**Stephanie Lamothe**  
**New Recreation Coordinator**

## Welcome Stephanie Lamothe

The Selectmen have hired Stephanie Lamothe to be the new Recreation Coordinator. Stephanie will have office hours on Thursday between 1:00 - 2:00 pm, so stop by and say hello to her. Stephanie brings with her many years of recreational knowledge. She has run summer camps, taught swimming lessons and organized many successful events. We are all looking forward to some new fun ideas and activities for all ages.

Stephanie will be holding a "Greenfield Youth Meeting" on Monday, August 3rd at 6:00 pm at the Town Office meeting room. This will allow the Greenfield Youth an opportunity to share their thoughts and ideas as to what programs they would like to see take place.

## HISTORICAL SOCIETY NEWS

Thinking about the Blueberry "JAM" boree on Aug. 1st also got me thinking of a story one of my uncles told. His name was Harold Eastman. He married my mother's sister Eleanor (Quinn). Harold had two nick names, "Red" and "Chick". He was born in South Peterborough in 1909. According to him, the summer he was about 11 or 12 years old, a man hired him and another youngster to pick blueberries.

They were brought over to Francetown and left for a period of time to camp out and pick berries every day on Crotched Mountain. The man would stop back every day or so to get their crates of blueberries.

It got hot enough at one point that the boys took their shirts off picking the berries. Someone went to the Sheriff and complained. He came up and brought the boys to the old wooden jail to be held until the fine was paid by someone. Being an old and small building, the boys managed to escape. They left all of their belongings at the camp and got back to Peterborough as fast as possible. That ended his blueberry jobs.

Later in his life he was Superintendent of Noones Mills in Peterborough. Being on call 24/7 was not to his liking after a few years. Hunting and fishing were a huge part of his life. Around 1953, I think it was, he bought a hunting camp on Old Bennington Road in Greenfield. It was definitely a camp, not really made for year round living. But my aunt and he fixed it up some and stayed there for about 25 years. In the meantime, he resigned from Noones Mills and milked cows for my father and mother for about 15 years. The owner of Noones Mills thought he was joking when he gave his notice. But a couple months later they called over to his place and my aunt told them he was milking cows for her brother-in-law.

Uncle Chick was happy to have time off between the milkings to go fishing or hunting. He was a very fascinating person who had a lot of diverse experiences.

As a teenager he rode race horses at Oak Park Fairground among some of his doings. He was a very good friend and received lots of support from "Major" Goyette in Peterborough, who at one point owned the land for Oak Park here in town. I could write several more pages just on my Uncle Chick, as well as my Aunt Eleanor, both had very interesting lives.

Our June Fair allowed for our lovely museum to be enjoyed by many. Once again Knotty Pine Appraisals were a huge hit. People from the area dropped by to have items appraised. Conrad and Ellen Dumas drew a lot of attention with their sheep and felting displays in the front yard. This went nicely with Cynthia De Stueben, who had a spinning wheel also set up outside. On loan from the Fletcher family is a beautiful needle point done by Harriet Fletcher in 1829 in honor of her family. Some of Harriet's Fletcher ancestors are still in Greenfield. To be able to share this piece of history from one of Greenfield's founding families is very exciting. The Historical Society is grateful for this opportunity. Also on display were many Whing Ding photos and posters along side Oak Park Fair items. These drew a great deal of attention, too. A fun part added for the fair were old bill heads and receipts from different businesses in town and from Peterborough. Many people recognized these and it generated a great deal of conversation. Another collection of different milk bottles and containers took us another step back in time which generated memories of a bygone era.

Even the 2009 Ice storm photos/journal brought back thoughts of that time and experiences were shared by many of the visitors. If anyone has photos or printed stories of their time "In the Dark" the Historical Society would like to copy them or perhaps have some donated for our files.

August 1st is the Blueberry "JAM" boree. We will be there with displays and, new to us, we will have the 50/50 raffle. So stop by and take a chance or two.

Our September meeting for the general membership meeting looks to be on a Saturday in mid to late September.

Details will be worked out and we will keep you posted. Also watch the sign-board by our sign.

The museum is open the last Saturday of the following months - July 25th, August 29th, September 26th from 11 a.m.- 1 p.m. or by appointment Call 547-2198 or 547-2759.

The dues for 2010 are due now. They are \$15 for single membership and \$20 for family. You can send them to Jane Winslow POB 118 Greenfield 03047. You can also pay them at the Historical Society booth at the Blueberry "JAM" boree.

