OTHER NEWS, NOTICES AND EVENTS

GREENFIELD WOMAN'S CLUB NEWS

On April 10, Tuesday, the Greenfield Woman's Club and the Greenfield Historical Society will hold a joint meeting at the Greenfield Meeting House.

There will be a brief meeting of the Historical Society at 7:00 P.M. At 7:30 Robert Goodby, a professor of Anthropology at Franklin Pierce College, will present "Digging Into Native History in New Hampshire". This program is cosponsored by the Woman's Club, the Historical Society, and the New Hampshire Humanities Council as part of their "Humanities-to-Go" program. All are invited to come! Put it on your calendar and bring the kids! The fourth graders of New Hampshire study New Hampshire history.

In May, the Woman's Club will be taking a trip to Yankee Candle in Deerfield, MA and in June we have our annual meeting/luncheon.

We would like to welcome our newest member, Kathryn Heck. If you are interested in joining, call 547-2258 - Carele Mayer, President. There are no special requirements for membership, just a willingness to come meet new friends in the community, enjoy the programs, and if you are so inclined help with our special projects(of which

there are not many). If you would like more information about the Woman's Club, call 547-2258.

ROADSIDE ROUND-UP AND EARTH DAY

In observance of Earth Day, the Greenfield Conservation Commission, with the help of the Recycling Committee, will hold its 3rd Annual Roadside Round-up on April 21st. Mark your calendars!

For all those who are new to the Roadside Round-up, the idea is to police your own road for bottles, cans, paper, or other litter and put it into the supplied blue garbage bags. The bags will be left on the roadside for pick up. Any oversize trash can be left next to the bags. Bags will be mailed to each household and extra bags will be available at the Recycling Center.

We ask that residents voluntarily begin bringing all blue bags and other debris to the Recycling Center at 1pm.

After the day's work, there will be a free ham & bean supper and door prize drawings for all participants at the Meeting House.

We hope everyone will participate again. Last year we picked up 2.5 tons of trash. Let's see if we can do it again! We have a beautiful town and this will help to keep it that way.

The Conservation Commission tried to get a repeat performance from Tom Tynning for Sunday, April 22nd but Tom will be on sabbatical and unavailable this year. Instead, we have a special afternoon event for you. Come on out on Earth Day, Sunday, April 22nd at 2pm to the Meeting House for an afternoon of fun and games for the whole family. This program celebrates the natural wonders of our community. New Hampshire Fish

and Game Docent, Jim Orr, will lead us through hands-on games designed to help everyone understand and appreciate the habits and habitats of New Hampshire wildlife while having lots of fun and laughs. Participants will role-play water, space, food, shelter and even the creatures themselves to demonstrate their importance in our lives. **NO EXPERIENCE NECESSARY!**

If you need additional information, please contact Janet Romanelli at 547-3433.

Loren White Steps Down from his Position as Fire Chief GFD members salute his years of dedication and service. by Linda Dodge EMT-I

In December, fire department Chief Loren White announced to department members and the selectmen that he would be stepping down from his position as fire chief, a position that he has held for seven years.

I had occasion to ask Loren a few questions. Because of space constraints, below are his abbreviated answers.

Linda: How did you come to be a member of the fire department?

Loren: I joined the fire service in Amherst, NH in 1979. One day after we purchased our home in Greenfield in 1984, I noticed that the department was across the street cleaning a chimney (back when it was permissible), so I went over to inquire if they had any openings on the department. The initial response was a bit of laughter, then I was told that I could apply for any of the 13 or so openings.

Linda: You are retiring as Fire Chief and president of the Greenfield Firefighters Association, how long was your tenure?

Loren: I was appointed as acting chief in 1999 and then elected in 2000 so I call it seven years. I've been president of the Firefighters Association since 2003, three years.

Linda: What other positions have you held here and in Amherst?

Loren: Treasurer, Lieutenant, Captain, Board of Review, Training officer, Deputy Chief and Acting Chief.

Linda: What is your favorite memory of GFD?

Loren: It would be difficult to select just one with all the great times I've had and new friends that I've made from within the department and its affiliations. One fun memory, in particular, would be the first muster that we attended in Brookline, NH where the annual Souhegan Valley Muster was being held. We were not a member of the association at the time but were welcome to participate without being eligible for the traveling trophy that is awarded to the association member team with the most points for the day. Well wouldn't you know it, we cleaned up that day with 3 first

place finishes and one each second and a third place. As I recall, it created quite a stir. We graciously acknowledged, with the greatest of pride, that we could not receive the trophy for overall points.

