain View Farm will pay anyone to visit it". From the farm, an easy ascent to the top of the mountain could be made. Looking westerly, one gazed upon Sunset Hill where one of the first log homes had been constructed by Robert Rogers. Sunset Hill gave one a good view of the Contoocook Valley. To the north could be seen six or more cellar holes near the old road to Bennington. In the wall along the road was a stone with "I. B. 1779" chiseled into it. Supposedly, this marker identified one Issac Butterfield. The old school house, though slowly decaying, was still standing. In the so-called "Marshall pasture" stood the graves of children buried long ago. Mark Rogers who lived at the foot of Sunset Hill knew and could relate many stories of the olden days.

Information for this article was sourced from the Peterborough Transcript papers of the 1890s.

YOU MAY BE SITTING ON A TREASURE BELONGING TO THE GHS !

After its formation, but long before the construction of our Museum and barn, items donated to and belonging to the Greenfield Historical Society were dispersed and stored in homes and barns all around town. This was a typical practice back then.

Recently, some of these objects have been returned to the GHS and its permanent facilities. These articles have turned out to be "real finds" - important to filling in some of the gaps in our long village history.

Perhaps, unwittingly, you are storing some of the GHS's collection. During your spring cleaning or on a trip to the attic or out to the barn, should any of these items appear, we would love to have them returned to our collection . Did you know the Museum does have an archival room where objects are kept at appropriate temperature and humidity levels? Restoring our collection is one way to preserve Greenfield's history.

UPCOMING EVENTS

April, 2019: General Membership Meeting to review the budget and form a nominating committee. Date, time, location and program to be announced.

Wednesday, May 29, 2019 at the Museum at 6:30 PM. General Membership Meeting with a NH Humanities Program to follow at 7 PM . Glenn Knoblock will be speaking on weathervanes during his talk, " New Hampshire on High: Historic and Unusual Weathervanes of the Granite State ". We hope to have the Society's weathervane mounted on the barn cupola by then.

FYI

TO CONTACT THE GHS: E-mail us at: ghsociety@myfairpoint.net . Follow us on Facebook at: www.facebook.com/GreenfieldHS.

TO JOIN: Please call Bruce at 547-3451 to discuss the 3 tiers of membership.

TO UNDERWRITE THE GHS INTERNET SERVICE: Speak with Dale at 547-3377

TO PROMPT AMAZON TO DONATE WHILE YOU ARE SHOPPING ON AMAZON: Click onto the Amazon Smiles campaign.

TO DONATE: Speak with Amy at 547-3339

TO VISIT: Stop by the Museum on the last Saturday of every month, except December, between 10-12 or call Lenny at 547-2198 to arrange for another time.

TO DO GENEALOGY RESEARCH WITHOUT EVEN LEAVING HOME:

Use your library card to access the Heritage Quest computer program generously donated to the library's services by a GHS donor.

THE FIRE CHIEF'S CORNER

Volunteerism is probably one of the biggest challenges that most Fire Chiefs face right now, not just in small towns, but also the call departments of some of the larger communities. You can go to Town Meeting and vote for your Fire Department's operating budget and capital improvements plans and your Buildings and Grounds budget to help fund the maintenance of the fire station... but you can't make people volunteer. If you look at history, volunteerism isn't just falling off in the emergency services, it's also declining in some of the Town committees. Our goal is to keep membership high enough, so we don't face the problem of having this beautiful building and equipment, but no one to respond from it.

One way some communities start to grow their Emergency Services Roster is through a youth Explorer program. Exploring is a co-ed, career education program for high school and college youth. It is part of Learning for Life's career education program for young men and women who are 14 through 20 years of age. Youth who are 14 years old and are within 6 months of graduating the 8th grade can also register as Explorers. This program helps young people plan for the future by finding a career they are interested in. Exploring also develops leadership skills, promotes community involvement, volunteerism, and opportunities for hands-on experiences. The sponsors of Explorer Posts are organizations such as police departments, aviation centers, veterinary clinics, hospitals, and in this case, our Fire Department.