## GREENFIELD ARTIST ART SHOW

Greenfield, NH, Artist  
Vinoy Laughner to show a collection  
of his work for the first time at  
Sharon Arts Downtown Gallery

Sharon Arts Downtown Gallery in Depot Square, Peterborough is pleased to display a collection of work by artist Vinoy Laughner, Greenfield, NH resident. Vinoy is the "Featured Artist of the Month" in August. Sharon Arts, a non-profit arts organization that's committed to connecting the community with the arts, created the "Featured Artist of the Month" programs to showcase a local artist and their work, and to educate the public about their artistic process.

*Greenfield Engine*

Living in the North and the South has inspired a passion for painting and imaginative works in black and white.

Vinoy was born in St. Petersburg, Florida, but has spent much of his life in New Hampshire in the Monadnock

**"LET'S GO FISHING COURSE"**

A sincere thank you to Hope Eagleson for teaching the "Let's go fishing course" - It was a great success, everyone who attended had a wonderful time and learned a lot about fishing. Stay tuned for more fun times with Hope regarding fishing.

**Sunset Beach**

The beaches are open, after a rough start, swimming lessons are underway at Sunset Beach and weather permitting, working out nicely. Please welcome our lifeguards Kaitlynn Sweeney, Andrew Alibozek and Forrest Barwood. They are all WSI certified and are looking forward to a fun summer at the lake.

Our new raft is out. Huge kudos go to Mike Borden for doing such a wonderful job in building it for the town. Please keep an eye on the raft. If you witness any vandalism, let the lifeguards know or call the Police at 547-2525.

**How to keep the beaches clean**

The town beaches are for residents and

**GREENFIELD RECREATION DEPARTMENT**  
**FOR MORE INFORMATION, CALL STEPHANIE LAMOTHE**  
**AT 547-3442**  
**OFFICE HOURS: THURSDAYS FROM 1 TO 2PM**

taxpayers of the Town of Greenfield, NH ONLY. Guests are permitted when accompanied by a resident or taxpayer. A Greenfield facilities sticker is required on your vehicle. You may obtain the facilities sticker from the Town Office. Non-residents registered for swimming lessons may obtain a temporary permit.

In addition to monitoring the beaches for bacteria, the NH Department of Environmental Services offers programs to maintain clean beaches. Keeping the beaches clean of litter by supporting the carry in/carry out policy is very important.

**Please, whenever you visit a beach:**

- Bring a garbage bag to take home all the trash you create.
- Recycle bottles and cans instead of throwing them away.
- Smokers: Put butts in a proper receptacle. Butts are made of plastic and do not decompose.
- Secure your belongings from the wind
- DO NOT FEED THE BIRDS. Bird droppings contribute bacteria directly to the beach.
- If you see any trash that may have been left behind, please dispose of it properly. There is a trash can for the lifeguards, I am sure they would be happy to help.
- Dog Owners: Sorry - you are not allowed to bring your dog to the beach.

Please help us to keep our Greenfield beaches free from harmful organisms and litter. A clean beach is more enjoyable for everyone!

**Monitoring the Beach:**

The water is tested by the Department of Environmental Services once a month throughout the summer. This is a cooperative effort between the DES and the Town of Greenfield. The Town

does incur a small fee for the testing. Beach inspectors collect water samples from the bathing area for bacteria analysis. They gather samples of the water and test for pathogens, also inspecting the water for algal blooms, scum etc. Any time the beach is deemed unsafe for swimming, please abide by the signage posted. The beach was tested on June 30, 2009 and the results for both Zephyr and Sunset Lake were well within the state standard. The beaches will again be tested on July 29 and August 20.

Swimming in lakes, rivers and coastal waters should be an enjoyable experience. However, it can expose people to health hazards, so the NH DES inspects the water at the public beaches. The DES monitors both disease-causing pathogens and toxin producing cyanobacteria. Although reports of illnesses contracted from public beaches in state are very rare, the DES and the Selectmen want the public to be aware that contact with contaminated water could cause a person to become ill, and want to avoid that.

· Pathogens - Pathogens causing diseases can be carried in feces of humans, waterfowl, livestock and domestic animals. The pathogens are transferred to public bathing areas when the feces from an infected warm-blooded animal enters a waterbody from nearby farms, septic systems, wildlife, storm drains or similar sources.

· Cyanobacteria - this is generally referred to as blue-green algae. It forms a dense layer of blue-green or bright green scum on the water's surface. This bacteria can cause an entire lake to take on a blue-green hue, or the blooms may resemble floating paint chips or bright green balls. Many cyanobacteria are potentially toxic to

domestic animals, livestock and humans. Blooms should be avoided.

· Microorganisms - This is not something that is monitored. Though, if a lake is contaminated, it could cause problems like "swimmers itch".

