Waste Water Project To Be Rebid

The Waste Water Project is to be rebid. There have been five contractors pre-qualified so far. Opening of the bids is scheduled for August 12 at 3:00 pm with a Fall 2004 - Spring 2005 construction schedule.

New Flagpole

There is a new 30' flagpole at the town office with a new 5 x 8 flag. The BOS are working on a lighting system for it. The old flagpole will be installed at the Recycling Center.

Recycling Building

Progress is being made on the construction of the Recycling Building. The walls are up and the trusses are on. The roofing is to be the next step. Thanks to the Highway Dept. for a job well done.

New Boston Road

New Boston road has been rebuilt and is slated for paving by the end of August.

THANK YOU!!!

On behalf of the Stephenson Memorial Library and the Board of Trustees, I would like to take this opportunity to extend my thanks to the community of Greenfield and in particular a group of individuals. On Saturday June 5th, we held a volunteer yard work day to help us landscape the newly renovated library grounds. I am proud to be part of a community that embraces volunteerism and community service to the degree that Greenfield residents do.

Special thanks to the Seigar family and Yankee Farmer for donating so many beautiful plants. Thanks go to Duffy Fox and his crew for grading work and mulch delivery. I appreciate those people that showed up to help plant, prune, dig and design. They are James Riendeau, Jennifer and Matt Fraser, Peter Dekker, Warren Aldrich, Patricia Russell and Jill Butler. Lastly, thanks to Andrea Wensberg for delivering much appreciated refreshments.

Sincerely,
Pamela Graesser
Ch. Trustees,
Stephenson Memorial Library

**GREENFIELD
CITIZENS' MEETING**

Crotched Mountain Foundation has been sharing information with the Planning Board, Board of Selectmen, and the Conservation Commission about their inventory of natural resources and future plans for the campus.

At the suggestion of the Selectmen, the Conservation Commission has reserved the Meeting House for the evening of Saturday, September 11th to afford all Greenfield residents the opportunity to be informed. The foundation owns 1,400 acres of land, one half of which is in the Town of Greenfield, so townspeople like to know what's going on up there.

Crotched Mountain CEO and president Don Shumway and other staff members will show a PowerPoint

presentation, including maps prepared for them by the Society for the Protection of N.H Forests. This presentation will briefly describe the discoveries of the Forest Society as well as recommendations for the future of that land. We hope you will take this opportunity to learn what's going on at the Center and to offer your feedback to Crotched Mountain. The meeting begins at 7:00 p.m.

NOTICE

The policy at the cemetery is NO PLASTIC FLOWERS. There is a sign on the gate. For those who have ignored the policy, effective August 9, 2004 ALL plastic flowers will be removed from any graves and disposed of. If anyone wants the plastic flowers they have placed on graves, please remove them immediately.

Town of Greenfield Recreation Interest Survey 2004

Please return to Greenfield Parks and Rec Dept. PO Box 256 Greenfield NH 03047 Thank you in advance!

In an effort to keep my goal of providing the Town with an array of activities for the young and the “not so young anymore”, please take time to fill out the survey below. **DO YOU HAVE A TALENT OR SOMETHING YOU WOULD LIKE TO TEACH YOUR COMMUNITY?** I am always looking for innovative ideas.

The Parks and Recreation Department relies heavily on volunteers to help bring quality programs to Greenfield. I am always searching for quality people to help with programs and events. As with any of the programs that we try to bring to town, we need some good people to run or help run them. If any of the activities below interest you, let me know.

Please rate your interests by circling the number that best fits your family’s interest. 1=lowest interest 5=highest interest. Don’t see what you want? Tell me! Can’t make any promises, but it’s a start! If you could teach any of the below, please circle the subject item and print your name and phone number at the bottom of this form.

DONATIONS

We are very fortunate to have so many generous patrons. We now have a very nice collection of gardening books. Everything from general planting to herbs, to container gardening. Also some interesting cookbooks and some others too numerous to list. Come in and see what we have. Thank you to all who have donated books.

