SAFETY TIPS FROM LOREN WHITE GREENFIELD FIRE DEPT.

Lasko Recalls Box Fans Due To Fire Hazard

Release #11-183

Firm's Recall Hotline: (877) 445-1314

CPSC Recall Hotline: (800) 638-2772

CPSC Media Contact: (301) 504-7908

WASHINGTON, D.C. - The U.S. Consumer Product Safety Commission, in cooperation with the firm named below, announced a voluntary recall of the following consumer product. Consumers should stop using recalled products immediately unless otherwise instructed. It is illegal to resell or attempt to resell a recalled consumer product.

Name of Product: Box fans

Units: About 4.8 million units

Manufacturer: Lasko Products Inc., of West Chester, Pa.

Hazard: An electrical failure in the fan's motor poses a fire hazard to consumers.

Incidents/Injuries: Lasko has received seven reports of fires associated with motor failures, including two house fires and one barn fire, resulting in extensive property damage. No injuries have been reported.

Description: This recall involves Lasko box fans with model numbers 3720, 3723, and 3733 and Galaxy box fans with model number 4733 that have date "2002-03" or "2003-04" stamped on the bottom of the metal frame. "Lasko" or "Galaxy" is printed on the front of the fan. The model number is either stamped or printed on the bottom of the fans.

Sold at: Mass merchandisers nationwide from July 2002 through December 2005 for between \$12 and \$25.

Manufactured in: United States

Remedy: Consumers should immediately stop using the recalled fans and contact Lasko to receive a free fused plug safety adapter.

Consumer Contact: For additional information, contact Lasko toll free at (877) 445-1314 anytime or visit the firm's website at:

www.laskoproducts.com

To see this recall on CPSC's web site, including pictures of the recalled products, please go to: <http://www.cpsc.gov/cpsc/pub/prerel/prhtml11/11183.html>

HISTORICAL SOCIETY NEWS

CORN OR HOP CRIBS

At the junction of Route 31 South, Woodland Lane and Miner Road, stands the big yellow house built by Paul Cragin. Across from it is a small diamond-shaped building that I always called a corn crib, a structure used for the drying of whole ear corn. Slats between the boards allowed air to flow through the corn to keep it dry for its grinding into flour or to be fed to livestock.

In the mid to late 1800's, Mr. Cragin's son-in-law, Hugh Abbott, used this building to store and dry hops. Mr. Abbott would sell the hops in Boston. He bought the hops from other farmers in the area. While in Boston, he would also do errands for other people. A photo of this house and corn crib may be found on page 87 of the town history. A brief history of the house is given on page 225, and served as the resource for this information.

Zephyr Lake, at one time, was known as Cragin Pond. The old 1858 map lists it as such. Most all of the "lakes" in town have changed names over the years. Gould Pond is now Sunset Lake, and Otter Lake was once Pollard Pond. I don't know who used the word "lake" rather than "pond" when renaming these water bodies. Perhaps the term "lake" had more tourist appeal when summer places/hotels opened up as a vacation destination.

Our annual June Fair will be held on Saturday, June 4th, between 10 AM and 2 PM at the Museum. The team from Knotty Pine Antiques and Appraisals will be there to appraise your items. Please limit your treasures to three pieces. This will give everyone a chance to meet the experts. And, again, they will not discuss jewelry.

The June Fair will be the last chance to get your raffle tickets for the wooden

shed building. The drawing for the structure will be at 1:30 PM. There has been a lot of interest in this nice, utilitarian, multi-purpose shed donated by New England Forest Products.

Also, David Bridgewater will be demonstrating an old hand powered wood turning lathe at intervals throughout the day. Additionally, a small Flea Market will set up on the grounds and run from 9 AM to 2 PM.

We will have our 1928 fire truck out and other displays at the Museum, too. Hopefully, next year, the fire truck and a few other items will be on permanent display in our new barn.

Plans for our barn are progressing! We now have a design for a size-appropriate barn completed by Sheldon Pennoyer who also originally designed the museum building. Sheldon, an award-winning architect lives in Greenfield. Paul Freeman, also a Greenfield resident and the owner of Brooks Post and Beam, Inc., will do the framing. Mike Borden, another Greenfield resident, will do the groundwork for us while Jeff Creighton, also of town and the owner of J.C. Foundations, will pour our footings and foundation. The ConVal Applied Technology students will be hands-on in actually building the structure. Chet Bowles, the ATC Director, reports that the school is excited about undertaking this project.

