## NOTICE TO ALL DOG OWNERS IN THE TOWN OF GREENFIELD

The Greenfield Police Department reminds all dog owners that the Town has a LEASH LAW in effect.

Dogs are not permitted to run at large or be a nuisance at any time.

The Greenfield Police will strictly enforce animal control laws. Dogs found running at large will be picked up and a summons will be issued to the owner of the dog for court appearance.

Dog owners whose dogs are deemed a nuisance will also be summoned to court.

## NEWS FROM THE SELECTMEN'S OFFICE

The sale of the Slip/Forest Road Properties is still moving forward, though it has been over a year, the buyers are still interested and we are close to the completion of the sale. There was a problem with the title, which needed to be addressed in a court. The paperwork went before the judge the week of September 20th and we should have a clear title very soon. The new owners are excited to transfer title and start moving forward with restoration of the buildings.

It was a very successful year for many of the fundraisers in Greenfield. The Blueberry Jamboree provided adults with wonderful crafters, children with a fun "children's area", music, raffles, pies and more. The Blueberry Jamboree successfully raised \$2,637.65. They currently have a profit of \$1,660.19.

The Blue-B-Que was successful this year and well attended. People enjoyed great barbeque food, friends, family and music by Tom Bellerini Blues Band; Otis & The Elevators and closing with Murphy's Blues. The event successfully raised \$9,227.00, after expenses there was a profit of \$3,834.75.

Little League had a great season. We would like to thank everyone who helped to make it a success. Lori & Chris Weeks very willingly took over as Tee Ball coaches, Jim & Leah Conway coached the rookies and Joe Picott & Chris Weeks coached the minors. Without enough Greenfield players for our own Major team, our children joined Francestown players and had a great year.

We are very pleased that Chris Weeks has offered his help as well as the help of some volunteers to make some much needed improvements on the baseball field. Though the infrastructure is ok, the field is in need of work. Plans are in the works for improving the grass, tackling the ant problem, improving the infield, painting the dugouts, and more. For more information you can contact the central office.

Our thanks go to all the Little League Coaches for their time and commitment to the children in Greenfield who enjoy playing ball.

There are also many others who deserve a thank you from our community for all they do throughout the year such as:

- ◆ The Woman's Club for their generous donation of having the interior of the Meeting House painted by Ian Stevenson. If you haven't seen it, Ian did a great job and it is worth checking out.
- ◆ The Jamboree Committee, Oak Park Committee and the GIVers for their very generous donations of \$3,500.00 each for the purchase of new playground equipment

## GREENFIELD HISTORICAL SOCIETY NEWS

### CELLAR HOLES

Old cellar holes can be found in a lot of spots that to us are off the beaten path. For the settlers or homeowners who built houses and farmsteads, these holes are the markers of the sites of where they chose to be. Some of the roads or driveways were discontinued as property changed hands and better routes for highways were found.

Another factor was an exodus to better land in the west. Until then, sheep were raised in large numbers in New England. When cotton mills opened up around Manchester, the wool market declined. This also took the population away, as the money made at the factories promised better pay with not as much hard labor.

Almost a hundred years later, in the 1950's-1960's, the farming life again lost

its population as young people went to college and/or an easier factory lifestyle. Parents pushed this education and easier living so their children would not have the hard life that they had had. Most of the parental generation had seen the Great Depression and WWII and wished better for their offspring.

Ben and Adele Hale have already given the Society lots of photos of old cellar holes around town. One shows the Dane Farm. This must have been quite a place in the 1800's. A house and several barns fell in or burned in the early 1900's. According to the Greenfield History, the town fixed the driveway on the farm, located just off of the old, old Gulf Road on top of a hill. The beautiful stonewalls are still intact and a few of the magnificent trees are still standing. At our Museum, we have a drawing depicting the footprint of this farm, the road, and the stonewalls.

Old photos in our archives often show some huge, wonderful old farms or houses. Sadly, there are no names or locations with these photos. Even with people in the pictures, no information is given. We surmise that people knew who was in the pictures and thus felt no need to mark them. But as family members left the area or died, after a generation or two, no one remembered about the photo content. Now, we ponder...which one of these photos go with an unidentified cellar hole? How many cellar holes have not yet been found?

\*\*\*\*\*

Our Barn Fund continues to grow. Our intent is to get a start on part of the project. Then we will continue upwards as our funds inch toward our goal. DONATIONS ARE GREATLY APPRECIATED. We are grateful for the donations that have already been given. We look forward to getting our 1927 fire truck as well as other large items under cover.

Membership dues may be paid anytime. Such a bargain! The yearly fee of just \$15 for an individual or \$20 for a family covers hundreds of years of stories and connections! Our address is:

Greenfield Historical Society  
P.O. Box 316  
Greenfield/ NH 03047

Once again, the Historical Society is co-

hosting a family program with the Stephenson Memorial Library on Friday, October 29th at 7 PM.

With Halloween just around the corner, "Dark Tales" will be presented by several guest readers. In addition to scaring up some wonderment, light, seasonal refreshments will be served. This is a popular event.

If you have any questions or wish to see the Museum, call Lenny at 547-2198.

## GREENFIELD TRAILS ASSOCIATION

Respect the Trail  
By Arline Guinn, GTA Secretary

Using our local trail network requires RESPECT for the environment, for the people who build and maintain them all year long, and for those who use the trail today, tomorrow, and in future. Following some basic guidelines for the trails on which you travel will go a long way toward creating a positive experience for all users.

◆ Carry garbage out. If you come across trash on the trail, be kind and pack it out.