UFO NIGHT

UFO NIGHT will meet again on August 13, the second Friday, instead of the first. We hope the new day will make it easier for those who want to participate in First Friday in Peterborough. We will continue to meet on the second Friday of each month. We hope you will join us and complete that craft project you have been meaning to finish. We meet at 7PM at the Library.

BOOK GROUP

Our book group will not meet again until September 29. We are taking a little break for the summer. Please join us on the last Wednesday of each month, unless otherwise posted, for a fun discussion of a variety of books. We meet at 7PM in the Library.

CRIBBAGE OR BRIDGE ANYONE?

If you are interested in being part of a bridge or cribbage group to meet in the Library on Monday, Wednesday or Friday afternoons please come in and sign up. If enough people sign up we will start the group in the Fall.

COMPUTER LESSONS

We have someone who has offered to teach a very basic computer class at the Library. Class size will have to be limited so come in and sign up as soon as possible. Classes will be held during the month of August. These classes are for those with little or no computer experience.

LIBRARY DISPLAYS

Mary Ann Beard will have a display of her Boyd's Bears in the rotunda display case. Anyone with a collection they would like to display is encouraged to come in and sign up for a month's showing. Young people are encouraged to participate also. We have two display cases and we will help you set up if you want help.

Notes from the Children's Librarian:

We have been expanding our book selections for our easy, junior, & young adult readers. New on our shelves include Lemony Snicket - Series of Unfortunate Events, Gary Paulsen- Tracker, W. R. Philbrick- The Young Man & the Sea, Kevin Henkes - Olive's Ocean, Gerald Morris- The Princess, the Crone, and the Dung-Cart Knight, The Geronimo Stilton series, David Shannon- A Bad Case Of Stripes & many others.

Our non-fiction selection is expanding as well. The DK Eyewitness books are always a fun read with plenty of information & colorful pictures to look at. We are in the process of creating a special section for them in the library.

The Wednesday story time will stay at 10:30 AM . We will have to cancel the September 8th session of story time due to a meeting of librarians from the Monadnock region that will be held at our library on that day.

In October Carol Laughner will again offer art classes for children from the ages of 12 to 16 years of age. Please call the library for more information (547-2790).

FRIDAY NIGHT AT THE MOVIES

CROTCHED MT. MEDIA CENTER

Movies are each Friday at 6:15 PM at the Media Center at Crotched Mountain Rehabilitation Center. Everyone is welcome (children need to be supervised by an adult) and the cost is free!

August 8: BOOKER - Based on the true story of Booker T. Washinton, freed from slavery after the Civil War. Not allowed to read because of his skin color, his passion for learning kept his dream to read alive through social adversity and uncertain future.

August 13: TAP DOGS - Dein Perry has created a dance experience like none other - crackling with blue-collar energy, these six young men from Australia steal tap forever from the world of black ties and tails, and carry it body and soul into the nineties.

August 20: ZEUS AND ROXANNE - Kid's picture paralleling the up and down relationship between two single adults, as well as his dog and her dolphin. Lovely Bahamas locations.

August 27: PLAYING FROM THE HEART - The triumphant story about the young life of world famous percussionist Evelyn Glennie. Evelyn's youth is idyllic, but her world drastically changes when she begins to lose her hearing at the age of eight. Her defiant nature propels her to success and stardom.

August 28: 1PM, FINDING NEMO - A timid clownfish named Marlin tries to shield his only son from danger; when the little fish is captured and taken many miles away, Marlin embarks on a brave quest to rescue him. Animation set in undersea environment.

September 3: A. EINSTEIN - HOW I SEE THE WORLD - To see the world through the eyes of Albert Einstein is to see some of the 20th century's most important events from a unique perspective...and one much wider than you would think.