So, you may ask how an explorer post is beneficial for the Town of Greenfield? Simple answer; once a youth joins as an explorer, their fire service training starts. When they turn 18, they have the option to join the department with sometimes 2 or more years of fire service and EMS training. During my years of serving as Chief, I have had three explorers go on to full time careers in the fire service. I have also seen many stay active in their fire department, helping with the ongoing recruitment issues. Over the last couple of months, Rescue Captain Doug Batty has been working very hard with the Daniel Webster Council to charter and establish a youth fire exploring post for the Town of Greenfield. We are hosting a recruitment night on April 9th, at 6:30. Please feel free to stop by and have any questions answered, and perhaps enroll in this very beneficial and rewarding program.

What is the status of the Greenfield Fire Department roster? We have roughly 20 members, 10 members who are part of the bunk-in program and 10 members who live here in town. We run a monthly schedule that staffs a minimum of 2-3 members from 6:00 PM to 6:00 AM every day. This means you should always see someone at your doorstep if you need assistance from the Fire Department. Sadly, this also means several of the members and fire officers are taking multiple nights/shifts,

really stretching their commitment. My goal is to add 3-4 members from Town to the roster, allowing us to supplement the membership to prevent burn out. I often say, "what would happen if volunteers didn't"? Some have said it's an opportunity for small towns like ours to regionalize with other towns combining equipment and personnel. The problem with this is the other towns are having the same problem with staffing that we are, and the response time would be much longer than it is today. Before the year is out, I would like to do a member recruitment drive and open the station so people who may be interested in joining can come in and ask questions. Many people don't understand the commitment and minimum training requirements, and this would be a great opportunity to find out and ask questions.

We have been very busy with training here at the Fire Department. This past month, 4 firefighters Captain Mike Borden, Lieutenant Dave Simmons, EMD Dave Martin and Firefighter Todd Bryer recertified their EMT licenses. EMT's recertify every two years and they must have many hours of continuing education to do so. Greenfield is fortunate to do all the EMS training that is required for recertification in house. In February, most of the department members renewed their CPR and AED certifications. We also reviewed basic SCBA

Air Pack (SCBA) Training

(Self Contained Breathing Apparatus) training with some routine drills. Keeping basic skills sharp is key to good training.

The move from Peterborough ambulance to Wilton ambulance continues to go very smoothly. In February, a joint training was conducted at the Fire Station and Chief Desrosiers from the Town of Wilton brought most of his command staff and

Fire Chief's Corner continued

vehicles. This was a great opportunity for us to get to know each other better and the equipment that we both carry. Why is this type of training important? It puts a face to a name/title on each side of the services, allows us to compare equipment, helps us to be more aware of the level of care which we can jointly provide, and ultimately allows for smoother transfers of patient care in the field.

Chief Desrosiers showing us equipment carried on their ambulances

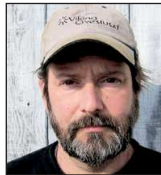

GFD and Wilton Ambulance Members

Our calls for the first 3 months have been a bit lower than previous years. However, this is not an indication of what the rest of the year's calls could look like. I have seen and responded to 3 calls in just 4 hours. We have had many EMS (medical) calls, but we have also had some challenging calls such as two motor vehicle accidents; one involving a propane truck that rolled over in a snow storm and the other involving a single vehicle that hit a tree requiring us to extricate the driver. These are all issues that we train for.

Every fire department has different complicated apparatus to learn to use. I'm quickly becoming familiar with our equipment and getting to know the members of the department better. You have an awesome Fire Department here in town and I'm humbled to be a part of it.

*Rick McQuade
Chief Greenfield Fire/Rescue*

FROM THE DPW ROADS DIVISION

HAPPY SPRING! FROM THE DPW CREW

Looks like another winter has gone by and now we are into muddy rough roads. And better weather? Or April showers? We will be fixing roads all across town!

Once the frost is out of the ground, we will start up the grader and get to the dirt roads! Some roads can take 2 or 3 days to get done right. Please understand that we have only one grader. We start on one side of town and move on to the next side (Eastside/Westside and all the dead ends). We have many road projects planned for this spring; dirt roads, brush cutting/trimming, replacing culverts and getting East road ready for phase#2 paving.

Please let us know if you have any problems with your road and we will come take a look and make a plan to get it fixed!

