## TWENTY YEARS SERVING GREENFIELD

Reverend Daniel Osgood

Here's an interesting bit of local trivia; In the 216 years of the Greenfield church's history, what pastor has had the longest tenure? For starters, you'd have to go all the way back to the 1820s to find the second place tenure of about 14 years, but first place belongs to none other than the church's current pastor Rev. Dan Osgood.

Recently the church celebrated Rev. Dan's twentieth year of ministry here in Greenfield with a surprise

event at Carter Hall at Crotched Mt. Rehabilitation Center. Members of the church used song and skit to highlight some of the major events in Rev. Dan's life. Did you know that after going to college and getting a degree in secondary education, Rev. Dan did a stint as a dairy farmer in Vermont? After attending seminary in Bangor Maine, his first pastorate was here in Greenfield, and he's been here ever since.

As well as pastoring the local church, he is also the Chaplain at Crotched Mountain Rehabilitation Center, holding services for students and staff every Tuesday evening. He also serves on the ethics board at Monadnock Community Hospital.

### BOARD OF SELECTMEN SPECIAL MEETING

The Board of Selectmen will be holding its regularly scheduled October 16th meeting at Crotched Mt. There will also be a guided tour of CMRC's new environmentally-friendly wood chip plant that provides heat and hot water system to the campus. All are welcome to attend.

"Twenty years ago the Lord called me to Greenfield. It has, and continues to be, a blessing to minister to both the church and community," says Rev. Dan. So if you see him out walking his dogs or pushing his new grandson in a carriage, be sure to say hello to the longest tenured pastor in Greenfield's history, Rev. Dan.

## NEWS FROM THE SCHOOL BOARD

The school year is started with many changes occurring in leadership positions.

Dr. Richard Bergeron is our new superintendent coming from North Andover, Ma. most recently, as Acting Superintendent and is joined by Don Johnson who was Littleton's Superintendent in '06. Both are moving into the district with Dick building a house and Don still looking. They are taking a long look at district management including curriculum, staffing and budget and we are looking forward to their leadership in this next budget cycle.

We have also started negotiations with the teacher's union and look forward to having a new contract in place for the next school year '08-'09. We have been meeting regularly with the Selectmen's Advisory board to try and continue to find ways that the Towns and School District can save money by working together by sharing their resources.

If anyone has questions regarding our school or our school district please feel free to contact me.

## BROWNIE GIRL SCOUT LEADER NEEDED

Greenfield is in need of a leader for Brownie Troop 338 for next year. I have thoroughly enjoyed leading this troop and hope that someone will step forward so that the troop can continue. For the past few years I have been leading the Brownies Troop and also leading my daughter's Junior troop. I will not be able to continue leading Troop 338 next year as my schedule has become too hectic. I have a 15 year old son that runs cross country and track year round. My 11 year old daughter is on the local gymnastics team and attends gymnastics 4 days a week, in addition to running cross

country and a multitude of other activities. I do not want to leave the Brownies without a leader and hope that someone is willing to step forward.

My daughter has been in scouting since the 1st grade. I can't begin to tell you how much she has enjoyed it. It is a wonderful opportunity for girls as it gives them the opportunity to experience many new ventures that they would normally not be able to try. Girl Scouts encourages them to make new friends and try new things. Girl Scouts enables the girls to get together and have fun as a group. The girls have a chance to try new things and can do so without worrying about being graded or judged. When we try something new, everyone looks just as silly as the other one and the girls can laugh along with each other, instead of being laughed at. We celebrate each others accomplishments when one girl is able to succeed at a new venture, as we encourage the others to continue trying their best

I have thoroughly enjoyed leading Troop 338. I do not want to leave Greenfield without a Brownie Troop. If you or someone you know is interested in becoming a leader, please let me know as soon as possible. I will be more than happy to help out as much as possible. I have received my first aid certification and basic outdoor living skills and I would be able to assist on any or all fieldtrips troop 338 would like to make. Please contact me at 547-6893 or email me at billruth1267@msn.com.