Later in the summer (the first Saturday in August), the Historical Society will have a booth at the Blueberry Jamboree. Stop by to see our display, get a 50/50 raffle ticket, join the Society or buy some of our books about Greenfield.

The Museum is now open the last Saturday of the month through September from 11 AM to 1 PM or by appointment by calling either Lenny at 547-2198 or Jane at 547-2759.

BCH Camp continued from page 3

Greenfield residents are invited to the camp for an afternoon filled with outdoor adventures on Sunday, June 19th from 1:00 to 5:00pm. No registration required.

They will be lots of activities including:

Archery	Tours	Rock Climbing
Swimming	Free Lunch	Ropes Course
Crafts	Sports	Canoeing

About the Barbara C. Harris Camp and Conference Center: Opened in 2003, the Barbara C. Harris Camp & Conference Center supports churches, schools and other not for profit organizations by offering facilities for retreats, conferences and meetings. Whether it be a youth group from a church, the board of a not-for-profit organization or a teacher in-service training, the center works to provide the setting, facilities and services to help organizations hold successful events. With its reputation for great food and outstanding hospitality the center has become an important part of the program of hundreds of organizations. In addition, the center hosts over 1,000 students from schools through the Nature's Classroom outdoor education program.

During the summer months the center's focus shifts from conference center to summer camp. Each summer young people from throughout New England come to the center to participate in week-long faith-based summer camp programs. Accredited by the American Camp Association, the summer camp offers a fun and challenging program in a caring, Christian community. Due to the center's exceptional accessibility they also partner each summer with the national Joni and Friends organization to host a camp for people with disabilities.

For more information on the center's facilities or summer camp programs call the center at 547-3400, go to its website at www.bchcenter.org, or e-mail info@bchcenter.org.

RECYCLING CENTER NEWS

This is the time for spring-cleaning. It begins in the home, and then on to the garage, next the shed or barn, then the yard and lastly the car. This clean up can accumulate a variety of items to be disposed of. Everyone has an idea of where to dispose of these items but to be sure, please take a minute and ask what to do when you get here. This will insure that it goes in the proper place.

Here are a few facts:

The percentage of NH waste that goes to landfills is 44%. The 3 private landfills in NH are: Rochester (the biggest), Berlin, and NCS (in the north country). The 3 cities that own lined landfills in NH are: Nashua, Conway, and Lebanon. By the year of 2025 there will be no capacity left available in NH landfills at all.

Do you know?

- ◆ More aluminum goes into beverage cans than any other product and we use over 80,000,000,000 aluminum soda cans every year.
- ◆ Drainage pipes, toys, carpet, sleeping bags and cassette casings are just a few items made from plastic bottles.
- ◆ The United States Post Office has just come out with a set of new stamps to encourage recycling called "GO GREEN". A copy is posted on the bulletin board.

Wanted:

We have a goal: We would like to paint the inside of the Recycling Center building with oil based paint to cover the dirty walls. Once we have a good base coat, latex paint can be used as the second coat. Contrary to popular opinion, you can paint latex over oil but the problem is that oil paint is becoming harder to find. That being said: If you have left over oil-based paint that is **USABLE**, we might be able to put it to use here. We **MUST** check the paint when you bring it in to determine if we can use it. If we cannot use it here, then it must go to Keene as Hazardous Waste.

Please do not "drop off" any of this paint; together we will decide what is appropriate.

Other Items

The information on smoke alarms is available and posted on the bulletin board as well as the Hazardous Waste Collection information. There will be more dates from July to October posted as soon as they come out.

Shopping bags from various stores that have a recycling symbol on them are not recycled here. The grocery stores and Wal-Mart do a good job of collecting them and recycling them. Another way to recycle them is to use them as trash bags in your small trash receptacles. You are then reusing the bags and saving money in the process.