If you call the shop, please leave a message for us! We check them all the time! Not just on work hours. Sometimes we are here on the weekends if trees come down or any other problems come up.

Please call Greenfield police if it is a major problem. They can get in touch with us anytime.

Thank you!
Todd Mason and the DPW Crew

PUBLIC NOTICES ROAD CLOSING

Due to culvert replacement

New Boston Road extension

(Gravel section from East Rd to Francetown line)

Closed to all Traffic

Starting April 8th to 12th, 2019

CLASS V ROADS

Effective, March 22, 2019 all Class V roads in the Town of Greenfield shall be closed to vehicles weighing in excess of 6-ton. Anyone needing a special exception to this posted weight limit should contact the DPW at 547-3504. This posting shall remain in effect until April 30, 2019 or until conditions warrant.

Per order of Todd Mason, DPW Roads Manager

Greenfield Fire Department

Explorer Program

For more information, contact Chief McQuade at 325-7346

Benefits of the program include:

- Improved Self Confidence
- Leadership Experience
- Social Network Development
- Community Service Opportunities
- College and Career Readiness Opportunities
- Fun and Exciting "Hands On" Career Experiences

Fire & EMS Career Exploring is a hands on exploring program open to young men and women ages 15* to 19 years old with an interest in learning more about the career field in Fire, EMS, and Fire Emergency Services.

Come learn more at our Explorer Open House:

April 9th - 6:30 pm

Greenfield Fire Station

* Young men and women can technically join at 14 if they have graduated from the 8th grade.

Feel free to call the library at 547-2790 or email Beverly Pietlicki, Director at director@stephensonlibrary.org with any questions about services or upcoming programs. Your input is critical to the services the library provides to the community.

FROM THE RECYCLING CENTER

Spring has sprung! Sunshine, fresh air and longer days get us excited about new projects. That fresh coat of paint or change of décor freshens up our lives after the winter season. As spring clean outs start, we are happy to provide suggestions on how to make the most of your cast offs and the best place for your disposal items.

We would like to thank all for your support of the Recycling Center at Town Meeting. We are constantly researching new ideas for product recycling and networking for new vendors to buy and transport our materials and, we are dedicated to providing materials that are top quality and sellable. Like all the other components of this town; we are in constant motion, changing as necessary (whether seen or unseen/ with or without the public's involvement), relentlessly protecting the towns interest and persistent in achieving our goal of being the best at our jobs. These endeavors not only have Greenfield known for its principles in recycling but give us satisfaction each day that we are doing our part for a better environment.

What we can control - we do, what we cannot - we put forth our supreme effort to make it as worthy as it can be for you. We are here for you and your town hoping to meet your expectations.

HOURS: Tuesday 8am - 4pm, Thursday 11am - 6pm, Saturday 8am - 4pm

Please arrive 15 minutes before closing to allow time to process your load.

HOUSEHOLD HAZARDOUS WASTE: Collections in Keene have started. The schedule is posted as well as hand outs. Please ask if you have questions.

TAKE NOTICE: Please stay aware of your surroundings. Watch out for children and moving vehicles.

Thank you for your attention to safety.

REMINDERS:

- All trash must be in bags and tied closed. Thank You for your cooperation.
- All Metals, Brush, Mini Mall and Library items **MUST BE CHECKED.**
- Please have your load checked when you have items besides normal kitchen trash and recyclables. You may be surprised where some items need to go for processing and if fees apply.
- Remember you must also provide your own muscle power to unload heavy items.
- Lawn mowers and bicycles - if the lawn equipment can be reused please let us know the history.
- We collect used motor oil all year long which we use to heat the building throughout the winter.

• Only glass bottles and jars are accepted in the glass bin. "Other glass" (dishes, cups, Pryex, candles, vases, mirrors, all sheet glass, toilets, sinks, ceramics or other glass related items.) are to be deposited in the green metal barrel. Please ask where to deposit big glass items. If in doubt - ask.

We are always open for suggestions and look forward to seeing you.

Carol Burgess and the Recycling Center Staff

Happy Easter!