**OTHER RECREATION MATTERS:**

**DOG CONCERNS AT OAK PARK**

It may sound like a broken record but....Again, it's great that the track is being used, and that you enjoy walking your dogs. For those of you that walk a dog, remember that you must clean up if a mess is made. We would like to maintain a mess-free park for all to enjoy. If dog messes continue, dogs will not be allowed at the park.

**TRASH CONCERNS**

There have been concerns about trash being left behind at Oak Park and at the beaches. All Town of Greenfield facilities are carry in/carry out. Pick up after yourselves. Remember to take your trash, water/soda bottles, diapers and anything else you bring with you when you leave.

**PLAYGROUND FACILITY**

Recently, an inspection was done of our playground equipment. The good news is, it's relatively safe. The plan is to replace some pieces of equipment and remove some. Nothing drastic, but if there are any interested parents, let's get together to do some brainstorming, fundraising etc. and really plan out what to replace the equipment with. Your feedback is appreciated.

**Have a great summer!**

## STEPHENSON MEMORIAL LIBRARY

### NOTES FROM THE CHILDREN'S LIBRARIAN

Preschool story times are held Wednesdays, at 10:30 a.m. We will begin the autumn schedule on September 16. Listen to three stories and do a related craft or activity. Spend some time visiting with other parents while your child plays with other children their age.

Friday, September 11 is Roald Dahl day! Come and listen at 3:30 p.m. to sections of some of his more famous titles like "The BFG," "Charlie and the Chocolate Factory," and "James and the Giant Peach" read by guest readers. Mrs. T. will also introduce some you may not know. Then stay for some refreshments.

Lego Club will meet for the first time this school year on Friday, September 18 at 3:30 p.m. THIS WILL BE AN ORGANIZATIONAL MEETING TO ASSURE PARENT PARTICIPATION TO HELP CHAPERONE EACH MEETING. Builders age 7 and up are invited to the hour long session.

"SUMMERTIME AND THE READING IS EASY" summer reading program was great fun. Hopefully with programs on different days and times everyone got to some programs. I appreciate everyone's enthusiasm.

### LIBRARY INFORMATION AND GROUP MEETINGS

**THANK YOU TO: FRIENDS of the LIBRARY** and the GIVers for the projector and cart. This much appreciated gift has enabled us to host movie times and other programs for our community. The Byrne Foundation, CHILIS, the Cogswell Benevolent Trust, NHLA and the New Hampshire State Library for grant money to host The Hampstead Players performance in July. The Smith family for a great day at their Ironton Museum. The Fisher Cats organization for reduced price tickets to the July game and a visit from their mascot. A huge thank-you goes to all readers and their parents for a fantastic summer reading program this summer.

#### LIBRARY QUILT RAFFLE:

A beautiful 78" x 86" quilt pieced by Kathy Hoszkiewicz and hand quilted by two friends is on display at the Library. Raffle tickets are selling for \$1.00 each or six for \$5.00. The drawing will be held on December 18. Proceeds to go toward book shelves and other special projects at the Library.

**BOOK DONATIONS:** Gently used books, DVDs, etc. are welcomed at the library. Please do not include any text books, VHS or magazines. Any materials we cannot use in the library will be gratefully added to the book sale collection. Thank you to all who have donated in the past.

**DISPLAY CASES:** If you have a collection to share, please let us know!

**ART IN THE LIBRARY:** Your art work is welcomed as a display in the library. Please come in and talk to Gail or Chris if you have something to display.

#### ONGOING BOOK SALE:

Looking for used books at great prices? Our ongoing book sale will be held each week at the library on Wednesday from 6PM to 8PM. The Friday evening session will not be open for July and August. Volunteers are needed to cover the times the book sale is open.....even once a month

## GIVERS' CORNER

### THE GIVERS' MISSION:

*To build - through fund raising and volunteering - a partnership with the community of Greenfield and to assist the community in meeting its needs.*

**MEETINGS: THIRD WEDNESDAY OF EVERY MONTH AT 8:30 AM** over breakfast in the Wensberg room of the Stephenson Library. Please drop in to get acquainted and enjoy a free gourmet breakfast delight created by the GIVERS' own culinary whiz, Nori Odoi. You also may find out more about us by calling Neal Brown at 547-2023

### GREENFIELD COMMUNITY GARDEN:

We hope that you enjoyed watching our garden-themed GFD Parade Float as much as we enjoyed making it. Like the float, our gardens are steadily rolling ahead despite the cool and rainy weather and some pesky deer.