September 10: TOURING NEW ZEALAND - More than charming cities and towns, New Zealand is sun-drenched beaches, Alps, glaciers, geysers, rain forests, lakes, meadow, mountans and waterfalls. Rudyard Kipling described it as the "loveliest, exquisite, ...the Happy Isles!"

September 17: LADYSMITH BLACK MAMBAZO - Live at the Royal Albert Hall - The concert is a virtual "Best Of" Ladysmith Black Mambazo - uplifting, soulful and inspirational - as they deliver their beautiful acapella harmonies. Their musical career spans over four decades as South Africa's most popular vocal group.

September 24: THE WIZARD OF OZ - There's no place like home and no movie like this one. The dazzling land of Oz, a dream-come-true world of enchanted forests, dancing scarecrows and singing lions, wraps us in its magic with one great song-filled adventure after another. Digitally remastered.

September 25: 1 PM - MOZART'S DON GIOVANNI - This story centers around a young nobleman who is obsessed with amorous conquest. It follows his romantic exploits and continued encounters with Donna Anna, the woman who plots to destroy him.

**Working Together PWA,
the Town, and a
Developer Save Open
Space In Weare - A
Model Cluster
Subdivision Project for
Other Towns?**

*By Margaret Watkins and
Paula Bellemore*

Early intervention in the planning process, a responsive developer, supportive town boards, and the efforts of the Piscataquog Watershed Association (PWA) have resulted in the protection of 98 acres of wildlife habitat in Weare. This model of cooperation and compromise in land use planning offers neighboring communities a possible road map for future development.

Growth may be inevitable in our small towns, but it can be managed. In 2003, Bedford developer James Coughlin presented the Weare Plan - ning Board with plans for a 51-lot cluster subdivision. This ambitious plan required crossing the environmentally significant Breed Brook. The PWA and Weare Conservation

Commission became involved early in the process.

PWA Executive Director Margaret Watkins explained "Members of the PWA and the Weare Conservation Commission worked hand in hand to educate town boards and the developer of the importance of Breed Brook and the surrounding forest and to explore alternatives to the proposed subdivision plan." Ultimately this effort persuaded Coughlin to rethink his project. In the process he lost five lots and gained considerable respect for his interest in accommodating wildlife and protecting habitat. By establishing a cooperative relationship with the developer, rather than an adversarial one, all parties triumphed, although none as clearly as the wildlife who call this area home. A win-win situation.

"Knowing {now} how significant this area is, with the stream and the beaver pond, and the deer wintering areas, I feel really positive about this project," said Coughlin. The PWA holds an easement on the property, which is owned by the Town of Weare and managed by the Weare Conservation Commission, protecting it as permanent open space for wildlife and low-impact recreational uses. The Breed Brook Conservation Area, as it

is now called, abuts 52 acres of conservation land known as the Zephaniah Breed Forest.

Weare Conservation Commission chair Tom Carr's thoughts on the process reflect those of all involved in it. "This is such a great project, where Jim Coughlin, the Planning Board, the Selectmen, the Conservation Commission, and the PWA all came together to create a wonderful legacy of open space for the Town."

Is this a model for cooperative conservation efforts in the future? Can regional organizations such as the PWA help bring groups together to work towards a common goal? The answers to those questions remain to be seen, but for now, a cluster subdivision in Weare has ultimately protected 98 acres of land - that alone calls for our applause.

Founded in 1970, the PWA is a regional non-profit organization committed to protecting the Piscataquog River and the diverse habitats within its watershed. With over 1750 acres of land protected, as well as ongoing research and educational programs, the PWA welcomes your membership or financial contributions. GIVers' Corner...

Thanks to all of you who came to our Ice Cream Social on Memorial Day "Sundae". It was a very successful fund-raiser - not even a spoonful left for the servers!

After the Sundae Social we moved on to work for Park and Rec. Director, Molly Anuso, helping her sell bottled water at the Celtic Games to raise funds for new playground equipment at Oak Park.