IT IS TIME TO LICENSE YOUR DOG

Please come in to the town clerk's office to license your pooch! Bring/send the current rabies certificate. You can license your dog by mail but will need to include a self addressed, stamped envelope for the return of the license and tag. (More than two licenses may require extra postage. Group licenses cannot be mailed)

Office hours are:

- Monday & Thursday ~ 4pm - 7pm
- Wednesday ~ 1pm - 7pm

Dog licensing fees are:

- Puppy (ages 4-7 months) \$6.50
- Neutered or spayed dogs \$6.50
- Unaltered male or female dog \$9.00
- Senior citizen dog \$2.00 (owner who is 65 years old or older on the first dog only)
- Group/Kennel \$20.00 (5 dogs or more, owned by one person at one address)

Failure to license your dog is a violation of State law (RSA 466:1-a). In addition to the annual license fee you will be charged a late fee of \$1.00 per month, per dog for each month (or part of month) after June 1st. A civil forfeiture fee will also be assessed in the amount of \$25.00 plus notification fees, which is payable within fifteen (15) days of receipt of the notice of failure to register your dog(s). If the forfeiture fee is not paid within that time, a summons to appear in court shall be issued in accordance with State law requirements.

AGE-FOCUSED PLANNING FOR SOUTHWEST NEW HAMPSHIRE

The Southwest Region Planning Commission is conducting a survey to collect information as part of an age-focused planning study for Southwest New Hampshire. Through this project, we will examine current and projected demographics as well as the wants and needs of residents. Current trends indicate a rapid increase in the older population combined with a decline among younger residents. A balance of all ages is important to be able to maintain a healthy and vibrant community. Some communities are finding it increasingly difficult to fill volunteer positions on local boards and for critical services such as firefighters. To assist with this effort, we need to gather information from residents from each of the 33 communities in which we serve. Your participation in this survey will provide the important information we need. We ask also that you share this survey link with others in your household as well as friends, neighbors, and co-workers.

The link to the survey is:

<https://www.surveymonkey.com/r/SWRPCAge-Focused>

If you would prefer to complete a hardcopy of the survey rather than the on-line version, or if you have questions regarding this project, please contact Lisa Murphy, Southwest Region Planning Commission at lmurphy@swrpc.org or by calling (603) 357-0557. Thank you for participating in this survey!

BUILDINGS & GROUNDS DIVISION

The winter months are good times to get organized and prepare for projects for the rest of the year. During the colder months, the buildings get checked 2-3 times a week and sometimes over the weekends. It wouldn't take long for the pipes to freeze in the event of a problem with the furnace. Even though all the buildings are on an automatic oil/propane delivery, doing these building checks allows me the time to catch when the oil tanks may be critically low from a missed delivery. I have helped the DPW from time to time this winter with plowing and sanding a few of the smaller roads, helping in the yard with deliveries (pushing up the piles) and even going around with them when roads are checked. I try to make myself available if they need assistance. In February, the septic tank at the Recycling Center was pumped after the septic alarm went off. This year all the town septic's will get their annual pumping. In February, all the municipal buildings had their fire alarm systems tested and inspected as part of the annual maintenance plan. Thankfully, nothing was found or failed, and all systems tested without problems.

This time of year is also a good time to go through the buildings at least once or twice to see if there are issues that need to be addressed. A perfect example of this is the small roof over the emergency exit that comes out of the basement at the Meeting house (facing Rte 136). Some of the shingles have blown off during one of the wind events we had over the winter and now needs repairs, possibly new sheeting and shingles. Once the weather warms up a bit, we will tackle this project. First thing in the spring, we will go through and pressure wash the tables at Oak Park and prepare the little concession stand building for the many rental events. Spring is a very busy time as we get the town ready for the season.

During the snow removal operations, a lot of prep work is done before the storms hit. You take time to go through all the equipment, check the fluids, grease all the fittings and make sure everything is working properly. I know the MT sidewalk machine has been a discussion over the last year or so. So far this year, knock on wood, the MT machine has performed very well. Two small mechanical issues occurred and the DPW staff had it right back up and running quickly. One issue was the chute on the snowblower needed to be replaced from wear and tear and the other was a cooling line had split that gives heat in the cab. Big thanks to the DPW staff for keeping the MT rolling. We have started ordering and receiving some of the parts for this machine to start a mini overhaul. Wiring harnesses and new gauges have been ordered and will be the first step in this process. Once the snow stops, the DPW staff will get into the machine and start replacing those since a lot of the old wiring is dried, cracked, and many of the gauges have stopped working.