## GREENFIELD HISTORICAL SOCIETY NEWS

We have had a busy and productive summer. Since we are opened on Saturday we have 3 hours to do tasks along with helping our visitors. Some of us have been putting 2 -3 hours one other day a week to work at the museum. Many thing have been accomplished such as, cataloging, sorting , and filing articles.

The historical Society had a booth set up at the Blueberry "JAM"boree with various articles on display from the museum. A few Greenfield Histories were sold also.

During the summer a few members were invited to get a look at an old house that is having some work done. It was an opportunity to see how houses of 100's were built. It is a rare opportunity to get to observe the structure of a house of this age.

In September and October the museum will still be open on Saturdays from 2 - 5 pm. " The Pause That Refreshes" will continue to be on display through the end of October. It is a collection of painted and applied label soda bottles, crates, carriers, and other odds and end. Also on display are newspaper articles and posters from the Whing Ding and some information about the blueberries and how the high bush got it start here in Greenfield.

The Historical Society now has a post office box, PO Box 316. This gives us a permanent address rather than changing it whenever there is a change of officers. Eventually, it would be great to have a telephone installed (a working one not an antique on display) and

## RECYCLING CORNER

### TRC and its volunteer corps to take a break

After 15 months as a regularly scheduled advisory committee, the TRC has decided to end its regular meetings.. We have petitioned the Selectmen to remain "on the books" as an ad hoc Recycling advisory group serving at the pleasure of the Board. The TRC also will no longer provide regularly scheduled Recycling Center (RC) volunteers when the current schedule runs out on Oct 28. Thereafter, volunteers will serve on an ad hoc basis at the request of the RC Attendant.

There were two major reasons for our decision to end regular meetings. First, we had achieved most of the goals that we had set 15 months ago.. And second, the current BOS had clearly gotten on top of the most pressing recycling issues, and therefore no longer needs a "standing" advisory committee as it moves forward.

We chose to disband the regular volunteers in part because of "burnout". As Kent Vincent, a former TRC member and RC volunteer aptly put it - "Spending your Saturdays sorting through your neighbor's garbage can become tiring." He was right. After 2 Saturdays a month for 15 months, most of us simply needed a break..

Our other reason for disbanding volunteers was to encourage the Selectmen and RC Attendant to finally bite the bullet and end the RC's dependence on volunteer help - a dependence rarely, if ever, seen among any of the RCs of surrounding towns. Given the experience of working at the RC, we firmly believe that volunteer independence can be achieved simply by hiring the 10 hr/week helper which was approved in the RC budget at the '07 Town Meeting. In sum, we believe that a 40 hr/wk RC Attendant, given a 10 hr/wk helper and an Angelo-type "cover" man, should be able to efficiently manage the RC to the satisfaction of both the Board and the public without additional help.

### Trash Talk

Reminders for those who haven't heard-

- Residents may now pay fees directly to the Attendant by either check or cash.
- Copies of the new folding RC brochure are available at

Town Hall or from the Attendant at the RC.

Coming soon to an RC near you - the mother of all loading docks!

- If you have been wondering about the digging up at the RC, it's not the work of woodchucks! It's phase I of the construction of the new loading dock. Duffy and his intrepid DPW crew have been selected by the Select Board to do the whole thing - A to Z.- and have it completed by mid-October.

Citizens, help stop those darn RC scofflaws - they're costing you money!

- Could it really be true? Although I find such rumors hard to believe, I've heard that certain townspeople are not playing by the rules! They're said to enter the RC during days that the facility is closed to the public, and deposit unsorted trash into the open trash dumpster. Tsk.. Tsk, .You know who you are! Shouldn't you know better?

- And how about the bozos who stealthily drop off noxious items like containers of strong (and very dangerous) masonry cleaning acid by the mini-mall ? You can bet that they know better!

- And the same goes for the "fee duckers" who plot to avoid disposal fees by "mini-malling" their non-functional fee-sensitive items. - like non-working TVs and microwaves ? Will it never end!?