The location for items that contain refrigerants has been moved. Remember fees apply. Please see me if you have these items to drop off.

continued on page 5

Recycling continued

Other Information of Interest:

- ◆ Please remember no paint cans are to be disposed of unless checked first. The lids must be off and the cans must be empty. We will gladly direct you to the proper area to leave them in and what to do if you have left over paint. Please do not abandon any paint cans that are not empty at any of the doorways or any other area on the premises.
- ◆ Please rinse all recycled containers: plastic, steel, and aluminum. This is the only deterrent to bugs and rodents except insecticides and rodent control measures. We are trying to control these critters without extreme measures and with your help.
- ◆ Please remember to flatten your cardboard instead of stomping it down, which creates creases that will not lie flat in the baler.
- ◆ There is a container for "Box Tops for Education" between the battery skid and the glass window. These are on General Mills products and other food/staple items. The school is collecting them and your help is appreciated.
- ◆ Please be aware that the car batteries and the other small batteries on the pallet by the doorway are town property. They provide revenue from the Recycling Center for the town. Recently quite a number of these were removed from the pallet, which resulted in lost revenue.

On a daily basis items are being abandoned on the premises that should be taken to the Hazardous Waste Collection in Keene. If you need assistance in determining what to do, PLEASE ASK.

The result of these actions may end up costing the town extra money for their proper disposal. You as a resident can take these to Keene at no expense but once they are abandoned on the Recycling Center property they become an expense to the town.

A few quick reminders:

MINI MALL: New shelves have been installed and more renovations are coming. Please remember to check with us before leaving any items. Please put sharp objects on a higher shelf so children will not grab them. No electronics, clothing, or furniture allowed.

USED OIL: Please remember oil that is contaminated with water, antifreeze, gasoline or any other foreign substance is considered Hazardous Waste. We cannot burn these mixtures in the furnace, so please do not leave them on the premises. Synthetic oil is also considered to be Hazardous Waste and we cannot burn it either. PLEASE, do not leave it here.

METAL PILE: Please see us if you have items for the metal pile, together we can determine where to put them. There are fees associated with certain items that go in this area. The metal pile is being used as a "hiding place" for items that should go to Keene. Once they are left here, the burden of the cost will be on the town. Please do not put fire extinguishers, propane tanks of any size, or oil filters in the metal pile. We will take oil filters inside and drain them. A 55-gallon drum has been placed at the metal pile for small nails, screws and small metal pieces to keep them off the ground.

BICYCLES & LAWN MOWERS: These are being separated from the metal pile so they are more accessible if anyone is interested in them. We are hoping to have bicycle racks made from metal tubing from the metal pile. Lawn mowers MUST have the oil and gasoline drained before they can be left in this location.

BURN PILE: Please remember the 5" rule. No logs over 5" can be left on the premises. No plywood, treated lumber, painted or stained lumber, or laminates of any sort can be left in the burn pile. This is part of the state law on burning at Transfer/Recycling Centers.

COMPACTOR: No ashes, electronics, metal, wood, or recyclables should be put into the trash compactor.

MIXED PAPER: Please sort the corrugated cardboard out of the mixed paper. The 1/2 gallon containers of orange juice or soy milk are waxed cartons and cannot be recycled. If you are not sure how to determine these items, please ask.

ALUMINUM CANS: If you have large (15 gal. or bigger) trash bags of aluminum cans, you can put the whole bag thru the window. This will allow us to empty them directly into the baler.

PLASTICS: If you have oil containers to recycle please bear in mind that we can only recycle those that have NOT had used oil in them. If you leave the lids on we will finish draining them inside. If you have large (15 gal. or bigger) trash bags of only #2 plastics, you can put the whole bag thru the window. Again, this will allow us to empty them directly into the baler.

TIN/STEEL CANS: The lids that have been removed from tin/steel cans are also recyclable. Please put all aerosol cans (aluminum or steel) in this window as well. Since we bale aluminum cans we cannot have aerosol cans in with the aluminum cans. Paint cans do not go in this window or other non-food related containers. Please ask and we will help you.

ELECTRONICS: Please remember there are fees associated with these items.

FEES: We are still accepting the punch cards as payment, so if you have these please use them.

The skid steer has arrived! We will have it parked by the red electronics container for all to see.

We appreciate your efforts in keeping the grounds free of litter and in recycling!

We will gladly answer any questions and we are always open for suggestions. Here's one for you.