We again wish to thank the good taxpayers of Greenfield for loaning us their old ball field as our garden site. We haven't forgotten that it's every bit as much your garden as it is ours, and we hope to make you all as proud of it as we are.

To that end, we are pleased to report that the several frames which we planted for the benefit of the Food Pantry will soon begin to provide fresh, wholesome produce for that good Greenfield institution.

One of the best ways to protect your new "green" investment is to join up for a garden plot. We'd love to have you onboard. Membership is only \$5 per year, and negotiable for those who cannot afford the fee. If you'd like to join, or if you have any comments/advice/criticisms/questions about the Community Garden, fire away by calling Diane Boilard at 547-6662. She'd be pleased to have your feedback!

**BREAKING NEWS: WE JUST RECEIVED OUR FIRST GRANT!** Today Diane was informed that our recent grant application to the New England Grass Roots Environment Fund was approved - for \$ 1000.00! We're very pleased and excited! This is going to open a host of

opportunities for the Garden Initiative - including subsidization of Greenfielders who don't have the means to buy their own frames and soil. Stay tuned!

### BLUEBERRY JAMBOREE:

Please come see us at our food concession at the Blueberry Jamboree. And thank you Crotched Mountain Foundation for your generous gift of foodstuffs and supplies.

All of our customers should know that their "investment" in the GIVERS' lunch will go to a good cause! All of the proceeds have been applied to the GIVERS' Playground Fund, an initiative that we have recently set up to assist the Town in re-furbishing Oak Park's playground facility.

### BUY GIVERS' FIREWOOD. IT WILL WARM YOU TWICE!

Planning to buy firewood for the coming winter? If so, please consider buying some from us. You'll not only get fine seasoned and split hardwood at a great price. All of your dollars will stay in Greenfield and be used for the exclusive benefit of needy Greenfield citizens. Here's how that happens: the proceeds from our wood sales are donated to the Southern New Hampshire Services (SNHS) Emergency Fund where they are specifically set aside to support Greenfield residents who have an emergency need to pay utility and energy bills. Last year our wood sales raised \$2000 for this fund, and every nickel was spent here in Greenfield on several deserving families.

Particulars:

- Product: grade A, split, stove-ready hardwood (> 95% oak&maple), 16" lengths
- Cost: \$240 per cord
- Availability: Immediately, on a first-come, first-served basis (approx. 10 cords are available as of Aug 1)
- Delivery: We do not routinely deliver. The buyer will be responsible for picking up the order at our Sunset Lake yard at his/her convenience.
- Reserve/Order/Info/etc: Contact Neal Brown, Wood Yard manager at 547-2023; cell: 508-259-9735.

### Art Show continued from page 3

Region. His oil landscape paintings reflect his feelings for both places, capturing moments of light and color, and revealing both the similarities and differences between the North and the South. He has painted for twenty-plus years, originally studying painting with Richard Whitney, and has drawn and done other artwork all his life. Vinoy paints landscapes and imaginative pictures in oils, and draws in pen and ink and pencil. He also produces works of mixed media as well as dig-

ital artwork and designs of a "serious and a not-so-serious nature." His current body of work includes art in a surrealistic fashion and detailed, intimate drawings of nature, as well as more "traditional" painted landscapes. He chose to begin his official career as an artist later in life and says that he's "really just trying to be myself and do what I love, and what I think I'm best at." You can see some of his work at his website at [www.vinoylaugher.com](http://www.vinoylaugher.com).

The Sharon Arts Downtown Galleries

## VOLUNTEER OPPORTUNITIES

**Trustee of Trust Funds/Cemetery Trustee:** The trustees are in charge of investing the trust funds to guarantee the best return for the town and overseeing the care of the cemeteries. There is one opening. To find out more, you may call Gil Bliss at 547-3606.

**Library Trustee:** The trustees are in charge of the administration of the library. There is one opening. To find out more, call Mary Ann Grant at 547-8856.

**Conservation Commission:** This committee is involved with the protection of Greenfield's natural resources. If you have an interest in conservation and protecting the natural environment, you may call, Carol Irvin at 547-2037.

**Fire Department:** Greenfield has an all volunteer fire and rescue department. We are very fortunate to have this department in town because if we didn't, these services would have to come from another town resulting in a longer time before they were actually on the scene. For more info, call Jim Plourde at 547-3501.