◆ Pick up your animal's waste products. Even if you feel its "biodegradable", stepping over it can be unpleasant for others.

◆ If you come across obstacles in the trail, like tree limbs, try to remove them to make it safe for other users. If they are too large for you to move, notify a GTA member.

◆ Most local trails are on private or conservation land. Remember that others might be around. Keep your voices low to allow others to have a peaceful experience.

◆ Leave signs and trail markings where you find them so other users will not get lost.

◆ Be aware of and watch for bikers, horses, and other users. Horses spook easily. Step to the side and let them pass first.

◆ Refrain from using trails during muddy/rainy periods. Your tracks can damage them.

◆ Leave the trail as you find it- most trails are laid out in careful consideration

for plant and animal life. It is better to slosh through the mud than to widen the trail.

- ◆ Do not deviate from the trail. It might be considered trespassing.
- ◆ Do not frighten or disturb wildlife or livestock.
- ◆ Trails are a privilege, not a right- ACT RESPONSIBLY!

The Greenfield Trails Association will be holding a Fall trail clean-up day. November 6th (and again on November 13th if unfinished from the 6th). We will meet at the Greenfield Town Hall parking lot at 9:00am. Rain or shine. With the increased usage from hikers, bikers, trail runners, and equestrians, the trails need to be cleared of leaves and fallen branches, along with some minor tree pruning, before the snow falls. It would help the GTA a great deal if other groups that are using the trails could help us out by passing the word.

And be sure to stop by our booth at the Greenfield Elementary's annual Harvest Festival on October 2nd!!

### **SMOKE DETECTORS: A SOUND YOU CAN LIVE WITH**

National Fire Prevention Week is Oct 3-9 this year. Participate with your friends and family by spreading the word about fire safety. This year the focus is smoke detectors. We have become so accustomed to having these devices in our homes that we might overlook them. Despite this they need our attention to function properly. Detectors should be tested every month and batteries changed twice each year.

As a member of the Greenfield Fire Department, I have seen all too many times the devastation fire can incur on people and their homes. Watching a household endure the loss of their most valued possessions is simply heartbreaking. But there's no greater horror than to witness a family suffer the aftermath of one or more loved ones who have perished in a fire. What's most tragic about so many of these incidents, and I must

admit sometimes frustrating, is that the fatal outcomes often could have been prevented with the presence of properly installed, working smoke alarms.

Fire prevention is the easiest way to fight fires. It is hard to keep this in our minds as the media doesn't show film of homes or businesses that are saved due to early detection of fire, or prevention of fire based on use of building code standards and code enforcement. You can help us spread the word about the fire prevention.

Here are two helpful ways to remember to check your smoke detectors:

Change your clocks --- change your batteries" - We change our clocks twice each year. This reminder helps you remember to change the smoke detector batteries when you "spring forward" or "fall back" changing between daylight savings and standard time.

Check your smoke detector when you pay your utilities bill. Electric, phone and fuel tend to be monthly bills. If you think of smoke detectors when you see your PSNH bill, it would serve as a good monthly reminder.

Thank you,  
Aaron Harris

### WALKING TIPS

1. Walk early. Morning is a great time to walk. It's cool and in spring, bugs aren't as active then. It is also the time of day that you will have the most energy.
2. Walk in town where bugs are fewer near paved areas.
3. Take plenty of water. Lack of water can make your body feel weak.
4. Walk with a friend. When you walk and talk, it makes the time and miles go by.
5. Take binoculars and watch the birds.
6. Plan a picnic and walk to a nice place to eat.
7. Walk to work or to the store.
8. Walking has the lowest dropout rate of any physical exercise.
9. Walking as little as 30 minutes a day provides heart health benefits.
10. Try to walk at the same time every day so that it becomes a habit and is integrated into your daily activity.

As noted above, we reserve a limited amount of firewood to meet the emergency needs of qualified Greenfield residents. To inquire about qualifying, interested residents should call the Town of Greenfield's Welfare Officer at 547-3442.

### VOLUNTEERS NEEDED TO SAW & SPLIT NEW TIMBER

We have 20 cords of timber now waiting to be sawn and split for 2011, and our tiny crew would welcome help from volunteers to get it done before the snow flies. Although the pay is poor, we offer use of an hydraulic splitter, professional chain sharpening, and compensation for gas. We will even spring for an Advil for an aching back. If you would like to volunteer, please contact Neal Brown (Home, 603-547-2023; Cell, 508-259-9735; e-mail - [neal.brown@glsynthesis.com](mailto:neal.brown@glsynthesis.com)).

**Thanks for your help!**

## SPIRIT SUBSCRIPTION

Many people, who have moved away from Greenfield, have expressed an interest in receiving the Spirit to keep up with what is going on in town and to learn about their friends. Of course, printing and mailing the Spirit is an expense for the town, so we have decided to make it possible for non-residents to buy a subscription to the Spirit. Residents may also subscribe so that they may have the Spirit mailed directly to their homes.

The Public Works Department has been busy preparing for the close of the summer season by starting the pre-winter grading of roads, and the completion of hauling in winter sand. Several small culvert crossings are scheduled for repair this October as well as several draining upgrades. We have once again gained the assistance of the Hillsboro County Department Corrections Inmate Program, to work in cooperation with the DPW and other town departments. This program allows for the completion of many maintenance projects previously scheduled at a significant savings to the town as the work is provided as a community service. Projects to be completed are painting of the beach house at Sunset Lake, clean up and maintenance of cemeteries, painting at the Fire Station as well as tree work along the roads. The Public Works Department thanks you for your continued support and is working hard to fulfill our mission in providing our residents safer and more accommodating passage on our roads.