Memorial Day

This day is fast approaching and brings our thoughts to our troops. A nice idea would be to log on to letssaythanks.com to choose a hand-drawn postcard to send to a U.S. soldier stationed abroad. Just fill in your name and a message and click "send" and it's completely free. These postcards are hand-drawn by kids between the ages of 6 to 14.

CONSERVATION TRACKS

News of Conservation Doings

About the Greenfield Conservation Commission (GCC)

GENERAL INFO

Generally, the GCC meets on the fourth Wednesday of each month at 7:30 in the Town Office building. Want to make a difference? Come and join us!

What is a Conservation Commission? According to the 2004 Handbook for NH's Municipal Conservation Commissions, it "...is the only local body specifically charged with protecting natural resources; it provides a focal point within the municipal government for environmental concerns. Without a conservation commission, other boards may or may not be aware of and consider natural resources in carrying out their responsibilities."

Happenings

♪ "...I found my thrill...♪ ...on Blueberry Hill..."♪

The ConCom will once again be selling blueberry bushes at the Blueberry Jamboree. We'll be selling single bushes for \$20 each and 2 bushes for \$36 (10% off the full price).

For local trips and events, be sure to check out the website of the Forest Society and the Harris Center. There's always something happening in the woods!

Spotlight on REPTILES & AMPHIBIANS (adapted from UNH Cooperative Extension)

There are 40 species of reptiles and amphibians in New Hampshire, including amphibians, frogs, toads, snakes and turtles. Check NH Fish & Game's website for identification tips, calls, and volunteer programs.

http://www.wildlife.state.nh.us/Wildlife/nongame_and_endangered_wildlife.htm

http://www.wildlife.state.nh.us/Wildlife/Nongame/reptiles_amphibians.htm

There are fifteen species of conservation concern in our state:

- Black racer (a snake)
- Blanding's turtle
- Eastern box turtle
- Eastern hognose snake
- Fowler's toad
- Jefferson's blue-spotted salamander
- Mink frog
- Marbled salamander
- Northern leopard frog
- Ribbon snake
- Smooth green snake
- Spotted turtle
- Timber rattlesnake
- Wood turtle

Check the following site for a profile on each one:

Turtles of New Hampshire (adapted from NH Fish & Game)

This is the time of year that females cross the road to lay their eggs, so drive carefully!

In New Hampshire, we have seven turtle species that are considered to be native (see below). Painted and snapping turtles are fairly common. Other species, like the Blanding's turtles, are becoming increasingly imperiled. The New Hampshire Fish and Game Department maintains a database of all reptile and amphibian reports through its Reptile and Amphibian Reporting Program (RAARP). The first step to reporting a sighting is accurately identifying the species. Information and photographs were compiled for all of New Hampshire's native turtles to aid in this identification process:

Blanding's Turtle (*Emydoidea blandingii*)
Eastern Box Turtle (*Terrapene carolina carolina*)
Common Musk Turtle (*Sternotherus odoratus*)
Eastern Painted Turtle (*Chrysemys picta*)
Snapping Turtle (*Chelydra serpentina*)
Spotted Turtle (*Clemmys guttata*)
Wood Turtle (*Glyptemys insculpta*)

In addition to these 7 native species, occasionally a non-native turtle is observed in New Hampshire resulting from released pets, most commonly red-eared sliders. Never release pet turtles into the wild!! Report non-native species to Fish and Game.

Eastern Painted Turtle (*Chrysemys picta*)

Painted turtles are colorful turtles with yellow markings on the head and neck and orange to red marks on the limbs and shell margins. Hatchling painted turtles are small and have an orange plastron (lower shell). Painted turtles can be observed basking on logs, sometimes many individuals can be observed together. Painted turtles use a variety of wetland and open water habitats.

NH Conservation Status: Not listed

State Rank Status: Widespread and abundant.

Distribution: Throughout state, less common in northern New Hampshire.

continued on page 7

Conservation from page 6

Description: a 4-6 inch turtle with a smooth carapace and light lines running across the back (created from the straight rows of the large scutes on the back). The head and neck streaked with red and yellow stripes. There are two yellow spots behind each eye.

Commonly Confused Species: None

Habitat: Wetland areas with an abundance of vegetation and basking areas such as shallow ponds, marshes, bogs, slow-

moving streams, and lakeshores. Often seen basking on partially submerged logs or rocks in large groups.