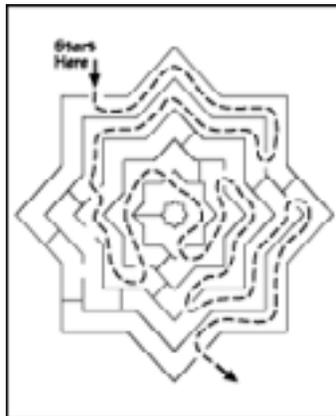

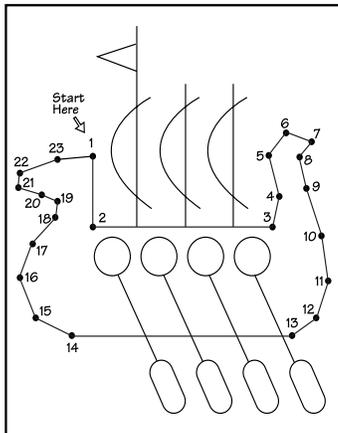

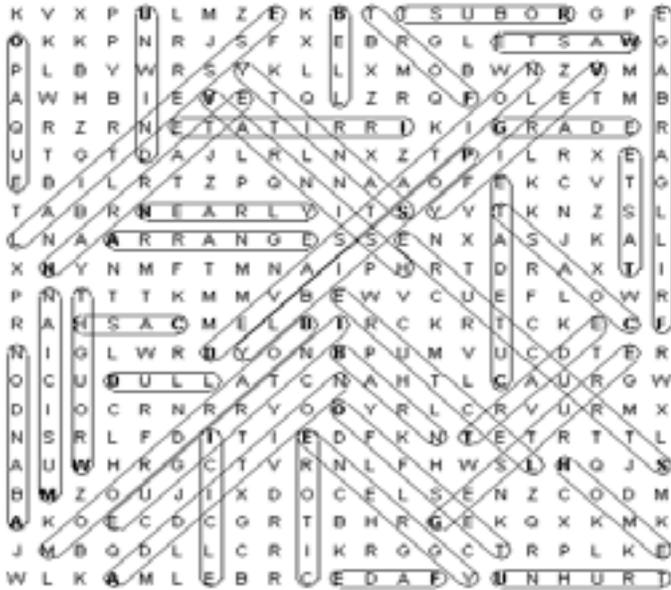

And, on June 9th, six of us held our first "Adopt-a Highway" clean-up session on the 2 mile section that we have sponsored on rte 136-Forest Rd. Unfortunately - or fortunately, depending on how one chooses to look at it - there was more than enough litter to go around.

Our group continues to meet regularly over breakfast at The Side Trax at 8 AM on the second Thursday of each month, and we'd be pleased to have you join us. We'd also be pleased to hear from anyone who may have a project for us or a need that could use a helping hand. You may contact us by calling or e-mailing Neal Brown at: 547-2023 or sunsetlake@monad.net.

Enjoy your summer.

MENDING WALL

by Robert Frost

Something there is that doesn't love a wall,
That sends the frozen-ground-swell under it,
And spills the upper boulders in the sun,
And makes gaps even two can pass abreast.
The work of hunters is another thing:
I have come after them and made repair
Where they have left not one stone on a stone,
But they would have the rabbit out of hiding,
To please the yelping dogs. The gaps I mean,
No one has seen them made or heard
them made,
But at spring mending-time we find
them there.
I let my neighbor know beyond the hill;
And on a day we meet to walk the line
And set the wall between us once again.
We keep the wall between us as we go.
To each the boulders that have fallen to each.
And some are loaves and some so nearly balls
We have to use a spell to make them balance:
'Stay where you are until our backs are turned!'
We wear our fingers rough with handling
them.
Oh, just another kind of out-door game,
One on a side. It comes to little more:
There where it is we do not need the wall:
He is all pine and I am apple orchard.
My apple trees will never get across
And eat the cones under his pines, I tell him.
He only says, 'Good fences make good
neighbors'.
Spring is the mischief in me, and I wonder
If I could put a notion in his head:
'Why do they make good neighbors? Isn't it
Where there are cows?
But here there are no cows.
Before I built a wall I'd ask to know
What I was walling in or walling out,
And to whom I was like to give offence.
Something there is that doesn't love a wall,
That wants it down.' I could say 'Elves' to him,
But it's not elves exactly, and I'd rather
He said it for himself. I see him there
Bringing a stone grasped firmly by the top
In each hand, like an old-stone savage armed.
He moves in darkness as it seems to me~
Not of woods only and the shade of trees.
He will not go behind his father's saying,
And he likes having thought of it so well
He says again, "Good fences make good
neighbors."