Now that spring is around the corner, the spring grounds cleanup will start on all our Town Buildings and Cemeteries. This means we will see Jeremy out and about cleaning up all the winter messes made from plowing and he will be reseed-ing all the plow damaged areas on the grass. He will start cleaning out the flower beds and prepare them for new bark mulch. I think the smell of new bark mulch is only second place to the smell of fresh cut grass. There was a question at Town Meeting as to what the Landscaper is responsible for. This position is responsible for all grounds maintenance at all Municipal buildings, parks, beaches and cemeteries. This includes everything from spring cleanup of the yards and flowerbeds, all flower bed mulching and plantings, watering, all mowing, trimming and then all the fall clean up.

In mid-January, we had an unexpected breakdown of one of the two furnaces in the garage space at the DPW. These are the radiant tube heaters that heat the garage where the equipment is parked and repaired. After a discussion and some research, it was determined that we could not get parts for these units that are roughly 20-plus years old and we had to replace this one. It was decided that these types of heaters really are the best option for heating this space and a new furnace was ordered. Thankfully, this was found prior to the budget being set and we were able to add this cost into the 2019 operating budget. However,... that little murphy guy likes to run around and create havoc. A few weeks after this heater stopped working the second heater also died. The second breakdown was after the public budget meeting so I made the decision to heat the DPW garage with wood until the first new furnace could be installed. You ask why heat this space? There are many water lines in this space and these heaters also supply heat to keep the DPW trucks ready for quick storm response. For roughly 6 weeks the DPW garage was heated with 3 cords of wood. Now that the first new furnace is installed, we are over the real bitter winter temperatures and will get through to the spring. In the late fall of 2019, hopefully we will have money left over in our budgets to get the second furnace replaced without another increase to the 2020 budget.

New furnace being installed at DPW

CONSERVATION COMMISSION

MONARCH CALENDAR PROJECT

MonarchWatch.org is again seeking the assistance of hundreds of monarch enthusiasts (citizen scientists) in collecting observations of monarchs in their area during specific periods of the spring and fall. This project is an attempt to assemble quantitative data on monarch numbers at critical times during the breeding season. The data from these observations will be used to assess their value in predicting trends in the population. MonarchWatch is excited about the data they will be receiving - it looks like it is going to help explain some aspects of the monarch migration and "pre-migration". They will share a summary of the results as soon as they have everything worked out.

For some background information on this project ~ check out their website at: <https://monarchwatch.org/calendar/>

If you would like to participate this year, all you have to do is:

1. REGISTER (just so they know where you are located and how to reach you): www.monarchwatch.org/register

You will need to let them know your GPS coordinates in decimal form...to calculate that use the site: www.GPS-Coordinates.org

2. RECORD (keep a record of the number of monarch butterflies you observe each day during the time period dictated by your location)

Record every adult monarch seen in your location for specific periods depending on your latitude. To keep these records all one has to do is to list the number of adult monarchs seen each day in which seeing a monarch was a possibility. If you were outdoors and saw none, record a zero (0). On the other hand, if there was no opportunity to make any observation due to work or vacation, etc., leave that date record blank. There will often be days when monarchs can't be active due to weather conditions (e.g., low temperatures, extreme overcast, heavy rainfall). These intervals, if long enough, can also impact population growth. A "W" (for weather) should be entered for each of these days.

3. SUBMIT (at the end of the observation period ~ in the fall MonarchWatch will send participants a link to an online form to submit their observation data).

Our observation periods in the North are:

- OBSERVATION PERIOD 1 begins April 1st for those of us in the North (latitude greater than 35N) and ends June 20th
- OBSERVATION PERIOD 2 begins July 15 for those of us in the North (latitude greater than 35N) and ends August 20th.