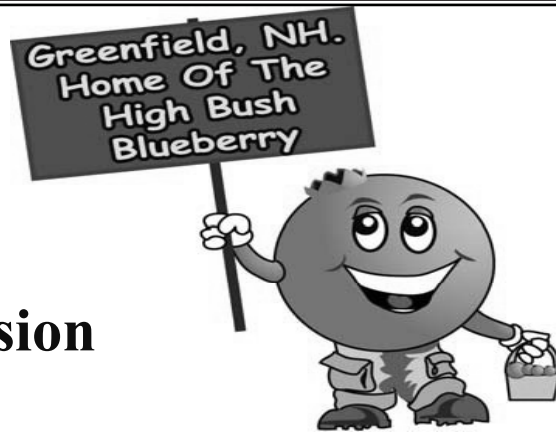

**Budget Advisory Committee:** This committee assists the Selectboard with ideas on how to save money on the annual budget. Often research is needed to do so. There are two openings. For more info, call Bruce Dodge at 547-3451.

**Recreation Committee:** This committee is involved with the recreation needs of the town and gives recommendations to the Selectboard. For more info, call Lori Weeks at 547-6665.

**Blueberry Jamboree Committee:** This committee is involved in planning and running the annual Blueberry Jamboree at Oak Park. For more info, call Dorene Adams at 547-2706 or Katherine Heck at 547-2450.

**Oak Park Committee:** This committee plans events that produce income to support the development of the park. For more info, call John Hopkins at 562-6690.

## LYME DISEASE

The Lyme disease bacterium normally lives in mice, squirrels and other small animals. It is transmitted among these animals and to humans through the bites of certain species of ticks. Ticks bite the infected animal and then bite humans or other animals.

In the northeastern and north-central United States, the black-legged tick (or deer tick) transmits Lyme disease. In the Pacific coastal United States, the disease is spread by the western black-legged tick. Other major tick species found in the United States have not been shown to transmit Lyme disease bacterium.

Blacklegged ticks live for two years and when infected, it remains infected for the rest of its life.

ture of the rash is that it gradually expands over a period of several days, reaching up to 12 inches (30 cm) across. The center of the rash may clear as it enlarges, resulting in a bull's-eye appearance. It may be warm but is not usually painful. Patients also experience symptoms of fatigue, chills, fever, headache, and muscle and joint aches, and swollen lymph nodes. In some cases, these may be the only symptoms of infection.

### LYME DISEASE DIAGNOSIS

Lyme disease is diagnosed based on symptoms, objective physical findings and a history of possible exposure to infected ticks. Validated laboratory tests can be very helpful but are not generally recommended.

When making a diagnosis of Lyme disease, health care providers should consider other diseases that may cause similar illness. Not all patients with Lyme disease will develop the characteristic bulls-eye rash, and many may not recall a tick bite.

Other suggested modes of transmission:

### PERSON-TO-PERSON

There is no evidence that Lyme disease is transmitted from person-to-person.

### During Pregnancy & While Breastfeeding

Lyme disease acquired during pregnancy may lead to infection of the placenta and possible stillbirth, however, no negative effects on the fetus have been found when the mother receives appropriate antibiotic treatment. There are no reports of Lyme disease transmission from breast milk.

### FROM BLOOD

Although no cases of Lyme disease have been linked to blood transfusion, scientists have found that the Lyme disease bacteria can live in blood that is stored for donation. Individuals being treated for Lyme disease with an antibiotic should not donate blood.

### FROM PETS

Although dogs and cats can get Lyme disease, there is no evidence that they spread the disease directly to their owners. However, pets can bring infected ticks into your home or yard. Consider protecting your pet, and possibly yourself, through the use of tick control products for animals.

### OTHER TRANSMISSION

You will not get Lyme disease from eating venison or squirrel meat, but in keeping with general food safety principles meat should always be cooked thoroughly. Note that hunting and dressing deer or squirrels may bring you into close contact with infected ticks

There is no credible evidence that Lyme disease can be transmitted through air, food, water, or from the bites of mosquitoes, flies, fleas, or lice.

### LYME DISEASE SIGNS OF INFECTION

The first sign of infection is usually a circular rash at the site of a tick bite after a delay of 3-30 days. A distinctive fea-

### TREATMENT

Patients treated with antibiotics in the early stages of the infection usually recover rapidly and completely. A few patients, particularly those diagnosed with later stages of disease, may have persistent or recurrent symptoms. The authors of studies sponsored by the National Institutes of Health have concluded that these patients may benefit from a second 4-week course of therapy and that longer courses of antibiotic treatment are not beneficial. Longer courses of antibiotics have been linked to serious complications, including death.

### **SPONSOR THE SPIRIT**

If you'd like to sponsor an issue of the Greenfield Spirit, please call Deb at 547-3442. The cost is low, and it's a great way to get the word out about your business or group, as well as an easy way to support your community. Interest has been so great that we now have a sign-up form to keep everyone's turn organized. Please call the Town Office to get on the list.