Life History: Nest usually close to water's edge in sandy or loamy area with open canopy. Typically 5-8 eggs are deposited in shallow, excavated depressions. Up to 2 clutches may be laid in a year. Hibernate in mud bottoms or under submerged logs.

Conservation Threats: Road mortality, increased abundance of predators, collection, and habitat loss & degradation.

GREENFIELD TRAILS ASSOCIATION NEWS

Hopefully with the gorgeous warm weather that summer is presenting, you are out and about and enjoying one of Greenfield's greatest assets- those beautiful, winding dirt paths between the trees. They are perfect for meandering along on your mountain bike, zigzagging in your trail running shoes, wandering around on the backside of your horse, or even just strolling through to take in nature's relaxing beauty.

However, it is important to remember that a lot of effort went into those trails

by the volunteers who build and maintain them all year long. And GTA would like to keep it a positive experience for all, but since they can't be out on the trails 24/7 patrolling, GTA is asking all patrons to help out by:

- ♦ Carrying garbage out. If you come across trash on the trail, be kind and pack it out.
- ♦ Removing your animal's waste products. Even if you feel its "biodegradable", stepping over it can be unpleasant for others.
- ♦ Refraining from using during muddy/rainy periods. Your tracks can quickly harm and erode them.
- ♦ Leaving the trail as you find it- most trails are laid out in careful consideration for plant and animal life. It is better to slosh through a puddle than to widen the trail.

♦ Not deviating from the trail. It might be considered trespassing.

♦ Removing obstacles in the trail, like tree limbs, to make it safe for other users. If they are too large for you to move, notify a GTA member.

And finally, GTA's annual meeting is coming up- July 20th at 6pm at the Town Office meeting room. This meeting lets everyone know where we have been and where we are going. It also lets GTA know what you are thinking. We would love to see you there! And yes, I will make cookies!

Happy Trails! and I will see you at the meeting in July!

Janet's Planet

Info & Tips on Pets, Wildlife and Eco Issues by Janet Renaud

Pets

♦ Can you make the grade as a responsible cat owner? If so, contact Kitty Rescue & Adoption in Jaffrey (<http://www.kittyrescueandadoption.org>). Also, did you know that the Monadnock Humane Society has a facility in Peterborough? It's on Rt. 202 in the same plaza with Brady's, Dunkin' Donuts and Grappelli's Pizza. Stop by - they have pet care products and also animals that need homes. BTW, did you know that black cats are the least adopted cats? Don't give in to those silly superstitions, get one today! I had one, Pinky, and she was a great cat.

♦ All dogs in Greenfield must have a license! If yours doesn't, contact the Town offices.

♦ You may qualify for financial help for spaying or neutering your cat or dog! Call Toll Free 1-800-990-SPAY Remember - every litter hurts!

A Poem - A Cry From A Lonely Dog

I wish someone would tell me what it is
that I've done wrong,
Why I've had to stay chained up and left
alone so long.

They seemed so glad to have me when
I came here as a pup.
There were so many things we'd do
while I was growing up.

They couldn't wait to train me as a companion
and as a friend,
And told me how they'd never fear
being left alone again.

The children said they'd feed me and
brush me every day,
They'd play with me and walk me if
only I could stay.

But now the family "hasn't time"; they
often say I shed.

They do not want me in the house, not
even to be fed.

The children never walk me. They
always say, "Not now!"

I wish that I could please them. Won't
someone tell me how?

All I had, you see, was love. I wish they
would explain

Why they said they wanted me, then
left me on a chain.

Wildlife

Watch out for turtles and other creatures
crossing the road! Slow down! What's
the hurry???

Don't encourage bears by leaving feed-
ers up and garbage uncovered!

Do you have empty tubs in your yard
that fill up with water? That's mosqui-
to heaven! Dump 'em out!

Are you worried about Lyme disease,
West Nile, encephalitis, etc? Don't stay
indoors! If you take precautions, the
reward FAR outweighs the risk! Learn
more, and get out there! (check out the
website below).