Linda: Another memory?

Loren: I fondly remember all the fundraising events we held as the "Greenfield Firefighters Association". During my time as an active member, we have been acquired and refurbished a used fire truck, purchased our first set of "The Jaws of Life" and much, much more.

Linda: Anything else you would like to share about GFD members or the department?

Loren: I must say how grateful I am for having been Chief for such a terrific group of individuals. The support of each

member has been awesome. I am very proud to note that this department is highly regarded by other departments in so many ways.

Linda: What will you do with your spare time?

Loren: I will certainly be able to spend more time with my family and friends as well as finish a number of projects at home.

Linda: Where do you work and who are your family members?

Loren: I am married to Wendy and we have two daughters, Miranda - 17 and Natasha - 13. I've been employed by Blue Seal Feeds, Inc. in Milford for 23 years, presently as Asst. Manager.

Linda: What do you like doing outside of work?

Loren: Any recreational motor-sports, camping and helping friends with projects. I'm presently vice president of the local snowmobiling club, the Crotched Mountain Ridge Runners, and I currently head-up the Souhegan Valley Muster Association. I have been on the Zoning Board of Appeals for several years and have been serving on the local "Juvenile Diversion Committee" with pleasure.

continued on next page

Linda: Can you tell a little about the MAFCA?

Loren: I'm very proud to have been the driving force behind resurrecting the meetings of the area fire chiefs. This group has formalized itself as an association called the "Monadnock Area Fire Chiefs Association. One of my goals with the MAFCA is to get a membership drive activity going in the high schools.

Linda: Will you stay active with GFD?

Loren: Absolutely, it is in my blood so to speak. I hope to

be able to continue representing the department in as many ways as I can. I have really enjoyed working with others to improve the way we provide emergency services. I expect to be able to put more time into these efforts. I am looking forward to being able to participate in a hands-on role.

Linda: Anything else you want to share?

Loren: I wish I could find a sure way of encouraging others to consider becoming a volunteer on the fire department or any other town organization.

Greenfield Fire Department Safety Tips

Brought to you by Linda Dodge

CARBON MONOXIDE POISONING - THE SILENT KILLER

You cannot see, smell or taste carbon monoxide, but at high levels it can kill a person in minutes. Carbon monoxide (CO) is produced whenever any fuel such as gas, oil, kerosene, wood, or charcoal is burned. If appliances that burn fuel are maintained and used properly, the amount of CO produced is usually not hazardous. However, if appliances are not working properly or are used incorrectly, like in a closed or partially closed space, dangerous levels of CO can result. Carbon monoxide poisoning is dangerous. When there is too much carbon monoxide in the air, your body will replace the oxygen in the hemoglobin of your red blood cells with carbon monoxide. This keeps life-sustaining oxygen from reaching your tissues and organs.

Various appliances fueled produce carbon monoxide, including:

- Fuel-burning space heaters
- Furnaces
- Charcoal grills
- Cooking ranges
- Water heaters
- Fireplaces
- Portable generators
- Wood-burning stoves
- Car and truck engines

Even swimming behind a motorboat or riding in the back of an enclosed pickup truck can be dangerous. Simple precautions can save your life!

Signs & Symptoms

- Dull headache
- Dizziness

- Nausea
- Vomiting
- Chest pain
- Confusion
- Irritability
- Impaired judgment
- Loss of consciousness

Seek medical advice

If you suspect you have been exposed to carbon monoxide, get into fresh air immediately and call 911. If possible, open windows and doors on the way out of the house. Carbon monoxide poisoning can be fatal.

Diagnosis

If the doctor suspects carbon monoxide poisoning, he or she will take a blood sample to measure the amount of carbon monoxide in your blood.

Treatment

The goal of treatment is to replace the carbon monoxide in your blood with oxygen. In the hospital, you may breathe pure oxygen through a mask placed over your nose and mouth. This helps oxygen reach your organs and tissues.

In some cases, hyperbaric oxygen therapy is recommended. With this therapy, you are placed in a full-body pressurized chamber. Inside the chamber, air pressure is more than twice as high as normal atmospheric pressure. This speeds the removal of carbon monoxide from your blood.

If you were poisoned in your home, it is important to find and repair the source of the carbon monoxide before you return. Your local fire department or utility company can help.

Prevention

Simple precautions can help prevent

carbon monoxide poisoning.