Get your blank calendars here:

[2019-spring-north-apr-jun.pdf](#) (Apr-Jun 2019)

[2019-fall-north-july-aug.pdf](#) (Jul-Aug 2019)

This informational article was compiled by Candice Fowler by using the information and content on www.monarch-watch.org

EASEMENT MONITORING & BIRD WATCHING MAY 11

Back in 1996, Jerry and Shirley Adams placed a conservation easement on a 16 acre parcel known as Reynolds Field, which can be seen behind several homes up beyond the parsonage. The property still belongs to their heirs, but the Town of Greenfield is responsible for ensuring that the field remains an agricultural plot. It can be used as pasture, or to grow hay, but not corn.

As the Town's agent, our Conservation Commission is required to conduct an annual inspection of the field. For a number of years, we have chosen to combine this task with a bird watching walk.

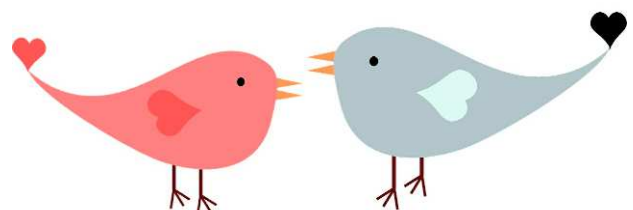

Early May is when many songbirds return from down south, sporting their brightly colored breeding plumage and calling for mates.

You are invited to join us at the Meeting House at 7 AM on Saturday, May 11. From there we can walk or carpool to the Emma Gipson Forest trailhead and follow the path uphill where we can gain access to the field.

This event will take place rain or shine, so please dress appropriately, and bring water, insect repellent, sunscreen, and sturdy footwear.

Call Roger Lessard at 603-933-3130

or email him at mtking@pobox.com with any questions.

Cooking Safety

Cooking brings family and friends together, provides an outlet for creativity and can be relaxing. But did you know that cooking fires are the number one cause of home fires and home injuries? By following a few safety tips you can prevent these fires.

"COOK WITH CAUTION"

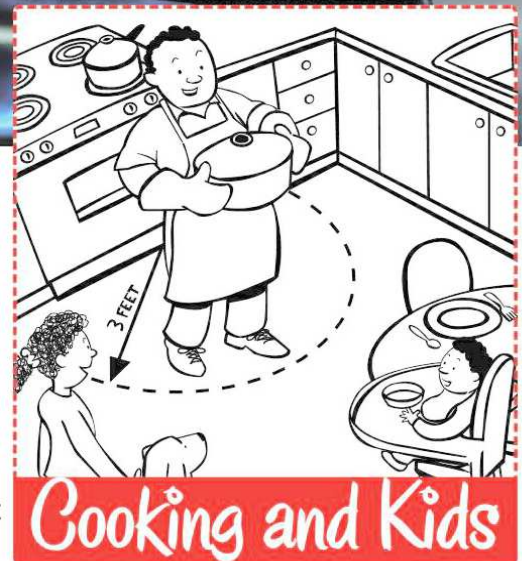

- » Be on alert! If you are sleepy or have consumed alcohol don't use the stove or stovetop.
- » Stay in the kitchen while you are frying, grilling, or broiling food. If you leave the kitchen for even a short period of time, turn off the stove.
- » If you are simmering, baking, roasting, or boiling food, check it regularly, remain in the home while food is cooking, and use a timer to remind you that you are cooking.
- » Keep anything that can catch fire — oven mitts, wooden utensils, food packaging, towels or curtains — away from your stovetop.

If you have a small (grease) cooking fire and decide to fight the fire...

- » On the stovetop, smother the flames by sliding a lid over the pan and turning off the burner. Leave the pan covered until it is completely cooled.
- » For an oven fire, turn off the heat and keep the door closed.

If you have any doubt about fighting a small fire...

- » Just get out! When you leave, close the door behind you to help contain the fire.
- » Call 9-1-1 or the local emergency number from outside the home.

Have a "kid-free zone" of at least 3 feet around the stove and areas where hot food or drink is prepared or carried.

FACTS

- ❗ The leading cause of fires in the kitchen is unattended cooking.
- ❗ Most cooking fires in the home involve the kitchen stove.

CVTC VOLUNTEER DRIVER PROGRAM

The Community Volunteer Transportation Company, or CVTC, is looking for more people to become part of our volunteer driver team.