Have you ever been to the State's
wildlife site? It's got so much info, I
can't believe it:

<http://www.wildlife.state.nh.us/Wildlife/wildlife.htm>

This site has info about:

- ♦ How to handle wildlife situations
- ♦ A listing of approved wildlife rehabilitators
- ♦ A downloadable Pocket Guide to NH Animal Tracks
- ♦ Bobcat tracking project - wow! Is this cool!
- ♦ Info about White Nose Syndrome, a disease that is killing our extremely important bat population
- ♦ How to become a Wonders of Wildlife volunteer
- ♦ How to create a Backyard Wildlife habitat
- ♦ How to avoid ticks and other disease-carrying insects
- ♦ Osprey cam! Yowza!
- ♦ The all-important Wildlife Action Plan (WAP)

and that's just the beginning! Check it
out!

Eco Tips

Gas prices are out of control! What to
do this summer? I CAN'T BELIEVE
YOU'RE ASKING! We are so lucky to
live where we live. Just taking a walk
around town is a pleasure (and great

exercise!) We have a town park (Oak
Park), a state park (Greenfield State
Park) and the northern entrance to the
Wapack National Wildlife Refuge. We
have three lakes. What more do you
need?

When you take your week off, don't go
- stay! You can get a season pass
(<http://www.nhstateparks.org/explore/visiting/seasonal-pass-options.aspx>) and
visit state parks for canoeing and
kayaking, swimming and hiking. There
are so many places to hike and bike,
who needs to go far? We live in
(arguably) the most beautiful part of the
state! Pick up (Sherman and Julia
Older) and (quiet water) and have at it.
It's less than an hour to our biggest state
park, Pisgah in Winchester.

If you're still looking for more, check
out the websites of the Forest Society,
Monadnock Conservancy, the Nature
Conservancy, New Hampshire
Audubon, the Harris Center...I could
go on and on...for conserved land that
is open for hiking. The list of places to
enjoy nature are endless. Just remem-
ber - you're responsible for YOU - see
the following site and go prepared:
<http://www.hikesafe.com>

Need some culture? Rainy day? How
about the local historical museums, or
head over to Keene or Manch. It was-
n't that long ago that we used to come to
Peterborough for a day trip - now we
live right next door! How about sum-
mer theatre? Peterborough Players win
awards year after year for their fantastic
productions. Check the Spirit for
Greenfield events, and the Monadnock
Ledger-Transcript publishes twice a
week and has everything you need.
Have a great summer!

STEPHENSON MEMORIAL LIBRARY

NOTES FROM THE CHILDREN'S LIBRARIAN

Thanks to Mrs. T. and Gail I've hit the ground running; My 1st month brought stories & crafts about bugs, birdies and bees, a crazy hair movie night, a new book order with manga, graphic and story book formats, dates with teachers and students at GES, trainings at the state library and lots of new volunteers and friends to meet. I'm so pleased to be sharing my ten years experience at James A. Tuttle Library and The Grapevine Family and Community Center in Antrim with the Greenfield Community. Thanks for helping me feel so welcome and stop by if we haven't met yet.

One World, Many Stories Summer Reading: Registration starts the week of June 20th and continues for six weeks through July 25th. Stop by for sign up and detailed schedule. Mariposa Museum brings a visiting collection on Friday, July 22nd at 11 am. Look for a Sky Watch with NH Astronomers and other special guests. NH Astronomers also has a Library Telescope Program that I'm really excited about! If I can raise \$325 our library could have it's very own telescope to loan. Our telescope has been custom outfitted for ease of use and comes with a foster parent that keeps it in good working order. Visit <http://nhastro.com/ltp> to find out more or come see me if you'd like to collaborate, donate or cogitate regarding this exciting opportunity. *Kristin Readel*

LIBRARY INFORMATION AND GROUP MEETINGS

Hopefully winter is over and we won't need our snow shovels for at least a little while. Spring is a time for new beginnings and we want to invite you to come into the library and meet your new Children's Librarian, Kristin Readel. Kristin comes to us with great ideas and activities for our town families. Please come in and welcome her.

BOOKS AND BROADS: June 16 at 6:30pm at the library we will host an evening for women to get together and exchange books, enjoy talking and visiting and share a snack. Bring a book or books to trade and a finger food to share. Everyone will have a chance to tell why she brought the book she did or why she chose the book she chose. Come share this fun filled evening with your friends and neighbors.