- Invest in carbon monoxide detectors. Install a carbon monoxide detector on every level of your home. Install additional detectors outside individual bedrooms. Check the batteries every time you check your smoke detector batteries - at least twice a year. If the alarm sounds, leave the house and call the fire department or local utility company from a nearby phone.

- Open the garage door before starting your car. Never run your car in a closed garage. If you have an attached garage, keep the garage door open and the door to the house firmly closed while the car is running. Remove snow or other debris from the tailpipe before using the car.

- Use gas appliances as recommended. Never use a gas stove or oven to heat your home. Use portable gas camp stoves only outdoors. Use fuel-burning space heaters only when someone is awake to monitor them and doors or windows are open to provide fresh air. Don't run a generator in an enclosed space, such as the basement or garage.

- Keep your gas appliances and fire-place in good repair. Make sure your appliances are properly vented. Clean your fireplace chimney and flue every year. Ask your utility company about yearly checkups for any gas appliances.

About CO Detectors

Carbon Monoxide Detectors are widely available in stores and you may want to consider buying one as a backup --

LIBRARY INFORMATION AND GROUP MEETINGS

THANK YOU: A big thank you to Willard and Holly Williams of Toadstool Bookshop for their generous donation of chapter books for the children's department.

NEW BOOK SHELVES: Thank you to Mike Borden for building our new bookshelves. The shelves are beautiful. We truly appreciate Mike's donation of time and hard work.

FOR YOUR LISTENING PLEASURE: We have received a Gates Staying Connected grant to start up our participation in the New Hampshire Overdrive Audiobook program. You can use your library card number to download audiobooks to your laptop or MP3 player or burn CDs. See Chris Tarrío for further information.

BOOK GROUP: The book group will meet on April 25th at 7:00pm.

MEMORIAL BRICKS: Memorial Bricks can still be ordered. Order forms are available at the library. When a new brick arrives a plain one can be removed from the walkway and replaced with the engraved brick.

UFO: (UNFINISHED OBJECTS) Let's get a new start with UFO. We will meet on Wednesday, April 4 at 1:30pm. If there is an interest in an evening program we will meet the same day at 7:00pm. This is a chance to meet new friends, finish that project you started so long ago or maybe learn about a new or different craft.

DOWNSTAIRS MEETING ROOM: Work has begun on the new meeting room. West Rindge Builders and volunteers expect to complete the room this summer.

CHESS CLUB meets weekly on Friday nights at 6:30 p.m. for all ages and abilities.

NOTES FROM THE CHILDREN'S LIBRARIAN and UPCOMING EVENTS

With the addition of the new titles donated by Toadstool, the Juvenile Fiction and Young Adult sections offer more choices. Check them out and remember, adult readers, these books are not just for kids!

TODDLER LAPTIMES for 18 months to young threes will be held Wednesday mornings at 10:00. This 20 minute session includes songs, finger plays, and a brief introduction to stories.

PRESCHOOL STORYTIMES will be held Wednesday mornings at 10:30. Three stories will be followed by a related activity.

THESE PROGRAMS DO NOT MEET DURING VACATIONS OR ON SNOW DAYS

Upcoming special events:

APRIL 14: Ala Khaki, a novelist and poet, will speak at 11:00 a.m. for our Children's Poetry In Libraries Day program happening in public libraries throughout New Hampshire. Mr. Khaki, an Iranian exile, has a fascinating personal story of persecution for his writing. This program is best for 5th grade through adult. Refreshments will be served. Please join us.

APRIL 15-21: Celebrate NATIONAL LIBRARY WEEK with us! Stop by to see what's new at your library. Get a card, renew your card, or get a replacement. Check out the collection, get an audiobook download demonstration or just spend some time reading.

Answer:

Greenfield Parks and Recreation Department

Molly Anfuso, Director

Contacts: greenfieldnhrec@verizon.net

www.greenfield-nh.gov

cell: 562-6380 office: 547-3442

I would like to express my gratitude for all of the citizens of Greenfield that took the time to attend our town meeting. In particular, it was wonderful to hear such strong and favorable comments in support of the Parks and Recreation Department. I look forward with continuing to provide responsible, safe, and fun recreational activities for our citizens. I also am excited to continue my plans to make this department a revenue-generating venue, while reducing the budget in the process, as I have since 2003.

BASEBALL SEASON BEGINS!