CROTCHED MOUNTAIN DEDICATES ACCESSIBLE TREEHOUSE

By Jim Orr

Helen Keller once said "One can never be content to creep when one feels the impulse to soar". In October, 2003 Crotched Mountain Foundation and Forever Young Treehouses of Burlington, VT joined together to build New Hampshire's FIRST accessible tree house.

With the support of 360 donations, contributed building materials, scores of volunteers, a sheepdog to keep away the wild turkeys, hard work by the Forever Young crew in the most severe weather imaginable, and lots of good fortune, we did it.

On July 27th we had the official opening and ribbon cutting ceremony. President and CEO Don Shumway welcomed the many guests, including Dana Reeve, representing the Christopher Reeve Foundation, and other dignitaries. Crotched Mountain students sang a song and recited a poem especially written for the occasion. Many members of the press captured the event, which was followed by tours and a special lunch.

SPONSOR THE SPIRIT

If you'd like to sponsor an issue of the Greenfield Spirit, please call Deb at 547-3442 to make arrangements. The cost is low, and it's a great way to get the word out about your business or group, as well as an easy way to support your community.

The Greenfield Woman's Club

The Greenfield Woman's Club began in 1921 as the Mother's Club. A group of mothers got together to do things for the school. It is now 83 years later and we are still getting together to help our elementary school. We also help our town and other organizations in town to achieve their goals.

Our constitution notes that the objective of our organization is the social, educational, and moral uplift of our town. We try very hard to accomplish this through programming during the year, our annual Harvest Fair, helping with the Winter Festival, and providing an educational program for the school. We also financially support various town projects when we have funding.

Our schedule is set for 2004-2005! We are beginning with a community potluck supper at the Meeting House on Friday, September 17th at 6:00 P.M., followed by Rebecca Rule and an Evening of New Hampshire Humor. SO-O-O-O... put it on your calendar and join us! Just bring a dish(food) - salad, casserole, dessert - and join the festivities. We will provide drinks.

Next on our schedule is our annual Harvest Fair. This year it will be on October 9th, Saturday from 10:00 - 3:00 at the Meeting House. We could use your help with baked goods, handmades, and 1 or 2 attic treasures. (Handmades and attic

treasures should be dropped off on Friday, the 8th. Baked goods may be brought on Saturday.) But if you can't help us with items, come and enjoy the fair. See all of the items we have and also enjoy the crafters that are part of our fair. Hope to see you there!

The rest of the year we have plans to hold an open meeting about the planning of our town and conservation concerns; a book review by the Toadstool; Johnny the K coming to the school; a meeting together with the Historical Society; an evening learning about Wildlife Myth-conceptions; and, of course, our annual luncheon/ meeting somewhere.

Hope you will be able to join us for some of our meetings and activities. Mothers (and grandmothers) if you're looking for a night out, usually Tuesday from 7 - 8:30 P.M., in town, come and join us. Mostly we just like getting together and enjoying each others company and getting to know new people in town.

If you have any questions about the club and/or would like to join us, please call me. I would be happy to talk with you.