BOOK DONATIONS: Gently used books, DVDs, etc. are welcomed at the library. Please do not include any text books, VHS or magazines. Any materials we cannot use in the library will be gratefully added to the book sale collection. Thank you to all who have donated in the past.

DISPLAY CASES: If you have a collection to share, please let us know!

ART IN THE LIBRARY: Your art work is welcomed as a display in the library. Please come in and talk to Gail or Kristin if you have something to display.

MEETING ROOM: Please call to reserve a date for your meeting or gathering.

ONGOING BOOK SALE: Looking for used books at great prices? Our ongoing book sale will be held each week at the library on Wednesday from 6PM to 8PM and Friday from 3PM to 5PM. Volunteers are needed to cover the times the book sale is open.....even once a month would be very helpful. Please call the library if you can help at 547-2790. The sale is managed by the Friends of the Library.

NEW BOOKS

Thanks to a number of generous patrons, we can contin-

ue to better serve our community by offering this nice collection of "gently used" books:

NEW BOOKS

LIVE WIRE	Harlan Coben
WHEN YOU ARE ENGULFED IN FLAMES	
	David Sedaris
THE AMISH MIDWIFE	Mindy Stearns Clark
THE WEIRD SISTERS	Eleanor Brown
13 RUE THERESE	Elinor Mauli Shapiro
NOW YOU SEE HER	Joy Fielding
CLARA AND MR TIFFANY	Susan Vreeland

ADULT READING GROUP - meets the last Wednesday of each month at 7pm.

LIBRARY SERVICES

Inter-library Loans - we will gladly borrow books and materials we may not have. Please check with us if you are looking for something .

News Papers - Ledger/Transcript - Magazines - Videos & DVDs - Books on Tape - Large Print books - Internet Access - 3 computers available for public use - Wireless Internet Access 24/7 - Town Reports from 1891 to present

Downloadable Audio Books Program, Tumblebooks Subscription online for children's stories and EbscoHost reference databases are now links from the library's webpage.

We have received many positive comments on our choices of books and materials for both children and adults. These comments are truly appreciated. If you have any questions or comments please don't hesitate to call or visit the library.

continued on page 13

Library continued from page 12

Your input is always welcome. Our Mission is to provide the residents of Greenfield with free access to a diversity of ideas and information through books and other resources, services and programs. We encourage reading for education, research and recreation.

WISH LIST: Wall to wall shelving for office re-do. Regular Lego block pieces and persons to expand the club collection (not Bionicles and specialized kits)

Summer Reading Wishes from Miss Kristin: Let me know what you'd like to share lawn games; bocce ball, Australian golf, croquet ...

Your collection or talents from around the world; we have two glass display cabinets for your "worldly" collection; dolls, currency, music instruments, costuming ...

Share origami, tea ceremony, music or dance talents or food; cookies around the world sounds good to me.

STORY TIMES are held Wednesdays at 10:30 a.m. Listen to stories and enjoy related craft or activity. Spend some time visiting with other parents while your child plays with other children their age. Bringing home a pile of books keeps your storyteller happy.

LEGO CLUB Friday, April 15th at 3:30 was our last scheduled meeting and no one showed. If this is important to you please speak with Miss Kristin about Summer Scheduling.

FAMILY MOVIE NIGHTS will be back on the Third Friday of each month at 6:30 p.m. June 17th, July 15th and August 19th. Come as a family to watch a "G" or "PG" rated new release and have a snack. All children 9 and younger will need an adult present for the duration of the film. The movie being shown will be posted closer to the date of the event. Check at the library. Enter at the lower level back door. See you there. Please call ahead if you need special accommodations for any reason; food allergy etc...

The Library provides many services, materials and programs. How much would you need to pay out-of-pocket if you purchased books, movies and other library services in stores? Use this calculator to find out! You will be surprised and hopefully more aware of what a value we provide. <http://www.nhlibrarians.org/calculator.html>

SPONSOR THE SPIRIT

If you'd like to sponsor an issue of the Greenfield Spirit, please call Deb at 547-3442. The cost is low, and it's a great way to get the word out about your business or group, as well as an easy way to support your community. Interest has been so great that we now have a sign-up form to keep everyone's turn organized. Please call the Town Office to get on the list.