Suggestions and Complaints:

- If you have any suggestions about how to improve the operations of the Recycling Center and make it more user friendly, or, if you have questions about what we do or why we do it, please do the following:

- Contact the RC superintendant or the Board of Selectmen or
- Call Neal Brown, Chairman of the TRC@ 547-2023 or
- E-mail him at [neal.brown@glsynthesis.com](mailto:neal.brown@glsynthesis.com)

Thank you for your interest in recycling and your support of the Recycling Center

## GIVERS' CORNER

### THE GIVers' MISSION:

*To build - through fund raising and volunteering - a partnership with the community of Greenfield and to assist the community in meeting its needs.*

### MEETINGS:

We meet over breakfast at the SIDE TRAX. at 8 AM on the third Wednesday of every month. We'd be pleased to have you drop in and get acquainted. Breakfast will be on us! You also can investigate us by calling Neal Brown at 547-2023

### COMING ATTRACTIONS:

GIVers' Annual Holiday Wreath Sale  
This event is our major fundraiser - one that sustains our various Greenfield projects such as gifts to the Library, flowers and holiday kissing balls for the downtown lampposts, holiday toys for kids, welcome baskets for new town residents, Winter Carnival, etc. So, when you buy a GIVers' wreath, you're helping many worthy causes in Greenfield. We would be very pleased to have your support.  
Details: Starting October 1, you may call either Mary Ann Grant at 547-8856 or Neal Brown at 547-2023 to make inquiries about price and product and place an advance order.  
Wreath orders will be available for pick-up in front of Delay's on Saturday,

Nov. 24 between 10 AM and 3 PM. We offer free home delivery for local orders of 3 wreaths or more. A limited number of wreaths also will be available for direct purchase at the Delay's site on 11/24.

### CHIPS FROM THE GIVers' WOODBANK:

Tip of the hat to Crotched Mountain Foundation - our patron  
If it were not for CMF and the efforts of ex-CMFer, Jim Orr, there would be no GIVers Woodbank. The Foundation has not only donated the bulk of our raw timber. It also has generously provided a secure "yard" on CMF property where we can work it up and store it.. Simply put,, CMF is a key partner in this wood bank, and the GIVers and citizens of Greenfield are very appreciative of its unflagging support..

With apologies to Martin Luther King -  
Stacked at last, stacked at last! Thank God! Stacked at last!

Thanks to the sweat of many volunteers, we're finally ready for winter. We have approximately 25 cords of seasoned firewood stacked, covered, and available to needy Greenfield residents looking for help with their winter firewood. For details please call Deb Davidson at 547-3442 in the Town Office.

We can now provide limited fuel assistance to qualified Greenfield residents who cannot use wood. During the last couple of years we have encountered residents who have had a need for temporary fuel assistance but simply could not use stovewood - i.e., they could use only propane, heating oil, wood pellets, etc.

To better assist such folks in the future, we have sold a small portion of our wood to establish a small "non-wood" fuel fund from which we can now offer limited assistance for the purchase of alternative fuels. If you are a needy Greenfield resident in search of heating fuel other than firewood, please call Deb Davidson at 547-3442 in the Town Office for details.

Help! Are there any chain saw volunteers out there? The CMF gift horse just rode in again! CMF has just presented us with a fresh, 20 cord pile of hardwood timber to digest, and we now need to get the saws cracking again. If you are a saw jockey - either a rookie or a veteran from last year - who can volunteer some saw time, please call Neal Brown anytime at 547-2023 (H) or 508-259-9735 (Cell).

MANY THANKS FOR YOUR INTEREST IN THE GIVers...

requirements through specialized staff training and education.

"At WonderWorks, we are always working to maintain a safe, healthy and educational environment for all children," said Lynn Queen, Director of WonderWorks Learning Center. "We focus our child care around the individual, recognizing that everyone is different. We are extremely proud to achieve Licensed Plus status. I have worked with my staff over the past two years encouraging education and training to continuously improve their performance and to meet the high standards of quality child care."