Baseball registration took place and we are looking forward to the three teams learning the sport of baseball, while having fun too. To my luck, we have coaches returning who know most of the kids. Games will start mid April, so please come support us at Oak Park. I am also planning on piloting concessions during those home games.

THANK YOU AMERICAN STEEL, DELAYS AND YANKEE FARMER FOR YOUR GENEROUS DONATION TO SPONSOR OUR BASEBALL TEAMS THIS YEAR. This will allow us to be able to spend fees on much needed equipment!

Did you know...

- The Oak Park Track is ½ mile around.
- Greenfield Residents can swim at Crotched Mtn Pool at no charge. Call the Town Office for details.

Saturday 9-10:15am

4/14, 28, 5/5, 12, 19, 26

Instructor: Nanette Perrotte

\$54 for 6 weeks

Slow Flow Hatha combined with toning. Beginners thru intermediate welcome. Nanette brings the element of toning or sounding to body and energy work. By humming and ah-ing, gentle sound can guide you into a very solid and colorful state of focus, calm and centeredness. Let the healing power of Hatha yoga and sound bring melody to your breath.

LUMEN ARTS- THE ZEN OF POETRY

Instructors: Nanette Perrotte & Sebastian Lockwood

Mondays 6:30-8pm 5/21,28 & 6/4 ages 18 and up

\$60 for 3 weeks

Where do poems come from? What is poetic inspiration? How do we get poems on to the page? How do we read great poets? Come and enjoy a workshop that looks at where poems come from and finds tools for getting them on the page. Everyone can write wonderful poems, only poets are fool enough to do it for a living! Here is an opportunity to write your poems using many of the techniques of Yoga and Mindfulness, observation of the beauty of nature around us and the stories we have to tell. The course will focus on the use of imagery and metaphor and how to read great poetry in order to write our own poems.

GIVERS' CORNER

THE GIVERS' MISSION.

To build - through fund raising and volunteering - a partnership with the community of Greenfield and to assist the community in meeting its needs.

CALLING ALL GREENFIELDERS!:

How many of you readers remember the 50's and the annual "Whing Ding", a spirited summer event which brought Greenfield citizens together for fun and celebration of their town?

Lately, the GIVERS and others have sensed a growing interest among many townspeople to found a new "Whing Ding" - a really big affair that will both energize Greenfield and its spirit and image. To explore this possibility, Lee LeBlanc and I have contacted several interested parties in town and proposed that we meet to discuss the possibilities. These parties include: Molly Anfuso (Parks and Recreation Dept), Conrad Dumas (Retired Selectman), Jim Orr, (Crotched Mountain Foundation), Jim Plourde, (Chief, Greenfield Fire Department), Carelle Mayer, (President, Greenfield Women's Club), and Jane Winslow, (President, Greenfield Historical Society). We met the last week of March. Stay tuned for the results. And, beyond that, if you, too, are interested in creating a new and special celebration to bring Greenfield's citizens together, call either Lee LeBlanc at 547-6640 or Neal Brown at 547-2023. We'd be pleased to hear from you.

RECENT HAPPENINGS:

Candidates' Night at the Meeting House (March 4): Greenfield voters owe Gil Bliss a round of applause for pulling this event together. The Givers wish to thank Gil and all those who made donations at our refreshment table that night. We hope that the goodies were as enjoyable and

spicy as the candidates' give and take.

New Additions to the Library: Mike Borden's fine skills in working wood are now on full display in the form of two beautiful bookcases that he recently delivered to the library. The GIVERS could not be more pleased with what Mike has done with the funds that we and others have donated toward the cost of materials for these fine creations.

Wood Bank: We've had a steady call for stove wood this winter - enough to deplete almost all of our seasoned drywood, so we've turned to working up next year's supply. Between snow storms, Jim Orr, Jim Grant, and Neal Brown have been gnawing away at the remaining timber pile. The end is in sight, and, with a little more chain saw help from volunteers, we hope to finish the pile before the back flies return. So, if you're so inclined to volunteer some saw time to our effort, please call Jim Orr at 562-5807 or Neal Brown at 547-2023. Thanks.

Welcome Basket Program: If there's a slump in population growth in Greenfield, it's not reflected in our list of newcomers. They still abound, and we continue to need your tips for locating and contacting them. Please call Mary Ann Grant, at 547-8856. if you know of anyone who has recently taken up residence in Greenfield.