Our drivers are all volunteers and use their own vehicles. They receive an optional reimbursement of \$.41 per mile on the trips they provide. CVTC provides transportation for non-emergency medical appointments, social services, grocery shopping, banking or visits to the pharmacy.

Trips needing a driver are listed on our secure website and each driver can use his/her computer to determine which trips would fit in with their plans. For those drivers who do not use a computer, our staff will help select trips that match time availability and complete a monthly mileage log.

For more information call 1-877-428-2882, ext. 5.

CVTC provides no-fee transportation for individuals without access to transportation because of age, ability, income, and/or life circumstance. We are a Monadnock United Way Partner Agency.

November 1st for the Dec/Jan Issue

January 1st for the Feb/Mar Issue

March 1st for the Apr/May Issue

PUBLIC ANNOUNCEMENT For Greenfield Residents and Property Owners March 30, 2019

The planning board has approved Eversource and Asplundh Tree Expert Company for tree trimming.

Phase 1 will begin as soon as possible and as scenic road conditions improve. Asplundh will trim trees and remove brush adjacent to and beneath its power lines within the town scenic class V roads. This will insure continuity and safe distribution of the power and improving the reliability of electric service for our Greenfield residents, especially during stormy weather.

Phase 2 has not yet been presented to the Planning Board however a Public Hearing will be scheduled prior to any tree cutting. Eversource is currently working with a licensed Forester to identify and flag potentially hazardous trees. Landowners must provide permission for trees to be cut, so please keep an eye out for communication from Eversource or Asplundh. There will be no cutting down trees without the express permission of property/land owner.

If you believe you may have a tree that could pose a hazard please contact Dana of Eversource as noted below. If you have any concerns you may also contact your planning board at greenfieldnhpb@gmail.com or call the town office.

If you have any questions or comments, please feel free to contact Dane by e-mail at Dane.Darcangelo@eversource.com or his direct telephone line at 603-303-6199.

List of roads scheduled to be trimmed:

Swamp Rd	Thomas Rd
Cavender Rd	Coach Rd
Old Colonial Dr	Holden Rd
Riverbend Rd	Miner Rd
Old Bennington Rd	Fletcher Farm Rd
Old County Rd	School House Rd
Muzzy Hill Rd	Gulf Rd
Sunset Lake Rd	Lake View Cr
Pine Ridge Rd	Slip Rd
South Frankestown Rd	Cornwell Rd
Dodge Rd	Driscoll Rd
Blanchard Hill Rd	Old Lyndeborough Mtn Rd

Thank you for your consideration,
Kat Carpenter
Planning Board Chair

HOLY WEEK/EASTER 2019 AT GREENFIELD COVENANT CHURCH

As the season of Lent draws near, Greenfield Covenant Church, ECC is preparing for the celebration of Holy Week and Easter offering worship services and fellowship for all. Beginning with Palm Sunday on April 17 and concluding with the celebration of the resurrection on Easter Sunday, April 24, 2018, Holy Week at Greenfield Covenant Church, ECC will offer several opportunities for individuals of all ages to grow in faith and fellowship.

"Our annual Holy Week services truly make Greenfield Covenant Church a place 'Where Faith Comes Alive,'" said Rev. Dr. Dan Osgood, Pastor. "Each Holy Week/ Easter, we offer several special events for our members, friends and community members that allow them to actively participate in the Easter story and grow in their relationship with Jesus Christ."

Our Holy Week/Easter schedule of events is as follows:

Palm Sunday, Sunday, April 14, at 10:00 a.m.

Carter Memorial Auditorium, 1 Verney Drive, Crotched Mountain Center Campus

Our Palm Sunday Service expresses the sharp contrasts of Holy Week. In the Blessing of the Palms, we experience the joyous demonstration of loyalty to Jesus as he enters Jerusalem.

In the remainder of the service our missionary friends from Jews for Jesus will give us a presentation of "Christ in the Passover". The Jews for Jesus missionaries use Scripture as well as visual items to walk through a Jewish Passover seder, weaving the story of the Exodus together with the life, death and resurrection of Christ.

Holy Thursday, Thursday, April 18, 6:00 p.m.