WonderWorks' incentive award is for \$1,600.00, which is 5% of child care payments for children who received child care subsidized by the state during the previous calendar year. Licensed Plus was proposed by DHHS, and approved by the New Hampshire Legislature as part of the last budget as an incentive program for child care providers. WonderWorks' is one of only 63 child care centers in the state who have achieved this distinction, and only one of four facilities in the eastern Monadnock Region.

Wonderworks' Licensed Plus certification is effective until December 2009.

"Part of the reason WonderWorks was chosen for Licensed Plus status is due

to the fact that our 17 member staff has been credentialed through the Early Childhood Professional Development System. Funded by DHHS, it is a voluntary program that recognizes experience, self-study and education through a set of "career lattices" of which child care professionals can continuously move up in level. DHHS issues a credential to child care professionals who meet or exceed criteria set forth in the child care licensing regulations," added Queen.

WonderWorks Learning Center provides quality care for children of the Monadnock Region of New Hampshire, ages six weeks to 12 years.

## RED CROSS HALLOWEEN SAFETY TIPS

### FOR KIDS AND ADULTS

With witches, goblins, and super-heroes descending on neighborhoods across America, the American Red Cross offers parents some safety tips to help prepare their children for a safe and enjoyable trick-or-treat holiday. Halloween should be filled with surprise and enjoyment, and following some common sense practices can keep events safer and more fun.

\* Walk, slither, and sneak on sidewalks, not in the street.

\* Look both ways before crossing the street to check for cars, trucks, and low-flying brooms.

\* Cross the street only at corners.

\* Don't hide or cross the street between parked cars.

\* Wear light-colored or reflective-type clothing so you are more visible. (And remember to put reflective tape on bikes, skateboards, and brooms, too!)

\* Plan your route and share it with your family. If possible, have an adult go with you.

\* Carry a flashlight to light your way.

\* Keep away from open fires and candles. (Costumes can be extremely flammable.)

\* Visit homes that have the porch light on.

\* Accept your treats at the door and never go into a stranger's house.

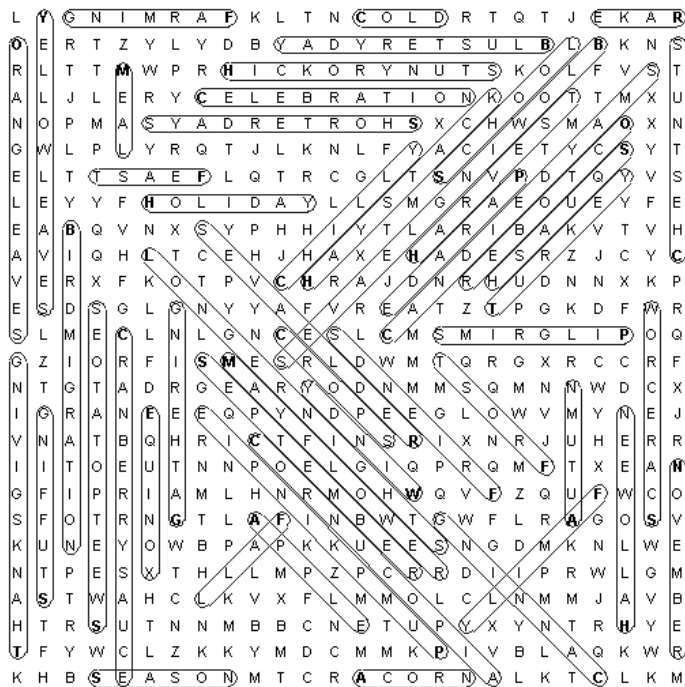

\* Use face paint rather than masks or things that will cover your eyes.

\* Be cautious of animals and strangers.