Want to check out the GIVERS? We meet over breakfast at the SIDE TRAX. at 8 AM on the third Wednesday of each month, and we'd be pleased to have you drop in and get acquainted. For more info on who we are and what we do, call Neal Brown at 547-2023 .

ONWARD TO SPRING AND SUMMER!

Other news continued from page 9

DALOZ FARM CSA

It's almost spring and things are beginning to happen at the Daloz Farms CSA (Community Supported Agriculture). The leeks, onions and shallots have been planted and if we have a few more warm days the hoop house should be ready to put in some early spring veggies like lettuce, mache and spinach.

We have hired a new fun time gardener named Abby Holm and two part time gardeners, Terry and Hugh Landis. All are wonderfully qualified to take over the farm from Charlie and produce a huge array of certified organic vegetables. This of course doesn't mean Charlie won't be around. Quite to the contrary, he's taking a less active role in the veggie production of the farm and will concentrate on expanding the mill and doing a lot of other farm related educational things. So the farm is growing and changing and we hope to double our number of shareholders to 80.

It's now time to think of joining our Hancock CSA. What is a CSA?

It is a relationship of mutual support and commitment between farmers and community members. It implies a willingness to share both the bounty from the land and some of the risks involved with production. It is a way to build community, share in the stewardship of the land, support your local farmers and by buying locally, improve the economy. It also offers the opportunity to reconnect with the rhythms of nature by eating produce when it is locally in season. Since no fertilizers or pesticides are used, ground water pollution and toxic residue on food are avoided. All in all, it's a good thing. We've devised three tiers of cost for subscription/membership:

"Support the Farm" Share - \$1,000 (\$43/week) This subscription entitles the shareholder to twice a week pick up at the farm. This share is for individuals and families who would like to help subsidize our operation and to assist in offering our farmers a living wage.

"Family Share" \$600 (\$27/week) This is for the family and entitles the shareholders to a twice week pick up.

"Individual Share" \$450 (\$19.50 a

week). This entitles the shareholder to once a week pick up, either Saturday or Tuesday.

"Add-ons" Throughout the growing season we will have available from Sunnyfield Farm, organic meat, pork, chicken and milk. If your interested in purchasing these products, please attach a note to your membership request. For more information contact Charlie Daloz, 525-3778, Mathew Hale, 525-4430 or Emily Daniels, 525-4454. Our email is: www.dalozcsa.org.

Fire Department Safety Tips Continued

BUT NOT AS A REPLACEMENT for proper use and maintenance of your fuel-burning appliances. However, it is important for you to know that the technology of CO detectors is still developing, that there are several types on the market, and that they are not generally considered to be as reliable as the smoke detectors found in homes today. Some CO detectors have been laboratory-tested, and their performance varied. Some performed well, others failed to alarm even at very high CO levels, and still others alarmed even at very low levels that do not pose any immediate health risk. Unlike a smoke detector, where you can easily confirm the cause of the alarm, CO is invisible and odorless, so it is harder to tell if an alarm is false or a real emergency. Don't guess, get out and call 911.

**THIS IS A
RAIN OR SHINE EVENT!**

**FRIDAY NIGHT &
SATURDAY MOVIES
CROTCHED MT. MEDIA CENTER**

Movies are each Friday at 6:15 PM and 1PM on some Saturdays. Everyone is welcome (children need to be supervised by an adult) and the cost is free!

APRIL 6: ANNIE – Annie is the story of a plucky, red-haired girl who dreams of life outside her dreary orphanage.

APRIL 13: GLOBAL WARMING: The Signs and The Science - This documentary profiles people whose lives have been affected by global warming and explores the efforts made by scientists, individuals, and communities to make the planet safe.

APRIL 20: LASSIE - A city family with some problems decides to start over again at the old family farm; along the way, a remarkably smart dog "adopts" them.

APRIL 27: RAISING THE MAMMOTH – In 1997, a family rounding up a herd of reindeer near the Arctic Circle made a remarkable discovery - an entire woolly mammoth had been frozen intact in the ice

APRIL 28, 1pm: GANDHI – Sweeping account of the life and times of Mohandas K. Gandhi, who rose from a position of simple lawyer to become a nation’s leader and a worldwide symbol of peace and understanding.

MAY 4: FLY AWAY HOME –The soaring adventure of a 13-year-old girl and her estranged father who learn what family is all about when they adopt an orphaned flock of geese and teach them to fly.

MAY 11: SOS TITANIC – This docu-drama deals with the four day voyage of the world’s most luxurious luxury liner as it sets sail on her maiden voyage.