GCC Ministry Center, 12 Depot Drive

You and your entire family are invited to join us for a "Simple Soup Supper", worship and "Celebration of the Lord's Supper". The meal of simple soup and bread will be served family style, and after a great evening of dining with neighbors and friends, at 7:00 p.m. we will have a time of worship and a brief message followed by an observance of the Lord's Supper.

Good Friday Prayer Vigil, April 19, From 12 Noon to 12 Midnight

GCC Ministry Center, 12 Depot Drive

Good Friday is the day we recall the crucifixion and death of Jesus on the cross. It is a day we remember with deep sorrow the suffering and death of an innocent man who is

revealed to be the Son of God and who suffered and died to free us from sin. As we observe Good Friday, you have an opportunity to sign-up for a 1-hour block of time from 12 noon to 12 midnight to spend in quiet, reflective prayer. Please call the GCC Church Office to sign up for a 1-hour time period.

Easter Resurrection Sunday, April 21, 10:00 a.m.

Carter Memorial Auditorium, 1 Verney Drive, Crotched Mountain Center Campus

Our Easter Resurrection Service will be a glorious celebration of Jesus resurrection in word and music. Easter Sunday is the most holy day of the year for Christians as this day commemorates the resurrection of Jesus. This is good news to all humanity; our Lord died and rose again. He defeated death and he came out of the grave victorious. Hallelujah!

The Greenfield Covenant Church holds worship services on the Crotched Mountain Center Campus in Carter Memorial Auditorium and Conference Center, 1 Verney Drive, Greenfield. The congregation also has a Ministry Center in the Greenfield village (12 Depot Drive) where the church has its offices, gathering rooms, food pantry, clothes closet, and transitional housing apartment. The church is part of the Evangelical Covenant Church in America which has over 800 congregations in North America united together for common mission and outreach. For additional information about Greenfield Covenant Church, ECC Holy Week, our worship schedule or our many ministries go to www.greenfieldchurch.org or call 547-3626.

AT THE GREENFIELD COVENANT CHURCH'S
MINISTRY CENTER
12 DEPOT DRIVE, (1ST RIGHT OFF SLIP ROAD)
EVERY THURSDAY MORNING 10:00-11:30 A.M.

This is a great opportunity to come together as neighbors and friends to enjoy conversation and fellowship with one another. Come have coffee, tea, hot chocolate and some delicious snacks.

ALL WELCOME, SO WHY NOT CHECK US OUT??

On the journey to becoming fully alive in Christ

GREENFIELD ROADSIDE ROUND-UP

in honor of Earth Day
SATURDAY, APRIL 27th

Well Folks, we're back with our Round-Up cause you seem to like this event. We sure are proud of how you clean up our roads after winter gets

done. We're going to do something different this year. Instead of mailin' the bags to ya'. We're going to put them out at the Stephenson Library, Post Office, Recycling Center, Town Office, and Harvester Market for you to pick up.

Then we're going to serve hot drinks in the morning and as we get on toward noon, we're goin' to have a hotdog cook-out lunch for ya. Of course, this is free for all those who help clean up our roads.

We're going to be located at the back of the Recycling Center on the paved area by the overhead door. So come on over to see us and get your free rewards.

This is a RAIN OR SHINE EVENT!

Organized and Sponsored by the Greenfield Conservation Commission

SPONSOR THE SPIRIT

If you'd like to sponsor an issue of the Greenfield Spirit, please call the Town Office at 547-3442. The cost is low, and it's a great way to get the word out about your business or group, as well as an easy way to support your community. Interest has been so great that we now have a sign-up form to keep everyone's turn organized. Please call the Town Office to get on the list.

Jun/Jul issue deadline: May 1, 2019

IT'S EASY

HERE'S WHAT TO DO:

Start whenever you want on Saturday morning or even during the week. Clean up trash wherever needed along town roads. Between 8am and closing time (4pm) bring your blue bags and other roadside refuse to the Recycling Center and deposit them in the trash dumpster at the Recycling Center.

This year, we will have coffee/cocoa & home made pastries from 8 to 10:30 am and a hotdog lunch (includes chips and a drink) from 10:30 to 2 pm for all those who bring a blue bag of trash to the Recycling Center during that time.

For more info, call Roger at 933-3130.