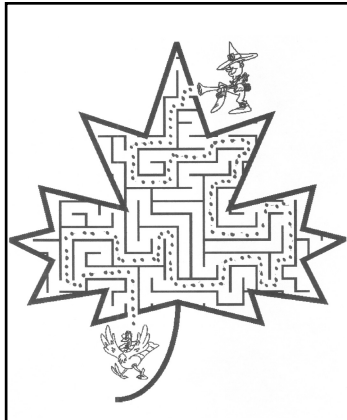

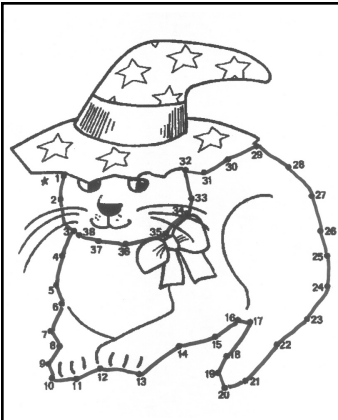

\* Have a grown-up inspect your treats before eating. And don't eat candy if the package is already opened. Small, hard pieces of candy are a choking hazard for young children.

## OCTOBER IS NATIONAL FIRE SAFETY MONTH

The history of National Fire Prevention Week has its roots in the Great Chicago Fire which occurred on October 8, 1871. This tragic conflagration killed some 300 people, left 100,000 homeless and destroyed more than 17,000 structures. The origin of the fire has generated speculation since its occurrence, with the fact and fiction becoming blurred over the years. One popular legend has it that Mrs. O'Leary was milking her cow when the animal kicked over a lamp, setting the O'Leary barn on fire and starting the spectacular blaze. However the massive fire began, it swiftly took its toll, burning more than 2000 acres in 27 hours. The city of Chicago quickly rebuilt, however, and within a couple of years residents began celebrating their successful restoration to memorialize the anniversary of the fire with festivities.

Intending to observe the fire's anniversary with a more serious commemoration, the Fire Marshals Association of North America (FMANA), decided that the 40th anniversary of the Great Chicago Fire should be observed not with festivities, but in a way that would keep the public informed about the importance of fire prevention. The National Fire Protection Association (NFPA) continues today to make National Fire Prevention Week a priority and counts on the participation and efforts of tens of thousands of fire and safety professionals, emergency volunteers, and other individuals working to reduce the risk of fire and the toll it takes on our society.

In 1920, President Woodrow Wilson issued the first National Fire Prevention Day proclamation.

In 1925 when President Calvin Coolidge proclaimed the first National Fire Prevention Week, he noted that in the previous year some 15,000 lives were lost to fire in the United States. Calling this loss "startling," President Coolidge's proclamation stated, "This waste results from conditions which justify a sense of shame and horror; for the greater part of it could and ought to be prevented...It is highly desirable that every effort be made to reform the conditions which have made possible so vast a destruction of the national wealth."

Every year since 1925, the president of the United States has signed the proclamation pronouncing the Sunday-through-Saturday period in which October 9th falls a national observance. For 70 years, the nonprofit NFPA has selected the theme of Fire Prevention Week, honoring the anniversary of the Great Chicago Fire and using the events to increase awareness of the dangers of fire.

According to the National Archives and Records Administration's Library Information Center, Fire Prevention Week is the longest running public health and safety observance on record.

Please celebrate National Fire Prevention week at home, at work, and at school. Practice your escape plan, have your chimneys professionally inspected and cleaned, have your furnace cleaned and inspected in preparation for the heating season, use space heaters properly, check electrical wires for wear, and replace batteries in smoke and CO2 detectors. And help keep Halloween safe for all by visiting <http://www.nsc.org/library/facts/halloween.htm> for Halloween safety tips.

### SPONSOR THE SPIRIT

If you'd like to sponsor an issue of the Greenfield Spirit, please call Deb at 547-3442. The cost is low, and it's a great way to get the word out about your business or group, as well as an easy way to support your community. Interest has been so great that we now have a sign-up form to keep everyone's turn organized. Please call the Town Office to get on the list.

*Next issue deadline: November 1, 2007*