MAY 18: THE PISTOL: The Birth of A Legend – Wise parents recognized Pete’s gift for basketball and taught him to mix desire with dedication and discipline to make his dream a reality.

MAY 25: SEVEN ALONE – A true story of the Sager family who left their Missouri home in 1843 for the “black soil” of Oregon.

MAY 26, 1pm: Portrait of an Artist: GEORGIA O’KEEFFE – A look behind the legend. O’Keeffe appears on camera to talk candidly about her work and life.

RECYCLING CENTER NEWS

TOWN MEETING: The TRC and Frank Pelkey, the Recycling Center Supervisor, wish to thank all of you who supported the Recycling Center 2007 budget amendment - in particular our requests for additional man-hours and the storage trailers. You have given us the resources we need to construct and outfit the new loading dock, and to capture additional recycling income. We will do our very best in 2007-08 to process the town's refuse at the lowest possible cost and gain the highest possible revenue. We may not be able to control how much refuse is brought to us, but we promise to give it our very best shot when it arrives.

COME TO TOWN HALL AND LOOK AT OUR LONG-RANGE PLAN FOR THE RECYCLING CENTER: We have worked on this plan through the Fall of 2006 into early '07, and we hope to implement critical pieces if it in the coming year. As part of the planning process we formally briefed the Board of Selectmen (BOS) at least twice, and finally, in early March, we left a working 3-D model in their offices for them to consider prior to removing it for display at Town Meeting.

The 3-D working model that we brought to Town Meeting will be on display in the foyer of the Town Office building by the time this goes to press. There also will be a clip board there for you to register any suggestions and comments you may care to make. Please stop by soon and have a look.

RECYCLING CENTER HOURS:

NOTE: RESIDENTS ARE WELCOME TO ENTER THE CENTER UP TO THE POSTED CLOSING TIME.

Saturdays:- 8 AM to 4 PM

Tuesdays - 8 AM to Noon

Thursdays: -

Spring/Summer (March 21 - Sept 21) - 3 PM - 7 PM

(This year will be April 12th but next spring will be March 21st if the government keeps the earlier EST date.)

Fall/Winter (Sept 22 - March 20) - 1PM - 5 PM

SUGGESTIONS AND COMPLAINTS: Do you have any suggestions about how to improve the operations of the Recycling Center and make it more user friendly? Or, do you have questions about what we do or why we do it? If so, please do one of the following:

- Bring your concerns to a regular TRC meeting - 1st Thursday of any month at 7 PM
- Call Neal Brown, Chaiman of the TRC@ 547-2023 or
- E-mail him at neal.brown@glsynthesis.com (He will respond) or
- Contact our colleagues, the Board of Selectmen.

Thank you for your interest in recycling and your support of the Recycling Center.

Stay tuned to WGRC, the voice of Recycling in Greenfield!

Dear Friends & Neighbors:

Spring is coming and interest rates are still historically low. Are you thinking about selling? How much do you think you could get for your property? Call me for a free market analysis to see what your property may bring in today's market. My company and I can offer you the finest in marketing. Smaller agencies can't and don't have the resources to get you on websites that will sell your home. Prudential has exclusive relationships, like with Yahoo.com where Prudential is the exclusive provider of NH & MA listings to Yahoo.com and is the only real estate company in the country to offer you this exclusive arrangement. Neither Century 21, ERA, RE/Max or Coldwell Banker can offer you that. All my listings on Realtor.com are special "Showcase" listings which stand out over others and we offer E-Showings to set and track your showings & feedback. When an agent wants to schedule a showing, a real person answers each call (7 days/week until 8pm) to schedule your showings-but if your agent can't be reached you lose potential sales. Most offices close early on Saturday and are closed Sundays when most people want to see your home! Let me show you many more ways I can help you sell your home in the shortest amount of time for the most money. I'll give you our "Guide to Selling your Home" for more information.

Looking to buy a home-look no further. I am certified as an Accredited Buyer's Representative. I can offer you the best service finding you your dream home, up-to-date notification of listings for sale, and the most information from a website. Go to www.verani.com and take a look. We even register all our buyers anonymously and match them with properties, including all our own listings. And our free "Guide to Buying Your Home" is full of great information.

I'm available to my clients 7 days a week and just a cell phone call away. You deserve the best service so put me to work for you. References: I have many satisfied clients you can talk with. Call me today - Susan Wray, Realtor® 562-8004
